GREAT NORTHERN SEED COMPANY, Rockford, Ill.

BEST
QUALITY

SEEDS

LOW
PRICES

Be Sure to Read these Few Words About Our **RELIABLE NORTHERN GROWN SEEDS**. It has oftentimes been said that, "besides good seeds, good gardeners are necessary in producing a satisfactory crop." We all know how true this is. Seeds of the best quality, sometimes fail through improper treatment by sowing the seed too deep or too shallow, in too wet or too dry soil. Some will germinate rapidly at a certain temperature, while others, if sown under the same conditions, are liable to decay. The young plants are liable to various accidents, cold or dry air may check their growth or destroy them. Insects above and below the ground may attack them and a great many other contingencies may arise to prevent the best seeds from giving satisfaction; and for all these reasons we cannot, of course, guarantee or be responsible for a crop, as success is dependent upon natural causes, which are beyond human control. Therefore we do not warrant in any way, express or implied, the contents, or the description, quality, productiveness, or any other matter of any seeds, bulbs, or plants sold by us, and we will not be in any way responsible for the crop. If the purchaser does not accept these goods on above terms, no sale is made thereof, and he must return them at once, and money will be refunded. Subject to above conditions we make this sale, at the moderate prices at which we sell our goods.

INSTRUCTIONS FOR ORDERING

How to Send Money. By Registered Letter, Post Office Money Order, Bank Draft or Express Money Order. Two-Cent Stamps accepted for small amounts.

We Prepay Shipping Charges on everything quoted in this book except on goods listed on our wholesale pages, Machines and Implements, and in cases where specially noted.

Write Your Name in Full. Postoffice, County and State clearly and distinctly, also your shipping point, if different from Postoffice, on every order.

Make Your Order Very Plain. The same as you would make out a bill. Orders mixed with questions and not properly made out are apt to be delayed.

Correspondence. Have endeavored to make everything as plain as possible in this Catalog, but in case further information is desired, make your wants known in as few words as possible, and on a sheet of paper separate from the order, giving your complete address and enclosing stamp for reply.

Order Early. As we are handling upwards of 5,000 orders each day during March and April, we would request that you send us your order in January or February whenever possible, as you will greatly help us by so doing. All orders are, as a rule, however, shipped same day as received.

SPECIAL

WHOLESALE PRICE LIST

To Large Planters

Terms: Net Cash

1911

At prices quoted in this list, purchaser must pay transportation charges. No charge for bags or boxes

If wanted by mail, add for postage at the rate of 10 cents a pound and 15 cents per quart

Most all Varieties of Seed are Scarce This Year—Order Early. On a number of varieties such as Beans, Peas, Vine Seeds, Tomatoes, etc., we can accept orders only in connection with other seeds. It is our purpose to protect, as usual, the thousands of customers who annually look to us for a general supply of seeds.

Vegetable Seeds of Special Merit

Northern Rust-Proof Wax Bean

Northern Rust-Proof Wax Bean

General Favorite

The Peer of All

Extra Early

Rich Flavor

Buttery

Prolific

Our own original stock, unequalled in size, color and quality of pods, and Superior to all others. This Bean, introduced by us, still continues The Standard Wax Variety for General Use. In this variety we have a Bean that possesses all the good points of the old favorite, Golden Wax, but is larger in pod and much more prolific, handsome appearance, being of a dark, rich yellow color and of perfect shape. Of grand quality, showing no string or coarseness even when past its best, but is of tender and melting flavor at all stages of its growth. Being so exceedingly prolific, it is not injured by Bean rust. For market gardeners or private families no better variety can be planted. Try this great Bean in your garden once, and it will always have a place there. Large pkt. 8c.; $\frac{1}{2}$ pt. 15c.; pt. 25c.; qt. 40c.

New Improved Bush Lima Bean

Has All the Good Qualities of the Pole Lima

Produces More Beans to a Plant, and More

Plants to the Acre than Any Other

Bush Bean Ever Grown

This comparatively new class of Beans cannot be commended too highly. In size it is what might be termed intermediate; not so large as the Burpee Bush Lima, but considerably larger than Henderson's Bush Lima, making it the finest size for all purposes. The bush is sturdy in habit and about 24 inches high, having good, large leaves; it bears its fruit on long spikes in heavy clusters well out from the plant. There are several pods in each cluster—as many as 10 having been counted. Each pod contains on an average of four Beans, though there are more containing five than three, so you see that it is a great improvement over the old-fashioned Bush Limas, which oftentimes have only one or two in a pod. Considering the large number of pods on a bush, the yield is amazingly enormous. In quality the Bean is par excellence, flavor unsurpassed, and color the very best both before and after cooking. Extremely early variety; a continuous bearer. This is the very "Newest" in the Bush Lima Bean. It differs from all others in so much as it produces more Beans to a plant and more plants to the acre than any other Bush Bean ever grown. Very vigorous, upright grower with heavy foliage. They can be grown and gathered much more easily than the Pole Limas, and are fully as good in quality. Every home garden should have at least one planting of these Beans, which we have been many years perfecting, and can recommend them to our hundreds of thousands of friends and customers as being The Very Best. Send to The Great Northern Seed Co. for originators' stock seed; we control the entire product of this new variety, which cannot be secured elsewhere. It has proved itself a most valuable acquisition. Pkt. 8c.; $\frac{1}{2}$ pt. 15c.; pt. 25c.; qt. 45c.

New Improved Bush Lima Bean

For Other Varieties of Beans
See Pages 19, 20 and 21.

New Cuban Asparagus Bean

Cuban Asparagus Bean

The Gem of the Bean Family

All gardeners who have grown these New Beans are unanimous in saying that this is the most delicious, productive and best of any they have grown. Pods grow from two to four feet long; green, tender and palatable. Both ornamental and useful. Grow same as common garden beans. **Pkt. 7c.**

New Chinese Jumping Bean

The Greatest of the Age

A large and most singular appearing nut, resembling buffalo horns, which is known botanically as *Trapa Nutans*. It is a native of China, and is largely used as a food there and in some parts of southern Europe. It is a swamp plant and can be grown in a jar of water, but it is better to have some dirt at the bottom. The growth is quite interesting and rapid and they produce pink single flowers. Can be grown in an aquarium. They are always of poor vitality and are sold mainly as curiosities. These nuts were sold at the World's Fair and elsewhere at 25c. each. We offer pkts. of 3 nuts for only 10c., postpaid.

Chinese Jumping Bean

Lucullus

New Swiss Chard or Silver Beet

This grand new and distinct variety is a great acquisition. The stalks are as thick and broad as Rhubarb. The plants grow to a height of from 2 to 2½ feet, and the stalks are from 10 to 12 inches long below the leaf and 1½ inches broad. The Chard Beets are growing in popularity. As two different dishes can be prepared from a single plant its utility is at once apparent. From our illustration will be noted the thick, broad stalks, as large as Rhubarb, which are prepared and served in the same manner as asparagus. The leaves are used for "greens" considered by many superior to spinach for this use. When grown on rich soil enormous stalks and leaves are produced, exceedingly tender and easily prepared. **Pkt. 4c.; oz. 10c.; 2 oz. 18c.; ¼ lb. 30c.; ½ lb. 50c.; 1 lb. 90c., postpaid.**

LUCULLUS SWISS CHARD.

Half Long Blood Beet

New Half Long Blood Beet

This is an entirely distinct variety and by far the best for winter use. The roots are about one-half as long as the Long Dark Blood, but on account of their thickness weigh quite as much. They are always smooth and handsome, and the rich, dark red flesh is very sweet, crisp and tender, never becoming woody even in portions above the ground. We consider this the most valuable sort of recent introduction. **Pkt. 4c.; oz. 7c.; 2 oz. 12c.; ¼ lb. 20c.; ½ lb. 35c.; 1 lb. 60c.**

Best of all Beet

Best of All Beet

Dark Red. Perfect Shape, Fine Keeper, Quick Grower, Best Flavor, Extra Sweet, Never Woody.

This variety was introduced as an improvement in turnip-shaped Beets for table use, and we have, by careful selection, improved each succeeding crop, until we feel certain that it is by far the best red turnip Beet in cultivation. **The Best Beet.** Not only for market garden-offer will produce a crop more uniform in shape, color and quality than ours, but for the home garden. Tops small, upright, growing so that the rows may be close together; leaf, stems and veins, dark red; blade green; roots globular or ovoid; particularly smooth; color of skin dark blood red; flesh bright red, zoned with a lighter shade; very crisp, tender and sweet. **Large pkt. 5c.; oz. 8c.; 2 oz. 15c.; ¼ lb. 25c.; ½ lb. 40c.; 1 lb. 75c.**

New Korean Cabbage

A gem from the Hermit Kingdom. This is a delicious Cabbage grown very extensively by the Koreans and is regarded somewhat sacred by them. The illustration gives a good idea of the beautiful appearance but does not show the delicate blanching. The flavor is a blending of cabbage and turnip. We believe it will be a very interesting and valuable addition to the family garden. Try it. **Pkt. 5c.**

New Korean Cabbage

Lightning Express Cabbage

Lightning Express Cabbage

The Earliest and Best

The Best Early Cabbage Introduced. The whole plant is finely bred; there is no suggestion of coarseness whatever; the veining of the leaves and leaf stems is particularly fine, the whole head being perfect throughout. It has the peculiarity of heading firmly at an early stage in its growth, so that the finest Cabbage, though small, can be obtained long before it has attained its natural size. Its uniformity in shape and large yield per acre render it particularly valuable to truckers and its compact form and good quality will render it the finest early. Ready to use in sixty days from the time of planting. Heads are of good size, weigh from eight to thirteen pounds, have but few outside leaves and therefore may be planted very close together and yield large crops; always of fine flavor and very solid. We control the entire stock of this earliest of all varieties. **Large pkt. 5c.; oz. 20c.; 2 oz. 35c.; ¼ lb. 65c.; ½ lb. \$1.25; 1b. \$2.00.**

Harvest Home Cabbage

A Superb sure-heading winter Cabbage of most distinct type.

The dark green color proclaims it a vigorous grower. The stalks are short and it heads up close and solid. Heads average 12 to 15 lbs. Fifteen tons an acre is not an unusual yield and greater results have been obtained under favorable conditions. We recommend it to anyone desiring the best Cabbage for fall and winter keeping. **Pkt. 5c.; oz. 18c.; 2 oz. 35c.; ¼ lb. 60c.; ½ lb. \$1.10; 1b. \$2.00.**

Harvest Home Cabbage

Cabbage, New Red Polish

New Red Polish Cabbage

This new red Cabbage is a vigorous grower and quite hardy. The heads are of a dark red color, and are extremely firm and heavy. The outside leaves are somewhat crumpled at the edges, giving the plant a pleasing and rather ornamental appearance. **Pkt. 5c.; oz. 20c.; 2 oz. 35c.; ¼ lb. 60c.; ½ lb. \$1.10; 1b. \$1.90.**

Early Chantenay Carrot

The Best Bunching Carrot

This is the best early Carrot in existence, one which market gardeners should plant for their main early crop. The Carrots grow about 6 inches long, are stump rooted, very smooth, deep red, fine grained, sweet and sugary, and not apt to crack open while growing. Our seed is most carefully selected. **Pkt. 4c.; oz. 8c.; 2 oz. 15c.; ¼ lb. 25c.; ½ lb. 45c.; 1b. 80c.**

New Early Chantenay Carrot

New Early Sunrise Sweet Corn

New Early Sunrise Sweet Corn

The Earliest and Sweetest of all Sugar Corn. A very early Sweet Corn with pure white grain, very tender and of excellent quality. The ears are eight rowed, six to seven inches long and of the medium size found most suitable for the table. The flavor is exceptionally rich and delicious. Our stock has been very carefully selected. **Postpaid, pkt. 7c.; ½ pt. 14c.; pt. 22c.; qt. 38c.**

The Great Coffee Berry

The Great Health Drink, Once Tried Always Used. This makes a delicious, nourishing drink, to take the place of coffee. It is a pure food drink that gives health and great strength to young and old. By all odds the best coffee substitute ever discovered. It has the rich,

brown color of old Java. Thousands pronounce it as good as the best store coffee. One of the hardiest, easiest raised and most productive. **Large pkt. 5c.; ¼ lb. 10c.; ½ lb. 17c.; lb. 25c.**

Coffee Berry

Asparagus Chicory

A good healthy and tasty substitute for the well known "Asparagus" and can be produced from seed planted the first year in abundance. The sprouts of this plant, when cut fresh, boiled in salt-water and served either warm, or as a salad make a most excellent substitute for the genuine article. It can be blanched and eaten raw the same as Celery and is preferred by many to that delicious vegetable. **Pkt. 5c.; oz. 30c.**

New Early Illinois Sweet Corn

New Early Illinois Sweet Corn

Early, Prolific, Sweet, Tender, Good Size. An extra early sort. None earlier with the possible exception of our First-of-All variety. Our own introduction two years ago and thousands of our customers in all parts of this country have written telling us how well pleased they were with this fine new sort, while orders are coming in every day asking us to reserve seed for them again this season. The ears are of medium size, well filled with broad long grains to the very tip. Many of the ears contain 10 to 12 rows of fine, sweet and finely flavored kernels of good quality. Remains a long time in condition to use. Send to us for Extra Fine Seed. **Price, postpaid, large pkt. 7c.; ½ pt. 12c.; pt. 20c.; qt. 30c.**

Asparagus Chicory

New Columbia Celery

The Finest of all for Winter Use.

An early maturing sort unsurpassed in shape and quality. The plant is of medium height but very stocky and heavy. The stalks are thick, almost round, resembling in shape those of Giant Pascal; the color has in it more of the rich yellow tint of Golden Yellow Self Blanching, which variety it resembles very much in appearance when trimmed and bunched for the market. Its quality is certainly exceptionally fine. **Pkt. 5c.; oz. 35c.; 2 oz. 65c.; ¼ lb. \$1.25.**

New Columbia Celery

New Early Klondike Cucumber

New Early Klondike Cucumber

The Famous Klondike Cucumber, unequaled for uniform size, color and productiveness. In addition to this it comes into bearing very early, continuing right through the season until killed by frost. Always straight—never turning yellow. Best for the table, for market and for pickling. It is a hybrid of the White Spine type, averages 6 to 7 inches long, the ends are quite square, and is about 2 inches thick. Wherever it is sold to market gardeners it has become their main crop, and the demand for it is growing rapidly. The fruit is firm and hard and keeps in prime condition a long time after picking. **Pkt. 4c.; oz. 9c.; 2 oz. 17c.; ¼ lb. 30c.; ½ lb. 50c.; 1b. 90c.**

New Lemon Cucumber

Surprisingly Delicious.

The Lemon Cucumber is nearly round, the skin is smooth with yellow and green markings. The fruit grows from 2½ to 3 inches in diameter, flesh is tender and has a flavor surpassing all other cucumbers. It is excellent for pickling either green or ripe. For table use they should be used just as the fruits are turning yellow. It is a new novelty and we are sure, after once tested, that it will be planted every season, for the quality and productiveness is sure to please everyone. **Pkt. 5c.; oz. 18c.**

New Tree Egg Plant

Sturdy, Compact, Prolific. The bush grows tall and stocky, branching freely, holding its fruit up well from the ground. The fruit is of a beautiful dark purple color, fine size, extra early, bearing for a long season and keeps well. The quality is the very best and considering all points we think this is a wonderful Egg Plant. **Pkt. 5c.**

The Ground Cherry

Often called Husk or Strawberry Tomato. A Splendid Preserving Fruit.

The fruit has a pleasant strawberry-like flavor, and is much relished raw, but generally used for preserves, for which it is excellent. The small yellow fruits are enclosed in a husk or covering, and when ripe are half an inch in diameter. They are easy to grow and do well on almost any dry soils. Plants of low spreading growth and immensely productive. **Pkt. 5c.; oz. 25c.**

Japanese Climbing Cucumber

Vines of vigorous growth, and throw out strong tendrils, which enable them to climb trellises, wire netting or brush. Comes into bearing quickly. The fruit grows perfectly straight, from 12 to 18 inches in length. Thick, tender, and of delicate flavor. Flesh pure white. When young make attractive pickles. **Pkt. 5c.; oz. 10c.; 2 oz. 18c.; ¼ lb. 30c.; ½ lb. 55c.; 1b. 95c.**

JAPANESE CLIMBING CUCUMBER

Nest Egg Gourd

Japanese Nest Egg Gourd

The Best and Cheapest

This interesting Gourd produces white fruit exactly the size and shape of a hen's egg. The matured fruit does not crack, and will serve for years as a nest egg, for use in darning stockings, or for ornamental purposes. The vine is a rapid grower, useful for covering screens or trellises. **Pkt. 4c.; oz. 12c.**

Japanese Dishcloth or Luffa Gourd

Ornamental enough for a house vine and very useful. Fruit enormous, two feet in length and borne in great profusion. The lining of mature fruit, when washed and bleached, is porous, tough, elastic, sponge-like, making the nicest cleanest substitute for dish cloths, and bath sponges imaginable, besides being useful for various articles of fancy work. **Pkt. 4c.; oz. 20c.**

New Garden Huckleberry

New Garden Huckleberry

Grows From Seed the First Year
For Pies and Preserves

A new fruit that belongs to the same family botanically as the Tomato, Egg Plant and Potato. In South Dakota it is known as "Stubbleberry" and is very popular in that section. It is easily grown from seed the first year, and should be planted, treated and cultivated the same as Tomatoes. Start the seed in a box or pan or hot-bed in early spring, and when danger of frost is passed plant outdoors. It is very prolific, yielding an immense crop of fruit, and is not hardy, but must be planted each season from seed. The fruit grows as large as a gooseberry and, in our experience, they should not be picked until thoroughly ripe. Even after the frost, they are better, for they cook up finer. If cooked with apples, lemon or anything sour, they certainly make finest jelly and pies, and can also be used for making home-made wine. You will be delighted and astonished with this easily grown wonderful novelty. **Send Your Order To-day. Price, postpaid, pkt. (100 seeds,) 8c.; oz. 60c.**

New Blue Berry

This new fruit never fails to bear large crops, no matter whether the season is wet or dry. It is splendid for Pies, Jams and Sauce, but cannot be used before cooking. In preserving proceed exactly as you would with other fruits using sugar freely and adding a few slices of Lemon, Apples, Rhubarb or something tart to flavor and it is indeed fine. Plant the same as you would Tomato seed. **Pkt. 7c.**

New Garden Lemon

One of the Greatest Novelties of Recent Introduction. Resembles the Mango Melon in manner of growth, but is distinct in that the unripe fruit is striped with dark green spots, nearly black, and when ripe is not russeted like the Mango Melon. Fruit of shape shown in illustration, a trifle smaller than Mango Melon. Has a finer flesh and most desirable acid flavor, thus dispensing with sliced lemon, which is so important in putting up the Mango Melon. Unexcelled for general canning purposes. Cultivate similar to Musk Melon, in hills three feet apart each way. It is such an enormous yielder that it will prove a very profitable crop to grow for market purposes, and will give unbounded satisfaction for all family uses. True stock seed. **Pkt. 5c.; oz. 25c.**

Columbia Lawn Grass Mixture

A beautiful green lawn in six weeks from sowing. The best Grass Seed offered for Lawns, Parks, Athletic Grounds, Cemeteries, Golf Links, etc. Forms a thick, velvety green turf in four to six weeks. **See Page 60 for prices, etc.**

"Bon Ton" Lettuce

The Best Keeping Lettuce Known

A crisp variety, sometimes cabbage-like in growth, but generally decidedly more bunching than cabbaging; marketable at an intermediate season, but late outdoors in attaining fullest development; very large; slow to shoot to seed. Plant fairly compact for so large a sort, and consisting of a dense, well-blanching cluster of leaves, rounded to broadly V-shaped in form, its innermost heart leaves generally curving over one another and forming an incomplete concealed cabbage-like head, partially visible at the top of the plant. Leaves very broad, excessively blistered, crumpled and twisted into large coarse folds; also very thick and stiff with heavy veins and large, protruding midrib; broadly but shallow crenate at margins; decidedly undulate at borders. Color very light green, never spotted nor brownish in any part. Seeds large, whitish; Pkt. 5c.; oz. 10c.; 2 oz. 18c.; ¼ lb. 35c.; ½ lb. 60c.; 1b. \$1.00.

New Lettuce

Earliest "Wayahead"

A remarkable combination of earliness, firm heading character, handsome appearance and fine quality. Its closely folded head affords the maximum quantity of finely blanching inner leaves which are of firm, "buttery" texture. The outer leaves are a light green, with the entire head finely blanching to a rich buttery-yellow tint. "Wayahead" stands a longer time before running to seed than any other early variety. Pkt. 5c.; oz. 10c.; 2 oz. 18c.; ¼ lb. 35c.; ½ lb. 60c.; 1b. \$1.00.

Wayahead Lettuce

New Lemonade Plant

Lettuce. New York.

New York Lettuce

IMMENSE HEADS AS SOLID AS A CABBAGE
Blanches Beautifully; Crisp, Tender and Free
From Bitterness.

Grand new Head Lettuce, sometimes called Wonderful. A very large head variety, excellent for furnishing fine crisp, well-balanced Lettuce during the hot summer months. Plants are rich dark green, growing more than 15 inches in diameter. Heads stand for quite a long time, even in hot summer, before running to seed. Pkt. 3c.; oz. 7c.; 2 oz. 12c.; ¼ lb. 20c.; ½ lb. 35c.; 1b. 60c.

New Lemonade Plant

Both Useful and Ornamental

This is an annual plant easily grown from seed. It grows very rapidly bearing a fruit that resembles the Scarlet Poddied Okra, which is used for making jelly and jam; and considered superior to Guava or Currant in this country, and large quantities are shipped from Australia to all parts of Europe and labeled as "Queensland Jelly." The whole fruit being used just as it is picked, when about three parts grown and the size of a large hazel nut, placing same in a kettle with about water enough to cover half to three-quarters of the fruit, boil and proceed as in making other jelly. It is the outside husks that make the best part of the jelly, the seed and shell holding same being all that is left after straining into bag. Packet 8c. or 3 packets for 20c.

The Famous Rocky Ford Musk Melon

Unsurpassed in Luscious Flavor

Always brings the highest price on the market. Most desirable size. Ideal for desert. A healthy vigorous grower. Exceedingly prolific. This is an improved strain of Netted Gem, growing a little more oblong in shape. **Originated at Rocky Ford.** It is the most popular of all Melons for shipping in baskets. The fruit is oval and slightly ribbed, and densely covered with a fine netting. It has a thick flesh; very sweet; finely flavored. They will grow very uniform in shape and color. Very productive. **Selected Stock Seed. Large pkt. 4c.; oz. 10c.; 2 oz. 15c.; ¼ lb. 25c.; ½ lb. 40c.; 1 lb. 70c.**

Famous Rocky Ford Melon

The Davis Grand New Salmon-Fleshed Musk Melon

This new Melon is at least ten days earlier than Osage. Has a more vigorous vine, and because of its vigorous growth is a great yielder. The fruit is about six inches in diameter round or slightly elongated, slightly ribbed. Color, a peculiar pea green, with netting a lighter shade. The flesh is firm, fine grained, of a rich salmon or red color. In flavor it even surpasses the best grown Osage or Emerald Gem. The flesh extends to the rind and retains its color and quality quite to the outer shell. The flesh is thick, very thick, considering the size of the Melon, leaving a small seed cavity. It is delicious and melting. **Pkt. 5c.; oz. 15c.; 2 oz. 25c.; ¼ lb. 45c.; ½ lb. 80c.; 1 lb. \$1.50.**

Hoodoo Musk Melon

Hoodoo Musk Melon

Fine For Home or Market

SURE CROPPER

SPLENDID SHIPPER

(Orange Flesh.) This new Melon bred and named by Mr. Paul Rose, the Melon specialist, is claimed to be an ideal basket and crate Melon. The Melons are of medium size, round, heavily netted, flesh very thick, of rich orange color, handsome appearance and of the sweetest flavor. Average weight of Melon 1½ pounds. The seed cavity is small and the rind is very tough, making it a good shipper; its vine is a vigorous grower and a heavy cropper. A good medium sized Melon for both home or market gardener. **Pkt. 4c.; oz. 10c.; 2 oz. 18c.; ¼ lb. 35c.; ½ lb. 60c.; 1 lb. \$1.00.**

Long Island Beauty Melon

Long Island Beauty Musk Melon

(Green Flesh.)

This is a new variety of the Hackensack type. It was originated on Long Island. Fruits of large size, well flattened, heavily ribbed and netted. Of very handsome appearance and fine quality. Most highly recommended. It is claimed for this variety that it is as early as Extra Early Hackensack and is a must better Melon; the flesh is thicker and sweeter. The lobes are wide and the netting is very heavy. It is a fine, luscious Melon. **Pkt. 4c.; oz. 12c.; 2 oz. 20c.; ¼ lb. 35c.; ½ lb. 65c.; 1 lb. \$1.25.**

Monte Cristo Water Melon

Best for Eating, for Growing, and for Shipping.

The Sweetest Flavored Melon in the World. The largest early Water Melon to mature, ripening in the remarkably short period of 65 to 80 days, and weighing, under ordinary cultivation, 60 pounds.

The greatest yielder. The juiciest crispest and most solid Melon ever produced, never having a hollow or pithy center when ripe. The easiest to sell on the market, for when once tried people will have no other. Many of our customers have written us that they have cleared \$150 per acre by growing **Monte Cristo Melons**.

Under average cultivation you can do as well or better.

Will you not try it this year? It is a grand, good shipper; has a firm, solid rind, not too thick, yet it will stand the most severe handling. The outside skin is of a rich, dark green color, shaded with faint stripes of a somewhat lighter

color. Certainly the finest appearing Melon ever grown for market, shipping or table purposes. We already have large advance orders from customers who have planted Monte Cristo in past seasons, and we would advise all who care to plant this "King of all Melons" to place their orders as early as possible. Send to us for choicest stock seed of **MONTE CRISTO MELON**. The price is within reach of all. Large Packet 8c.; oz. 15c.; 2 oz. 25c.; ¼ lb. 45c.; ½ lb. 80c.; lb. \$1.50.

Iceberg Water Melon

A Fine Shipper and A Big Bargain

It may be described as a distinctly improved form of the old celebrated Kolb's Gem, which has never been excelled as a shipper. It resembles Kolb's Gem in shape, size and appearance, but is darker in color, both outside and inside. Where it rests upon the ground it is yellow, while Kolb's Gem is white. The outside of the new Melon is dark green, with lighter marking, but the general effect is dark. The flesh is deep red and very sweet. The rind is comparatively thin, but remarkably tough and not disposed to crack. We recommend Iceberg for shipment to distant markets. The excellence of Kolb's Gem, especially as a profitable shipper, is so well known that Iceberg should at once be in very wide demand for commercial purposes. Pkt. 3c.; oz. 6c.; 2 oz. 10c.; ¼ lb. 15c.; ½ lb. 25c.; lb. 40c.

Iceberg Watermelon.

New Water Melon Tom Watson

BEST
LOWEST PRICES
SEEDS

Best Quality, Fine Shape, Large Size, Good Shipper.

The "Tom Watson" is an extra long Melon of attractive appearance, uniform in shape and quality; the luscious crimson flesh is "as sweet as honey," melting and of superb flavor. The average

Melon will weigh 35 to 40 lbs. and measure about 28 inches long and about 12 inches in diameter. The skin is dark green, with thick netting all over, quite distinct from other varieties. It originated in Georgia, a state noted for producing fine Watermelons, and this new variety is a good example of what a first class Watermelon should be. Its appearance and quality strongly recommends it both for home use and for market. Pkt. 8c.; oz. 15c.; 2 oz. 25c.; ¼ lb. 45c.; ½ lb. 80c.; lb. \$1.50 postpaid.

Tom Watson Watermelon

SEEDS

Apple Pie Melon

This is a novelty which will be appreciated in many sections of the country and especially so during the seasons when apples are scarce or high in price. The vine and fruit are quite similar to a Water Melon and they are easily grown on any good soil. Each vine produces from five to fifteen fruits, and one of the large size Melons will make as many pies as a half bushel of apples. We have estimated carefully in our field that one vine would produce an average of about 300 lbs. The flesh is white, solid throughout, and of excellent quality for making pies, sauce, preserves, etc., and it resembles apples in flavor. They keep nice and fresh all Winter, so that they can be used at any time and any surplus you may have can be fed to the live stock. In fact, it would pay to raise them for this purpose alone as they can be kept and fed fresh all Winter. **Pkt. 5c.; oz. 10c.; 2 oz. 18c.; ¼ lb. 30c.; ½ lb. 50c.; lb. 90c.; postpaid.**

Citron Melon

The New Citron Melons

Red Seeded—Used exclusively for preserves. Slightly striped, round. Extremely productive; splendid flavor. **Pkt. 4c.; oz. 8c.; 2 oz. 15c.; ¼ lb. 25c.; ½ lb. 40c.; lb. 75c.**

Green Seeded—The best of the Citrons, makes beautiful preserves of unsurpassed flavor. **Pkt. 5c.; oz. 10c.; 2 oz. 15c.; ¼ lb. 25c.; ½ lb. 45c.; lb. 80c.**

See Pages 8, 9 and 17 for Other Fine Preserving Fruits.

The Mango Melon or Vegetable Peach

Another splendid novelty of late introduction, very striking in color, most wonderful yielder. Vines of Garden Lemon and Mango Melon are somewhat smaller than the Musk Melon vine, though requiring same cultivation. Fruit is about the size of an Orange, orange shaped; and a bright orange color, somewhat russeted. For sweet pickles, pies or preserving they are splendid. In the West or Northwest, where fruit is scarce, they are rapidly becoming popular, as they are easily cultivated, enormously productive, and can be used in every way as the Peach, except that they are not quite as sweet. You will certainly be pleased with it. **Pkt. 5c.; oz. 25c.**

Onion

The Prizetaker Onion has proved itself to be the greatest acquisition in years. The very largest, handsomest, finest-flavored of all, and always grows to a uniform shape, which is a perfect globe. Has a very small neck, and always ripens up large and without any stiff neck. The Prizetaker has produced the seemingly fabulous yield of 2,000 bushels per acre. Many are offering Spanish King and similar varieties under the name of Prizetaker. Our own growth choicest Northern grown, high-grade pedigree stock seed; **Pkt. 4c.; oz. 12c.; 2 oz. 18c.; ¼ lb. 30c.; ½ lb. 55c.; lb. 99c.**

New Early Rose Onion

New Onion—"Early Rose"

The Onions are quite flat in form, thin-necked and ripen most evenly. They measure from two and one-half to four inches in diameter, with a thickness of one inch from top to bottom. The skin is of thin paper-like texture, pinkish rose in color; flesh white, flushed with pink, crisp, sweet and entirely free from any bitter taste. This new Onion is entirely distinct from any variety previously known. We are sure that planters will find it a more satisfactory variety than the Bermuda Onions for northern planting in the spring, and equally as good if not really superior for fall planting in the warmer Southern States. **Pkt. 4c.; oz. 12c.; 2 oz. 22c.; ¼ lb. 40c.; ½ lb. 75c.; 1b. \$1.35.**

MAMMOTH SILVER KING

The King of White Onions

Sweet, Tender and Mild. The largest white Onion—grows to a remarkable size. The bulbs are of attractive form, flattened, but thick through. The average diameter of the Onion is from five to seven and one-half inches, thus making the circumference from fifteen to twenty-two inches. Single bulbs often attain weights of from two and one-half to four pounds each. The skin is of a beautiful silvery white; the flesh is of a snowy white, and of a particularly mild and pleasant flavor. So sweet and tender is the flesh that it can be eaten like an apple. Matures early, and is of large size and perfect form. **Pkt. 5c.; oz. 12c.; 2 oz. 23c.; ¼ lb. 45c.; ½ lb. 80c.; 1b. \$1.50.**

New Mammoth Virginia Peanuts

Earliest, Largest and Most Prolific

Peanuts can be successfully grown in almost any place where corn succeeds. Every part of the peanut is useful. The vines are a valuable feed for horses, cattle and sheep. An acre will produce

from one to two tons of vines. The nuts are relished by nearly everyone and in the South are fed to the farm animals and poultry. The nuts contain a large per cent of rich nutriment. Peanuts do best on a light sandy soil, but any open soil will do. The ground should be plowed deeply and thoroughly harrowed. Careful tillage is important. All weeds and grass should be killed to give the plants all the food in the soil. Seed peanuts should be carefully hulled to prevent breaking the skin on the kernels. They should be planted in rows

two and a half to three feet apart and ten to twelve inches apart in the row. Cover with about two inches of earth. When they are matured, pull them up and expose to the sun for a few days. **Pkt. 5c.; ¼ lb. 10c.; ½ lb. 15c.; 1b. 25c.; 5 lbs. \$1.00, postpaid.**

New Bountiful Pea

The Earliest Pea in the World

New Bountiful Pea

7c.; ½ pt. 15c.; pt. 25c.; qt. 40c.

Ready for picking in 40 days. 10,000 bushels sold annually. Wonderfully productive, superior cropper, unequaled shipper. Handsome appearance.

Where earliness, productiveness, large sized pods and sweetness of flavor are desired, this is the variety to grow; it may be truly called **Blooded Stock of Them All**. Finest Early Peas, and stands at the head for the above fine qualities; in a favorable season ready for market in 40 days. The entire crop can be taken off in two pickings. To the market gardener, earliness is of the greatest importance, as even a few days makes a great difference in price, often a depreciation of from \$2.00 to \$4.00 per barrel; the inexperienced find this out when to late, therefore, the earliest is what is required, and **NEW BOUNTIFUL IS THAT VARIETY. SOW THEM. YOU WILL MAKE NO MISTAKE. Large pkt.**

New Perpetual Pea

Perpetual Pea

Perpetual pea is everything its name implies. It grows about 2½ to 3 feet high, is of strong robust habit, a good cropper, and, to secure best results, requires sticks or brush. After removing the pods as fast as they are filled it will continue to bear right throughout the season. This one feature makes it especially desirable for the home or family garden. It is certainly a most remarkable everbearing pea. **Pkt. 8c.; ½ pt. 15c.; pt. 26c.; qt. 45c.**

New Tomato Peppers

New Variety of Our Own
Introduction.

This unique Pepper is new, true and distinct and entirely novel. Plants grow only one foot high, with a few short, compact branches, around which the fruits are compactly set and partly hidden by luxuriant foliage. Requires but small space. Fruit the size and shape of a small Tomato which it closely resembles in all respects. We offer the two best varieties and distinct colors.

**New Ruby Red, pkt. 5c.
New Golden Yellow, pkt. 5c.**

Tennessee Sweet Potato Pumpkin

A magnificent pear-shaped variety of fine size, a little ribbed; color creamy white, sometimes striped with green. Has no superior for making pies and custards; when cooked it has somewhat the appearance of sweet potatoes, but of more delicious taste. Flesh thick, creamy white, remarkably fine grained, dry and brittle, hardy and productive, and keeps perfectly sound until late in the Spring. **Pkt. 4c.; oz. 8c.; 2 oz. 15c.; ¼ lb. 28c.**

Potatoes from Seed

New and Rare Varieties Carefully Mixed Together

Growing Potatoes from seed is very interesting work. Our foreign traveler has picked up seed from all parts of Europe, Chili, Mexico, South America, and some portions of Africa. The new varieties are carefully mixed together and cannot help but please. Plant in house same as you would flower seed. Water sparingly, keep in warm, sunning place. When 3 inches high transplant out doors when frosts are past in rows 2 feet apart—1 foot apart in row. Keep weeds down and cultivate regularly. Tubers will grow from ½ inch to two inches first season. Dig these, and plant them again the following spring same as ordinary Potatoes. The results will surprise you. **Pkt. 10c.; 3 for 25c.; 7 pkts. for 50c.; 15 pkts. for \$1.00; 100 pkts. for \$5.00 postpaid.**

Potato Seed Bulb
One Fourth
Life Size

Rockford Market Radish

The Best Long Early Radish

The extraordinary earliness is remarkable in view of the fact that it grows to such a fine size. The shape is regular, smooth and nearly conical being intermediate between the half long and extra long sorts. In brightness of color it is quite unique, being the handsomest scarlet we have yet seen in a Radish, and tipped at the end of the roots with just enough white to present an ideal appearance. Crisp, tender and juicy. Pkt. 4c.; oz. 10c.; 2 oz. 15c.; $\frac{1}{4}$ lb. 25c.; $\frac{1}{2}$ lb. 40c.; 1b. 70c.

The quality of our Radish Seed is unexcelled, as it is saved from transplanted roots only.

New Rosy Gem Radish

For Home or Market Use

A handsome turnip Radish, a great favorite in many markets and for early planting outdoors, will give entire satisfaction where extreme earliness is not the object. Roots slightly flattened on the under side, color very dark scarlet, with a white tip; flesh white and of the best quality. One of the best either for home or market use. Pkt. 3c.; oz. 6c.; 2 oz. 10c.; $\frac{1}{4}$ lb. 15c.; $\frac{1}{2}$ lb. 25c.; 1b. 45c.

New Rosy Gem Radish

New White Dresden Radish

A Grand New Variety from Germany

Here is a splendid variety! We grow it extensively on our Seed Farms and it proves a revelation to everyone. Thousands of our customers from every part of the country testify to its good qualities. When planted under ordinary conditions the first of May it is ready for the table the first of June. The tops are small and admit of the closest planting. As will be seen by the illustration, the radishes are perfectly round and smooth, while they have an attractive white skin. The flesh is crisp, white, juicy and of the finest flavor. Market gardeners can either grow this new Radish in the garden or force it and depend upon an early, perfect, uniform crop. Pkt. 4c.; oz. 8c.; 2 oz. 15c.; $\frac{1}{4}$ lb. 25c.; $\frac{1}{2}$ lb. 40c.; 1b. 70c.

Faxon's New Brazilian Squash

Faxon's New Brazilian Squash

Long Keeping Variety of Great Merit

This promising new winter Squash is well shown in the accompanying illustration. Fruits are oval in form, being the largest on the stem end. One of the most reliable varieties and can always be depended on to make a crop. Outside color varies from dark green to orange. Very prolific in habit, quality dry and rich, without regard to the size, coloring or time of ripening of fruit—something entirely different in this respect from any other Squash. Flesh thick, dry, rich and sweet, deep orange in color and very fine grained. It is a splendid keeper throughout the winter and its superb quality is most highly prized by all who have tested it. Large pkt. 4c.; oz. 8c.; 2 oz. 15c.; $\frac{1}{4}$ lb. 25c.; $\frac{1}{2}$ lb. 40c.; 1b. 75c.

TO LARGE GROWERS

If you buy ten pounds of any variety, ask for special price. We can save you money on every deal. Over 100,000 customers are with us. Our great pedigree Seed is the brightest, freshest obtainable, and we advise early orders, as we cannot keep these Bargain Offers open after our own growth of seed is exhausted.

Rockford Market Radish

New White Dresden Radish

Mammoth Whale Squash

MAMMOTH WHALE
"The Jumbo"
 of the Squash family

The Largest of All

We can fully claim to have the best strain of this variety in the market; certainly there is no better. Rather flat at both ends. Single specimens have grown to enormous weight of 300 lbs. Outer color rich orange yellow; flesh is very thick and of yellow color; quality good, very nutritious, making it exceptionally valuable for all family and market purposes. Its size makes it profitable to grow for stock feeding also. **Pkt. 5c.; oz. 15c.; 2 oz. 25c.; ¼ lb. 40c.; ½ lb. 75c.; 1 lb. \$1.25.**

For Further Varieties Radishes and Squash See Pages 41 and 42.

Strawberries from Seed

New Hybrid Varieties of Rare Merit

Growing **Strawberries from Seed** is intensely interesting and fascinating as the seeds germinate rapidly and the young plants frequently began to bear fruit when four months old, and continue to produce an abundance of the finest flavored fruit until late in the Fall. Seeds sown early in April will give ripe berries in late July. The greatest pleasure of sowing seed is due to the fact that they will produce innumerable kinds, colors, shapes, sizes, forms and qualities. Some may be of immense value. This incomparable mixture contains choice selections from the U. S., Germany, Chili, Switzerland, South America, France, Africa, Mexico and Europe. This great variety makes your bed practically **Everbearing** and you are not without fruit the season through. Hardy most everywhere. A packet of seed should produce 40 to 50 plants. **Large pkt. 10c.; 3 pkts, 25c.**

New Early June Pink Tomato

An Ideal Variety for All Purposes.

Ripens as early as Spark's Earliana and ten days to two weeks earlier than Chalk's Early Jewel. It is an enormous bearer, clusters of six to ten fruits being borne both at the crown and at the forks of the branches. The fruit is of medium size, uniform, smooth and attractively shaped, without cracks or any green core. It will average 2¾ to 3 inches in diameter and 2 to 2½ inches in depth. The skin is reasonably tough, so that it is excellent for shipping. In color it is a bright, pleasing pink, and in markets where a pink Tomato is desired will bring 25 per cent more in price than any red variety. In shape the June Pink is smooth, well formed and extremely deep from stem to blossom, making it unusually heavy. It ripens evenly to the stem, and is without ridges or cracks; it has great meatiness and few seeds. It is firm without being hard, an unrivaled home Tomato, an unequalled shipper and its unusual solidity, few seeds and desirable form for rapid peeling without waste, makes a most desirable canning variety. **Large pkt. 8c.; oz. 25c.; 2 oz. 45c.; ¼ lb. 85c.**

New Early June Pink Tomato

Buckbee's Beefsteak Tomato

Acknowledged the Best

Buckbee's Beefsteak Tomato

MATURES EARLY, HARDY GROWER, A SPLENDID SHIPPER, ENORMOUSLY PRODUCTIVE, HANDSOME COLOR, THE BEST KEEPER, LARGE SIZE, BEST OF ALL. Nothing in the way of a Tomato Creation has ever achieved, in so short a time, the tremendously excellent reputation that has come to the Beefsteak. Growers from every section of the wide world have sent in unsolicited praise, and the tests to which they have subjected it leave no room for doubt that it has all the qualities required in a Tomato. Bears fruit which in size, shape, color, solidity and quality is far ahead of the noted later kinds, and by repeated trials at Rockford and elsewhere, has demonstrated that it ripens up a larger portion of its crop the earliest of any variety. **Earliest Good Tomato.** Gardeners and Tomato fanciers will readily see the advantage obtained over their competitors by growing Buckbee's Beefsteak. We do not hesitate to pronounce it the largest, smoothest, best flavored and highest colored early Tomato. Vine medium size, leaved just enough to protect the fruit, which is produced in abundant clusters reasonably low down on the stem and ripening all together. **Pkt. 10c.; 3 pkts. 25c.; oz. 60c.; 2 oz. \$1.10; ¼ lb. \$2.00; ½ lb. \$3.50; 1b. \$6.00.**

Burbank's New Grape Tomato

Fruits in Four Months From Seed.

While in search of new varieties of vegetables, fruits and flowers, we discovered this **Tomato Grape**, and at once arranged for a supply of seed to offer our customers this year. It is an annual which propagates easily from the seed and the growth of the vine is astonishing. It somewhat resembles the Tomato, but its habits of growth is more like the Grape. Of a handsome red color, having the flavor of the Tomato. The fruit is excellent for preserving and using in various ways. **Pkt. 6c.; 3 pkts. 15c.; 6 pkts. 25c. postpaid.**

Sunberry

New Perfected Sunberry

The Latest and Greatest Creation in New Fruits

An improved strain selected from the great Wonderberry, and for size, flavor and productiveness is far ahead of the original type. Plants not only begin to ripen fruit earlier, but continue to ripen great quantities until checked by hard frosts. The foliage of the new perfected Sunberry makes most delicious greens, and is well worth growing for this purpose alone. **Large pkt. 10c.; 3 pkts for 25c.**

Burbank's New Wonderberry

A Wonderful Creation in New Fruits

Fruit more like a great, rich, luscious, blueberry than anything else. Blue-black in color, fine in flavor and unsurpassed for eating raw, cooked, canned or preserved in any form. It is easily the greatest garden fruit ever introduced, and equally valuable for the North, South, East or West, or, in short, any part of the world. Easiest plant in the world to grow. Succeeding anywhere and yielding great masses of rich fruit all Summer and Fall. The greatest boon to the family garden ever known. Everybody can have this grand fruit at small expense, as one or two packets of the seed will be sufficient for any ordinary garden and produce all the fruit wanted. Price of seed **Pkt. 7c.; 4 pkts. 25c.; ½ oz. 60c.; oz. \$1.00.**

Wonderberry Plants

We can also supply a limited number of nicely started Wonderberry Plants at 10c. each; 3 for 25c.; 75c. per doz., postpaid.

Burbank's New Wonderberry

Asparagus

BEST
LOWEST PRICES
SEEDS

Asparagus is the most delicious, healthful and desirable of the earliest spring vegetables, and would be grown in every garden, were it not for the mistaken idea that it is difficult to grow. The truth of the matter is that it can be grown very easily and cheaply, even by inexperienced people. Grown from our seed, your Asparagus will make you more money than any other item of your garden.

New Perfection. This is unquestionably the most valuable new variety ever offered to the public and is by long odds the most satisfactory introduction of recent years. At three years old this variety has yielded at the rate of \$500 per acre. In short it has all the qualities demanded for the market and will prove itself to everyone who grows it to be true to its name Perfection. It is deliciously tender, extra large, early, uniform, prolific, crisp and white. Postpaid pkt. 5c.; oz. 10c.; 2 oz. 16c.; $\frac{1}{4}$ lb. 30c.; $\frac{1}{2}$ lb. 55c.; lb. \$1.00.

Columbian Mammoth White. A very distinct and valuable Asparagus. The crown or bud of the young stock is nearly white, further distinguishing the variety. Postpaid pkt. 4c.; oz. 7c.; 2 oz. 12c.; $\frac{1}{4}$ lb. 18c.; $\frac{1}{2}$ lb. 34c.; lb. 60.

New Palmetto. This new Asparagus, from South Carolina, is now very extensively grown by Southern gardeners for New York and Philadelphia markets, where it sells at a very high price, owing to its mammoth size and regularity. Although of Southern origin, it is equally well adapted to North or South. Postpaid pkt. 4c.; oz. 6c.; 2 oz. 10c.; $\frac{1}{4}$ lb. 15c.; $\frac{1}{2}$ lb. 26c.; lb. 45c.

Donald's Elmira. This new variety, called by some Vick's Mammoth, is attracting a great deal of attention throughout the country, originating with Mr. Donald, a leading market gardener of Elmira, N. Y. The stalks are exceptionally tender

Asparagus Roots

Grown From Choicest Pedigreed Stock Seed

On many occasions we have received requests from our customers to furnish Extra Large Sized Asparagus Roots. To meet this demand we have grown a few acres of these roots, which are particularly adapted to the home garden or those gardeners who desire immediate results.

Extra Large Three and Four Year Old Roots

Our price on Extra Large Sized three and four year old roots for any of the six varieties listed on this page only \$1.50 per 100; \$12.50 per 1,000; shipped by express or freight not prepaid.

If for any reason roots are desired by mail, postage must be added at the rate of \$1.00 per 100 to prices quoted above.

Selected Two Year Old Roots

A saving of two to three years is effected by planting roots. Those offered below are Select, Strong, Two-year-old Roots, and we are confident they will please you in every way. Don't be misled in planting One-year-old or inferior Roots. The following low prices are for Roots carefully packed and shipped by express or freight not prepaid, with the exception of the price per dozen which is postpaid.

New Perfection. Doz. 30c.; per 100, \$1.00; per 1,000, \$7.50.

Columbian Mammoth White. Doz. 20c.; per 100, 60c.; per 1,000, \$5.00.

Donald's Elmira. Doz. 20c.; per 100, 60c.; per 1,000, \$5.00.

New Palmetto. Doz. 15c.; per 100, 50c.; per 1,000 \$4.00.

Conover's Colossal. Doz. 15c.; per 100, 50c.; per 1,000, \$3.75.

Barr's Mammoth. Doz. 15c.; per 100, 50c.; per 1,000, \$4.00.

If for any reason roots are desired by mail, postage must be added at the rate of fifty cents per 100 to prices quoted.

Are Northern

Grown

Artichoke Roots

Artichoke Roots

The Greatest Hog Food Known

Artichokes are attracting much attention on account of their fattening properties, over one thousand bushels having been grown on one acre. They need planting but once and little or no culture after the first year. Cut as potatoes, only smaller; plant in rows three and one-half feet apart. Plow deep, plant shallow, say two inches. The second year, break up the ground as for Corn; they will come up thickly all over the surface. Three to five bushels will plant an acre. Not only are they valuable for hogs, but are an excellent food for cattle, sheep and horses. Fed to milch cows, they are valuable for the production of milk, being equal if not superior to bran. Prices lb. 30c. or 3 lbs. 75c. postpaid. By express or freight not prepaid, $\frac{1}{4}$ bu., 60c.; bu., \$1.75; 3 bus., sufficient for one acre, \$5.00.

GREAT NORTHERN
EARLY VALENTINE

Best Snap Beans

Green Pod Varieties
Great Northern Early Valentine
 Without Exception the Finest Green Poddled
 Snap Bean Grown Today

For snaps there is nothing superior to this variety among the green podded sorts and many prefer it to the wax varieties. Vine erect, with coarse, dark green leaves; pods medium length, curved cylindrical, with crease in back, very fleshy, crisp, and tender; seed long, of medium size and unsymmetrical in shape, pink, marbled with red. Lack of symmetry of seed in this variety is an indication of superior fleshiness and good quality in the pods. We know of no stock of Red Valentine which can be compared with that we offer in uniformly high quality of pod. We have carefully tested a great many strains claimed to be improvements, both in trials and in large fields, and have found none that we are willing to substitute for our fine stock which combines in the highest degree all the good qualities of the sort. Large pkt. 6c.; $\frac{1}{2}$ pt. 9c.; pt. 16c.; qt. 30c.

Best Boston White Baking Bean. This is a crop which can be profitable grown to a much greater extent than is now done, as it is one that certainly pays better than many field crops. It ripens early, before any danger of frost in Northern Bean growing latitudes, and often yields sixty to eighty fold with ordinary field culture. This is really the Best White Baking Bean; our seed is very choice, Pkt. 6c.; $\frac{1}{2}$ pt. 12c.; pt. 22c.; qt. 35c.

New Early Round Pod Yellow Six Weeks. While this variety does not differ from the Early Long Yellow Six Weeks in size or general appearance of the vine, the pods are shorter, very much thicker, more fleshy and quite stringless. Moreover, while retaining the vigor and hardiness of the old sort, it is fully one week earlier. Dry Bean color of ordinary Six Weeks, but much shorter. Pkt. 6c.; $\frac{1}{2}$ pt. 10c.; pt. 18c.; qt. 35c.

Early Mohawk. This sort is so much harder than the others that it can be planted earlier, furnishing Beans fit for use before any other kind. Vines large and stout, with large leaves which will stand a slight frost. Blossoms large, purple; pods long, straight, with long tapering point. Beans long, kidney-shaped, variegated with drab, purple, brown. In favor for forcing, matures quickly, carries good weight of long, large pods. Pkt. 5c.; $\frac{1}{2}$ pt. 8c.; pt. 15c.; qt. 28c.

North Star Snap Bean. This is an ideal Snap Bean. Pods are $\frac{1}{2}$ inches long, soft green, perfectly straight and round. Free from that woody inner lining of tough skin which we associate with old Beans; what little string exists is not developed until pod is quite old. Flavor is most delicious; it has the peculiarity of preserving its delicate color almost intact when prepared for the table. Remarkably early, ready for use for days in advance of any variety of merit. Its bearing qualities are unexcelled and it matures its crop very regularly, even under adverse conditions. Pkt. 8c.; $\frac{1}{2}$ pt. 15c.; pt. 25c.; qt. 40c.

New Extra Early Refugee. Earliest of the green podded kinds, furnishing a fleshy pod of fine quality. It is usually from two to three weeks earlier than ordinary Refugee. The vines, though a little smaller, are fully as hardy and vigorous as that variety, and more upright. Pods of the same size and shape, except slightly flatter. Pkt. 5c.; $\frac{1}{2}$ pt. 8c.; pt. 15c.; qt. 28c.

New Stringless Green Pod. Is most happily named, as it is quite unique—the only absolutely stringless green-podded Bean in the market. Pod is round full, larger and straighter than those of most varieties. Quality is most superior. The Michigan State Agricultural College Experiment Station writes: "Plants of medium growth. Pod $4\frac{1}{2}$ to $5\frac{1}{2}$ inches long, nearly round, slightly curved, light green, flesh tender, and of best quality. Pods remain long in edible condition; even when the Beans are not stringy. Valuable for good quality and lack of stringiness. Pkt. 7c.; $\frac{1}{2}$ pt. 10c.; pt. 17c.; qt. 32c."

New Dwarf Horticultural or Wren's Egg. Valuable sort either for home use or for the Market Gardener. An exceptionally heavy cropper, producing an abundance of large, handsome pods, always filled with Beans of the finest quality. Vines compact, upright and very productive. Pods medium length, cylindrical and curved, with splashes of bright red on a yellowish ground. The ripe Beans are large, plump, oval and neatly covered with splashes of bright green. Pkt. 5c.; $\frac{1}{2}$ pt. 8c.; pt. 15c.; qt. 28c.

BEST BOSTON WHITE BAKING BEAN

THE NORTH STAR SNAP BEAN

THE BEST WAX PODDED BEANS

New Perfection Wax

New Perfection Wax. This is one of the most highly productive varieties yet introduced. It has stood the market test, and has taken its place as a standard. The color of the pods is a rich golden yellow, which turns lighter as they reach maturity. The length of the pods is six inches; they are a half inch broad, sharply pointed, and hang in great clusters. Extremely tender and brittle, with but a trace of string. In every way the New Perfection Wax is a highly satisfactory, money making Bean, for it combines great productiveness with high quality. **Pkt. 7c.; ½ pt. 12c.; pt. 20c.; qt. 38c.**

New Davis Wax. An exceptionally hardy, productive, white-seeded, wax-podded sort—Pods very long, white, straight and handsome. The most hardy and productive bush wax-podded Bean. Vine rustless, vigorous. When young the pods are very brittle, crisp and tender. The dry Beans are kidney-shaped, clear white and excellent for baking. Best of all for shipping as Snap Beans. The perfect shape and fine color of the pods, and the clear white seed make this one of the best sorts for canners. **Pkt. 5c.; ½ pt. 10c.; pt. 17c.; qt. 32c.**

Improved Golden Wax or Butter. This vigorous growing variety yields a profusion of tender pods, of a waxy appearance. The vines grow about 1½ feet high, holding pods well off the ground, thus keeping them clean, free from blight and rust. Pods are full, large, of delicious quality, and free from strings. Superior for market gardeners, shipping and family use. **Pkt. 5c.; ½ pt. 10c.; pt. 17c.; qt. 32c.**

New Early Prolific German; Improved Black

Wax. We are so thoroughly satisfied with this great improved strain of Black Wax that we have discarded the old stock altogether, this being more vigorous, and, by far, more productive, with a much longer, whiter and more fleshy pod. The vines are of medium size, very vigorous and extremely hardy. The flowers are reddish white to purple, it is beyond all doubt the best early Black Wax Bean for market and home use. The pods are of medium length, borne well up among the foliage, are curved cylindrical, fleshy and of a clear waxy-white color with long, slightly curved points. The Beans are small, oblong and jet black. **Pkt. 5c.; ½ pt. 10c.; pt. 17c.; qt. 32c.**

New Eureka Everbearing Wax

New Eureka Everbearing Wax. This is the best of the late wax podded Beans. Vines large, much branched, upright, extremely hardy, vigorous, and great producers. Leaves large and coarse, resembling Kidney Wax. Pods long, cylindrical, crisp, tender, stringless, and of a clear, yellowish, waxy-white color. As the Beans mature they are excellent to use green shelled. Dry Beans medium size to large; long, straight, cylindrical; color light brown, mottled and striped with chocolate brown. **Pkt. 7c.; ½ pt. 12c.; pt. 20c.; qt. 38c.**

Wardell's New Kidney Wax. One of the greatest features of this Bean is that it is extremely hardy. Both pods and plants are more robust than usual for a Wax Bean. The shape of the Bean is entirely distinct from that of all other Wax varieties, as it is of a perfect kidney conformation. Furthermore it is a most prolific variety, and is one of the earliest and most hardy. The pods are long, flat, a delicate waxy yellow, quite brittle and entirely stringless. Especially desirable for every climate. Can be grown with great profit in the South for early shipment to the North. **Pkt. 5c.; ½ pt. 10c.; pt. 17c.; qt. 32c.**

Yosemite Monster Wax. Tender, stringless and of fine flavor. In value, distinctiveness and sterling worth this Bean is a wonder. We would call attention to the necessity of planting this grand variety nearly twice as wide apart as ordinary Bush Beans. The plant is so large and vigorous, and the pods are so solid and pulpy that they require a great deal of light and air to perfect them. The pods frequently attain a length of 10 to 14 inches

with the thickness of a man's finger, and are nearly all solid pulp, the seeds being very small, when the pods are fit for use. The pods are a rich golden color, and are absolutely stringless, cooking tender and delicious. This is the coming Wax Bean for family or market purposes. It is enormously productive, as many as 50 of its monster pods having been counted on one bush. The plant is so large and vigorous, and the pods are so solid and pulpy, that they require a great deal of light and air to perfect them. **Pkt. 7c.; ½ pt. 12c.; pt. 20c.; qt. 38c.**

Beans

Best Pole or Climbing

FAMOUS KENTUCKY WONDER Or Old Homestead

This splendid variety was introduced in 1891 as a novelty under the name of Old Homestead. Vine vigorous, climbing well and very productive bearing its pods in large clusters; pods green, very long, often reaching 9 or 10 inches, nearly round when young, and very crisp, continuing in use for an extended season. **Has no Equal.** An early and very prolific sort, with showy pods, which are most excellent for snaps. **Pkt. 5c.; ½ pt. 10c.; pt. 17c.; qt. 32c.**

New Lazy Wife. Pods wonderfully broad, thick and entirely stringless. Pods flattish, oval shape, and when fully grown are from 4 to 6 inches long, exceedingly rich, buttery and fine flavored when cooked. They are hardy, easily grown and most productive. Surpassingly fine for an early and late snap sort, also as a dry shell or winter Bean it is unsurpassed. **Pkt. 7c.; ½ pt. 10c.; pt. 18c.; qt. 35c.**

Red Speckled Cut Short or Corn Hill. A popular variety for planting among the corn, and thus furnishing a good crop without the use of poles. Vines medium and never known to twist tightly. Leaves smooth and dark colored; blossoms white. Pods short, cylindrical and tender. Beans oblong, or nearly so, and cut diagonally at the ends, white, covered with reddish brown. **Pkt. 5c.; ½ pt. 9c.; pt. 16c.; qt. 30c.**

Famous Kentucky Wonder

nearly so, and cut diagonally at the ends, white, covered with reddish brown. **Pkt. 5c.; ½ pt. 9c.; pt. 16c.; qt. 30c.**

Early Golden Cluster Wax Pole. The Everlasting Pole Bean. Magnificent variety that bears continually the entire season. It grows rapidly, bearing early clusters of 3 to 6 pods of rich golden color. Pods average about 8 inches in length, exceeding tender and entirely stringless, retaining their plumpness and tenderness long after they have attained a large size, and continues to bear if the pods are picked, until frost. **Pkt. 7c.; ½ pt. 12c.; pt. 20c.; qt. 38c.**

Best Pole Lima New King of the Garden

The Best Large White Lima. The vine is so productive that although the pods rarely contain more than four Beans, the yield is enormous and is produced from the very first to the last of the season. The green shelled Beans are of immense size but so tender and succulent that they shrink in drying to about size of the Large White Lima. It is the best Lima Bean ever offered for market gardeners use. In yield, ease of shelling, size, beauty and quality of green Beans, this variety is in advance of other sorts, and is recognized as the best of all the Limas for either the garden or the market. **Pkt. 6c.; ½ pt. 10c.; pt. 18c.; qt. 35c.**

Best Bush Lima Beans

Henderson's Bush Lima. Valuable variety on account of its earliness and wonderful productiveness, continuing to grow and set pods until stopped by frost. Its popularity increases every year. Rich, buttery Limas—the true flavor (even better). Vines are without runners, small bright green and Lima-like; flowers small, yellowish white, borne in clusters and often above the foliage. Pods short, flat and contains from three to five Beans which are of delicious quality. **Pkt. 6c.; ½ pt. 10c.; pt. 18c.; qt. 35c.**

Burpee's Bush Lima. The bushes grow 18 to 20 inches high, of stout growth and always erect, yet branching so vigorously that each plant develops into a magnificent circular bush from 2 to 3 feet in diameter. Enormously productive, single plants under favorable circumstances yielding from 200 to 350 pods. Handsome large pods being well filled with very large Beans, identical in size and luscious flavor with the well known Pole Limas. **Pkt. 5c.; ½ pt. 10c.; pt. 18c.; qt. 35c.**

Crosby's Egyptian. Small Necked, Dark Fleshed Variety of Great Merit. Always Good—Never Past Its Prime. This new Beet is one of the best on our list for general cultivation by market gardeners and farmers. Makes a very rapid growth from the start, and is larger than common Egyptian, age for age. It continues to grow for a long period, making a heavy root for autumn or winter use. Only one sowing is necessary to produce early Beets for market and a main crop for winter use. The quality is first rate at all periods of growth, whether the Beet weighs a quarter of a pound or six pounds. It is a good keeper and may be used all winter. When cooked it is of a beautiful, dark red color throughout, and of unsurpassed table quality. The illustration shows the exact shape. It is symmetrical in form and of a decidedly handsome appearance. There are but few fibrous roots and the top is small. Its features are all commendable, and it should appeal strongly to market gardeners and to everybody wanting an all seasons table Beet. Large packet 4c.; oz. 7c.; 2 oz. 12c.; $\frac{1}{4}$ lb. 20c.; $\frac{1}{2}$ lb. 35c.; lb. 65c.

Columbia. Medium Size, Smooth, Productive, Sweet, Solid. The blood Turnip Beet has long been regarded as the standard of excellence. For years we have been growing and selecting a choice strain of blood Turnip Beet, which we have supplied to thousands of our customers, to their profit and entire satisfaction. It is very early, nearly as early as Egyptian, and greatly surpasses that variety in flavor. The color is a rich, dark red, and the shape is globular. It is fine grain in texture and has a small top. It is free from side or fibrous roots, being always smooth. It is excellent for forcing for a main spring or summer crop, or for use in the winter, as it is a good keeper. It cooks sweet, tender and crisp, and is in every way a standard sort for the market or home gardener. Has made a good crop in seven weeks from sowing. Large packet 4c.; oz. 7c.; 2 oz. 12c.; $\frac{1}{4}$ lb. 20c.; $\frac{1}{2}$ lb. 35c.; lb. 60c.

Extra Early Eclipse. An improved extra early sort. Tops small, dark purplish green, shading to lighter color on outside of the leaves. Roots nearly globular with a small tap root and very small collar. Flesh dark red, zoned with a lighter red; very sweet, crisp and tender, especially when young. One of the most desirable sorts for bunching. Pkt. 4c.; oz. 7c.; 2 oz. 12c.; $\frac{1}{4}$ lb. 20c.; $\frac{1}{2}$ lb. 35c.; lb. 60c.

Electric. Excellent for the open garden. This is particularly valuable for forcing, because it produces less foliage than any other variety, and can be grown close together. The roots are smooth and regular in form; the skin is dark blood-red. Flesh fine-grained and cooks dark blood-red. Remains in fine condition for a long time. Pkt. 3c.; oz. 7c.; 2 oz. 12c.; $\frac{1}{4}$ lb. 18c.; $\frac{1}{2}$ lb. 30c.; lb. 50c.

Improved Blood Turnip. One of the best Beets grown; very careful selection. Roots of good form, round, with only one small tap root; flesh deep blood-red color; very sweet and tender. Best for first early. Can be planted very closely, as they do not grow large and coarse; have a very small top. One of the best for market gardeners and table use. Pkt. 3c.; oz. 7c.; 2 oz. 12c.; $\frac{1}{4}$ lb. 18c.; $\frac{1}{2}$ lb. 30c.; lb. 50c.

Improved Long Dark Smooth Blood. Tops large, neck small, leaf stems and veins red; leaf green; roots large, tapering towards both ends, growing even with the surface; dark red flesh; tender and sweet, and remaining so even when kept till spring. Pkt. 3c.; oz. 7c.; 2 oz. 12c.; $\frac{1}{4}$ lb. 18c.; $\frac{1}{2}$ lb. 30c.; lb. 50c.

Sugar Beet, for Stock

Giant Half Sugar—The grandest and most superior of all Sugar Beets, affording a larger percentage of sugar than any known variety. Very productive, yielding 20 tons and over of the finest Beets to the acre; roots are very symmetrical and desirable in shape; grow slightly above the surface. The color is white, slightly washed with red at top, while the balance is of clear white. Flesh finely grained and very sweet. Oz. 5c.; 2 oz. 8c.; $\frac{1}{4}$ lb. 12c.; $\frac{1}{2}$ lb. 22c.; lb. 40c.

Imperial Sugar—The best for general uses. Very productive and is extremely rich in sugar. Oz. 5c.; 2 oz. 7c.; $\frac{1}{4}$ lb. 10c.; $\frac{1}{2}$ lb. 18c.; lb. 35c.

Klein Wanzleben—The Great German Sugar Beet—Largely grown in this country with the best of satisfaction. Oz. 4c.; 2 oz. 7c.; $\frac{1}{4}$ lb. 10c.; $\frac{1}{2}$ lb. 16c.; lb. 30c.

Mangels

The Cheapest Food for all Live Stock

Any land that will grow a good crop of corn will produce a good crop of Mangels or Sugar Beets. No crop pays the farmer and stock raiser better.

New Goliath. The heaviest cropper. This

Mangel is enormously, wonderfully productive. Its yield is exceedingly fabulous; 1,500 to 1,800 bushels per acre is nothing uncommon on good soil. Particularly remarkable for its handsome shape and broad shoulders, its diameter being greater and its weight very much heavier than any other sort. The flesh is red, of very fine texture and quality, containing less water and more sugar than any other Mangel, except it be the Half Long Sugar, making it most nutritious and milk producing. Sheep and other stock thrive better when fed on it, picking out pieces of it in preference to other kinds. Oz. 7c.; 2 oz. 12c.; $\frac{1}{4}$ lb. 20c.; $\frac{1}{2}$ lb. 35c.; lb. 60c.

New Golden Monarch. Half Long

variety; heavy cropper. This entirely new and distinct Mangel grows to the largest size and is of a beautiful russet yellow color. It is remarkably even in shape, of vigorous growth, and a very smooth, fine skin. The flesh is white, firm and sweet, greatly relished by cattle and other stock. Oz. 5c.; 2 oz. 8c.; $\frac{1}{4}$ lb. 14c.; $\frac{1}{2}$ lb. 25c.; lb. 40c.

Giant Long Red. Always makes a uniform crop of large, red, finely shaped roots. Unexcelled for feeding. Oz. 5c.; 2 oz. 8c.; $\frac{1}{4}$ lb. 10c.; $\frac{1}{2}$ lb. 16c.; lb. 30c.

Champion Yellow Globe. The flesh is white, firm and sweet. Always makes magnificent roots and easily harvested. Oz. 4c.; 2 oz. 7c.; $\frac{1}{4}$ lb. 10c.; $\frac{1}{2}$ lb. 16c.; lb. 30c.

Golden Tankard. The very best for dairy farming. It is very early, hardy and a good cropper. Oz. 4c.; 2 oz. 7c.; $\frac{1}{4}$ lb. 10c.; $\frac{1}{2}$ lb. 18c.; lb. 35c.

Mrs. A. G. Davis, Tekamah, Nebr., writes:

Last spring, among other seeds I received from you was a packet of earth almonds. Every one grew and they now look fine.

Chufus, or Earth Almond

A nice little ground nut which is greatly liked by the children. In sweetness and flavor they resemble the coconut or almond and are considered very nice put on the table in a fruit dish with candies, and as an after dinner relish. Pkt. 5c.; $\frac{1}{4}$ lb. 10c.; $\frac{1}{2}$ lb. 18c.; lb. 35c.

Mammoth Large Late Drumhead

The Best Cabbage

Autumn King or World-Beater. For Fall and Winter Use. An extremely large and solid-heading variety. The plant is of extra strong growth, with dark bluish green leaves growing closely about the large flattened heads. In good soil it will produce heads of enormous size, but of course, requires a longer season for growth than do the smaller varieties. With us, seed sown the first of June will produce fine heads in time to put away for the winter. **Pkt. 4c.; oz. 12c.; 2 oz. 22c.; ¼ lb. 40c.; ½ lb. 70c.; lb. \$1.30.**

Northern Giant Flat Dutch. Long Keeper, Good Shipper.

By continued care and critical selection, we have secured a perfectly true stock of seed. The heads of our Northern Giant Flat Dutch are large, heavy, solid, flat on top, and of a bluish green color, low growing, with short stem and comparatively few outer leaves. The quality is fine and the flavor excellent, the heads being white when cut and the inside leaves crisp and tender. Our seed has always been American-grown, coming from the celebrated Long Island districts, and whoever purchases our Northern Giant Flat Dutch may be assured of getting the best. It is everywhere a favorite market variety. It matures slightly earlier than Large Late Drumhead, perhaps three to five days sooner. Our Northern Giant Flat Dutch is comparatively free from a disposition to burst, and is one of the most reliable winter keepers. This strain will do better under partial neglect than any other in the world, possibly excepting Surehead. It has been so long bred to a standard that the heading habit is thoroughly established as an essential part of its growth, and it will produce a head even when its size is stunted by dry weather or other adverse conditions. **Large packet 10c.; oz. 30c.; 2 oz. 50c.; ¼ lb. 90c.; ½ lb. \$1.60; lb. \$3.00.**

Premium Late Flat Dutch. This is the money maker among late Cabbages for the gardeners, and for family use it ranks high. Heads are large, sound, very solid, broad, flat on top and a beautiful bluish green color, with but few outside leaves. The quality is fine and flavor excellent, heads being, when open, crisp and white. You will make no mistake in planting this variety. **Pkt. 3c.; oz. 12c.; 2 oz. 20c.; ¼ lb. 35c.; ½ lb. 65c.; lb. \$1.10.**

Mammoth Large Late Drumhead.

Sure Cropper, Money Bringer. This Cabbage, like our Great Northern Flat Dutch, has so long been an established standard that certain peculiarities have been bred into it and have become so firmly fixed as to be necessary features of growth. It is as natural for this Cabbage to form a head as to form leaves, and reports of 99 marketable heads from 100 plants are of frequent occurrence. Nobody will be disappointed in our strain of Large Late Drumhead, for it represents the best principles of seed culture applied to a standard vegetable. Our Large Late Drumhead far surpasses the old-fashioned strains of the same name, being quicker and more certain to mature, having heads of deeper and better shape. The head is rather broader and flatter than the Flat Dutch; but the inside texture is much the same, and the flavor is equally good. It is a standard sort for winter keeping and sells readily in winter and spring markets. **Large Pkt. 4c.; oz. 18c.; 2 oz. 35c.; ¼ lb. 60c.; ½ lb. \$1.00; lb. \$1.75.**

Your Check is Good

It is sometimes inconvenient for our out of town friends and customers to send to town for draft or money order and if you have money in bank you can send your personal check with order to pay for your seeds, plants and bulbs. We make this offer to save you trouble and delay in obtaining seeds.

1500 Plants

The Best Cabbage

See Page 5 for New Varieties of Cabbage

½ lb. of
Cabbage Seed

Will Grow Enough
Plants for an acre

One of the chief departments of our seed growing business consists of growing Cabbage for seed only. Our stock has reached such a high point of merit that it is the most reliable and produces more good, marketable heads per acre than any offered. We believe that Our Seeds are the Very Best.

All Head Early. Earliest of all large Cabbages. Most desirable variety for the market gardener. Keeps well. Pkt. 4c.; oz. 12c.; 2 oz. 23c.; ¼ lb. 45c.; ½ lb. 85c.; lb. \$1.60.

Early Winningstadt. An old, popular, medium early variety, large pyramidal heads of excellent quality. Good to succeed extra earlies. Pkt. 3c.; oz. 12c.; 2 oz. 23c.; ¼ lb. 40c.; ½ lb. 75c.; lb. \$1.35.

True Early Jersey Wakefield. The Best Early Cabbage in cultivation. It forms fine, solid heads of good size, conical in shape, with very few outside leaves, and of the best quality. We offer this as the earliest strain of this standard variety. Grown pure, always gives satisfaction. Pkt. 4c.; oz. 15c.; 2 oz. 25c.; ¼ lb. 45c.; ½ lb. 80c.; lb. \$1.50.

Holland or Danish Ballhead. The heads, which are of medium size, average a weight of eight pounds, are very solid and deep, and of a fine white color, making them entirely distinct from any other strain. Their quality is superior, and they keep better than any other sort, the heads being just as solid and perfect when taken up in the Spring as when they are put away in the fall. Pkt. 4c.; oz. 18c.; 2 oz. 30c.; ¼ lb. 50c.; ½ lb. 90c.; lb. \$1.75.

Rockford Market. The Best Second Early Ever Introduced. It has peculiarity of heading firmly at an early stage in its growth so that the finest Cabbage, though small, can be obtained long before it has attained its natural size. Its uniformity in shape, and large yield per acre render it particularly valuable to truckers, and its compact form and good quality will render it the finest second early Cabbage. Pkt. 4c.; oz. 18c.; 2 oz. 30c.; ¼ lb. 50c.; ½ lb. 90c.; lb. \$1.75.

Sure Head. A famous main crop Cabbage, of the "Flat Dutch" type. Heads uniform hard, firm and fine in texture, weighing from 10 to 12 lbs.; sweet flavored; has scarcely any loose leaves; keeps well. Pkt. 3c.; oz. 12c.; 2 oz. 20c.; ¼ lb. 35c.; ½ lb. 65c.; lb. \$1.25.

SEEDS

Early Summer. This variety is deservedly popular with the market gardeners. It forms large, solid, round flattened compact heads of excellent quality. The heads double the size of the Jersey Wakefield, while it matures only ten to twelve days later. Pkt. 3c.; oz. 12c.; 2 oz. 23c.; ¼ lb. 40c.; ½ lb. 75c.; lb. \$1.35.

All Seasons. One of the most desirable new sorts and very popular as a market gardener's Cabbage. The heads are hard and solid, round, flattened on top, of very best quality, and are ready for market nearly as early as Early Summer, often larger in size. Noted for its ability to stand a hot summer and dry weather. Pkt. 3c.; oz. 12c.; 2 oz. 23c.; ¼ lb. 40c.; ½ lb. 75c.; lb. \$1.35.

Mammoth Red Rock. The Best Variety for Pickling. This is the best, largest and surest heading Red Cabbage yet introduced and much better than the stock offered as Red Drumhead. The head is large, round, very solid, deep red color. Nearly every plant will form an extra fine head. This strain of giant, solid, superior Red Cabbage has fairly jumped into popularity. It is a magnificent head, close grained and of superior quality for cooking and pickling. It's the sort the Yankee likes and the German seeks. If you intend using any pickling Cabbages this season be sure to include this variety in your order, as it never fails to please. Large Pkt. 4c.; oz. 12c.; 2 oz. 23c.; ¼ lb. 40c.; ½ lb. 75c.; lb. \$1.40.

Improved 'Savoy. The finest of the "Savoys." Heads large, solid and compact, flavor of surpassing excellence. Pkt. 3c.; oz. 10c.; 2 oz. 18c.; ¼ lb. 35c.; ½ lb. 65c.; lb. \$1.20.

Rockford Market

Mammoth Red Rock

The Best Carrots

See Page 5 for Best Bunch Carrot

Danvers Private Stock

Most excellent for all soils and will yield greater bulk with smaller length of roots than any other variety. It is of a rich dark orange color and all the roots are wonderfully smooth and handsome. Forty tons and over per acre have been raised with good cultivation, and has often given 25 to 30 tons per acre. The finest of all for market and home use. Pkt. 4c.; oz. 15c.; 2 oz. 18c.; $\frac{1}{4}$ lb. 30c.; $\frac{1}{2}$ lb. 50c.; lb. 90c.

Half Long Danvers

Yield Enormous—Quality Superb

The best Carrot for general crop; it is of a rich orange color, a very heavy yielder and splendid keeper. It is a first class Carrot for all kinds of soil, valuable for both table use and stock. **The Leading Carrot.** We have an extra fine strain of this favorite sort which we have sold for many years, giving the greatest satisfaction to our customers. Pkt. 3c.; oz. 8c.; 2 oz. 15c.; $\frac{1}{4}$ lb. 25c.; $\frac{1}{2}$ lb. 45c.; lb. 80c.

Improved Long Orange

The most popular of the older sorts for farm use on mellow soil. An improvement by years of careful selection of the best form and deepest colored roots of the Long Orange, and smoother, but so uniform and true that the bulk of the crop will be greater. Pkt. 3c.; oz. 8c.; 2 oz. 15c.; $\frac{1}{4}$ lb. 25c.; $\frac{1}{2}$ lb. 45c.; lb. 80c.

Early Scarlet Horn

Very Popular

One of the most popular of all varieties. A favorite for early crop. Color deep beautiful orange; flesh finely grained and of agreeable flavor; tops small; has a short stump-shaped root, large at top, therefore easily pulled. Grows well in shallow soil; of fine quality; yields and sells well. Pkt. 3c.; oz. 8c.; 2 oz. 15c.; $\frac{1}{4}$ lb. 25c.; $\frac{1}{2}$ lb. 45c.; lb. 80c.

Long Red Surrey

Enormous Producer

A very fine variety for either field or garden culture. Large, symmetrical roots of a deep orange red. They are straight and smooth, free from roughness and of the best quality. Tops are small and roots of mammoth size. You will find this variety very desirable for home, market or stock use. Pkt. 3c.; oz. 8c.; 2 oz. 15c.; $\frac{1}{4}$ lb. 25c.; $\frac{1}{2}$ lb. 45c.; lb. 80c.

Earliest French Forcing

The Earliest Variety in Cultivation and Best Suited for Forcing

Tops small, finely divided. The reddish-orange colored roots are nearly round with a groove about the crown and when fully matured they are about two inches in diameter, but should be used before they are full grown, when they are tender and delicious. Pkt. 4c.; oz. 10c.; 2 oz. 18c.; $\frac{1}{4}$ lb. 30c.; $\frac{1}{2}$ lb. 50c.; lb. 90c.

Ox Heart, or Guerande

Early — Handsome — Ready Selling

Tops small for the size of the roots, which are comparatively short, but often reach a diameter of seven inches, terminating abruptly in a small tap root. Flesh bright orange, fine grained and sweet. **A Splendid Variety.** This is a desirable variety for soil so hard and stiff that longer growing sorts would not thrive in it. Pkt. 4c.; oz. 8c.; 2 oz. 15c.; $\frac{1}{4}$ lb. 25c.; $\frac{1}{2}$ lb. 45c.; lb. 85c.

Mammoth White Belgian

Danvers Private Stock

EARLY SCARLET HORN

Earliest French Forcing

Stock Carrots

Mammoth White Belgian

A splendid variety for fattening stock. The roots are mammoth in size and very productive, often yielding ten tons and over of roots per acre. It is highly recommended for fattening all kinds of stock, and exceptionally desirable for its great milk producing qualities. The lower part of the root is white, that growing above the ground and exposed to the air being green. You will be pleased with it. Pkt. 3c.; oz. 7c.; 2 oz. 12c.; $\frac{1}{4}$ lb. 20c.; $\frac{1}{2}$ lb. 30c.; lb. 50c.; 5 lbs. \$2.40, postpaid.

Mammoth Yellow Belgian

Identical to the White Belgian except in color. Pkt. 3c.; oz. 7c.; 2 oz. 12c.; $\frac{1}{4}$ lb. 20c.; $\frac{1}{2}$ lb. 30c.; lb. 50c.; 5 lbs. \$2.40, postpaid.

Stock Carrots

Are unexcelled for feeding. Steers take on beef very rapidly when fed on them, and milch cows immediately improve.

Cauliflower

1 oz. Seeds for 3500 Plants

Northern Early Snowball.

Selected Stock. Certainly a fine variety, great favorite and standard throughout the country. Very early, close growing, of compact habit; is well adapted for forcing under glass during winter and spring. It is without doubt one of the most satisfactory early varieties. Stock is perfectly reliable, and will satisfy you in every particular. The heads are large. For early or late planting, for the family or the market this variety can be depended upon for excellent results. Pkt. 10c.; $\frac{1}{2}$ oz. \$1.25; oz. \$2.00; 2 oz. \$3.80; $\frac{1}{4}$ lb. 7.50.

Early Favorite. A strong growing variety producing large, fine heads; very popular variety with canners. Pkt. 5c.; oz. 70c.; 2 oz. \$1.30; $\frac{1}{4}$ lb. \$2.50.

Le Normand's Short Stem. Stands drouth very well. A sure header of fine quality and desirable in every way. Pkt. 5c.; oz. 50c.; 2 oz. 90c.; $\frac{1}{4}$ lb. \$1.50

Northern Early Snowball Cauliflower

As Represented. We guarantee our seeds to be just as represented. If they prove otherwise, I will refill the order free of charge; but it must be understood we do not guarantee the crop any further than to refill the order.

The Very Best of Celery

Giant Pascal. The latest and best variety of Celery. It is a selection from the Golden Self-Blanching, and adds to the general good qualities of its parent, superior keeping qualities. The stalks are very large, thick, solid, crisp, and of a rich, nutty flavor, free from any trace of bitterness. It blanches very easily and quickly, and retains its freshness a long time. The heart is golden yellow; very attractive. Pkt. 4c.; oz. 18c.; 2 oz. 30c.; $\frac{1}{4}$ lb. 50c.; $\frac{1}{2}$ lb. 90c.; lb. \$1.75.

Golden Self-Blanching.

This is the best Celery for early use. Plants of a yellowish green color when young, but as they mature, the inner stems and leaves turn a beautiful golden yellow which adds much to their attractiveness and makes the work of blanching much easier. The handsome color, crispness, tenderness, freedom from stringiness and fine nutty flavor of this variety make it only necessary to be tried in order to establish it as the standard of excellence as an early variety. Pkt. 6c.; oz. 30c.; 2 oz. 50c.; $\frac{1}{4}$ lb. 95c.; $\frac{1}{2}$ lb. \$1.85; lb. \$3.50.

New Golden Heart

New Golden Heart. Original Private Stock, the best late Celery. This variety has a very strong and vigorous plant, with large, very white, crisp, brittle, tender and fine flavored stalks. It is late, and requires the whole season to develop, but will keep longer than any other sort. We recommend it as worthy of the first place as a late Celery. Pkt. 5c.; oz. 18c.; 2 oz. 30c.; $\frac{1}{4}$ lb. 50c.; $\frac{1}{2}$ lb. 90c.; lb. \$1.75.

White Plume. The earliest variety grown and can be blanched and ready for the table in September. Pkt. 4c.; oz. 18c.; 2 oz. 35c.; $\frac{1}{4}$ lb. 60c.; $\frac{1}{2}$ lb. \$1.10; lb. \$2.00.

Celeriac, or Turnip Rooted Celery. Our stock of this variety has been especially cultivated and will be found very fine. Pkt. 3c.; oz. 10c.; 2 oz. 18c.; $\frac{1}{4}$ lb. 35c.; $\frac{1}{2}$ lb. 65c.; lb. \$1.25.

Celeriac

IMPORTANT!

Our Celery seed has a world wide reputation and is the best that is grown. Every plant that we allow to seed is a thoroughbred.

New Golden Self Blanching

Best Cucumbers

(See Page 7 for New Cucumbers)

New Emerald. A dark green cucumber, retaining its color until quite ripe.

Monarch White Spine. Fruits set early. For slicing, the flesh is tender and crisp, with a most pleasing flavor.

Excellent pickles when young, and fine for sweet pickles when ripe. **Pkt. 4c.; oz. 8c.; 2 oz. 15c.; ¼ lb. 25c.; ½ lb. 40c.; 1 lb. 75c.**

Monarch White Spine. **White, Crisp and Tender Flesh.**

cucumber perfections has been attained in this grand improvement in the White Spine family. It is an early, prolific and continuous producer of uniformly large and symmetrical fruits of an intensely rich, deep green color, scarcely marked with faint yellowish shading towards the tip. It runs very close to type, bearing practically no misshapen fruits or culls. It is the ideal for slicing. **Large pkt. 4c.; oz. 8c.; 2 oz. 15c.; ¼ lb. 25c.; ½ lb. 40c.; 1 lb. 75c.**

Arlington White Spine. Has no thick ends, abundant yield, fruit always even shape, tender and crisp. **Pkt. 3c.; oz. 7c.; 2 oz. 12c.; ¼ lb. 22c.; ½ lb. 35c.; 1 lb. 60c.**

Early Prolific Short Green, or Early Frame. A most excellent sort for pickling as well as table use. Fruit straight, handsome, crisp and tender. Keeps green a long while.

Pkt. 3c.; oz. 7c.; 2 oz. 12c.; ¼ lb. 22c.; ½ lb. 35c.; 1 lb. 60c.

Snow's Early Pickle. This cucumber selected by a noted pickle grower, is a very high type of pickle. It has been fully tried, and the results in all cases have been immensely satisfactory. Those who are growing pickle cucumbers for the market can not make a mistake if they plant Snow's Early. It will give satisfaction. **Pkt. 4c.; oz. 8c.; 2 oz. 15c.; ¼ lb. 25c.; ½ lb. 40c.; 1 lb. 70c.**

Snake, or Serpent Cucumber.

They attain a good size and the quality is very good. Raised mostly for curiosity and exhibition purposes and always attract attention. **Pkt. 5c.; oz. 15c.; 2 oz. 25c.; ¼ lb. 45c.**

Davis Perfect. A grand new variety. Everyone who saw the crop last year says they never saw anything to equal it. Dark, glossy green, slim and symmetrical, with an average length of 1½ to 12 inches. They hold color till nearly ripe, when they turn white with a yellow streak on them. Quality fine, as seeds are very soft when fit for table use. Very tender, brittle, and of exceptional flavor. **Pkt. 4c.; oz. 8c.; 2 oz. 15c.; ¼ lb. 28c.; ½ lb. 50c.; 1 lb. 90c.**

New Everbearing. The merit of this variety is in the fact that the vines produce fruit continuously until killed by frost. The exhibit at the same time Cucumbers in every stage of growth, but invariably of perfect form, even when quite small. The fruit is of fine green color and very desirable for pickling. **Pkt. 4c.; oz. 8c.; 2 oz. 15c.; ¼ lb. 25c.; ½ lb. 40c.; 1 lb. 75c.**

Early Cluster. Fruit is of the form desirable for pickling. Extraordinarily prolific, often growing in clusters of 2 or 3 Cucumbers. Nothing more desirable for small pickles. **Pkt. 3c.; oz. 7c.; 2 oz. 12c.; ¼ lb. 22c.; ½ lb. 35c.; 1 lb. 60c.**

The New Parisian Prolific Pickling. Decidedly the best of all in quality for pickling. The fruit is of an unusually dark green color, so deep that no coloring matter is necessary in preparing them for the pickling market. Very crisp and tender. **Pkt. 5c.; oz. 10c.; 2 oz. 18c.; ¼ lb. 30c.; ½ lb. 55c.; 1 lb. \$1.00.**

West India Gherkins. Used exclusively for pickling. Small oval-shaped prickly fruit. **Pkt. 4c.; oz. 15c.; 2 oz. 25c.; ¼ lb. 45c.**

New Extra Early Long Green. Uniformly Large Fruits of Good Form.

Produced by selection from Long Green. Vines vigorous and productive forming fruit fit for the table nearly as early as the shorter sorts. Fruit grows about 12 inches long, firm and crisp. The young fruit makes the best pickles, and when ripe are preferable to any for sweet pickles. We offer a carefully selected strain, uniformly long and of good form, with the large warts and spines well distributed over the surface, instead of being clustered at one end. For hot-bed forcing, for early in the open ground, or, in fact, for any purpose whatever, this Cucumber is peer of all. **Large pkt. 4c.; oz. 8c.; 2 oz. 15c.; ¼ lb. 28c.; ½ lb. 50c.; 1 lb. 90c.**

New Rockford Pickle. The best Cucumber for pickles, and is used almost exclusively by pickle factories throughout the country. The fruit is of medium size, wonderfully even in growth, slightly pointed at both ends. Extra early and the whole crop can be depended upon to make fine shaped pickles. Color deep green; begins to set its fruit when quite young. You will find this variety valuable for slicing, also, being of fine flavor, crisp and delicious. We control the entire stock of this variety. **Pkt. 5c.; oz. 8c.; 2 oz. 15c.; ¼ lb. 28c.; ½ lb. 50c.; 1 lb. 90c.**

Golden Bantam Sweet Corn

The Best Sweet Corn

(See Page 6 and Cover for New Varieties)

First of All. Early, Prolific, Sweet, Tender, Handsome. Our extensive trials of this famous Corn prove it to be from 4 days to a week earlier than Extra Early Cory which has heretofore held the World's Record for Earliness... This makes it very desirable, not only for family gardens, but for Market Gardeners who desire to have the first Sweet Corn in market, and therefore receive top notch prices. Ears are of fine form, good size, and well filled with large grains to the very tip. Many of the ears contain ten to twelve rows, while the Cory has only eight rows. Quality superior, very sweet. **Price postpaid, pkt. 7c.; ½ pt. 12c.; pt. 20c.; qt. 35c.**

Extra Early Cory. The largest of the extra early sorts so early that two crops can readily be grown on the same ground in a single season. Ears eight rowed, with red cob and very light pink grains. All the red cobbled corn should be cooked quickly by dropping the ears into boiling water, to which a little salt has been added, for if simmered over a slow fire, or allowed to stand in the water after cooking, the red cob will discolor the kernels. **Pkt. 5c.; ½ pt. 8c.; pt. 14c.; qt. 25c.**

Country Gentleman. Ears of full size, retaining all the delicious sweetness and qualities of Ne Plus Ultra. Three to five ears to a stalk. **Pkt. 6c.; ½ pt. 12c.; pt. 20c.; qt. 35c.**

Mammoth Early White Cob Cory. Selected for white cob and white kernels from the original and earliest Cory. For a strictly first-class early, for market and home use you will be delighted with Early White Cob Cory. **Pkt. 5c.; ½ pt. 8c.; pt. 14c.; qt. 25c.**

Golden Bantam. A very early sweet corn with golden yellow grain, very tender and of excellent quality. The ears are eight rowed, six to seven inches long and of the medium size found most suitable for the table. The flavor is exceptionally rich and delicious. Our stock has been very carefully selected. **Postpaid, Pkt. 6c.; ½ pt. 10c.; pt. 15c.; qt. 28c.**

Extra Early Adams. While not a Sweet Corn, this is a tender white corn for table use. Dwarf stalks, small ears, hardy; can be planted earlier than any Sweet Corn. **Pkt. 5c.; ½ pt. 8c.; pt. 14c.; qt. 25c.**

Early Minnesota. This popular variety is one of the best early sorts for the market and the private garden. By careful selection we have developed a stock which is remarkably uniform and in which all the good qualities that are so popular are intensified. **Pkt. 5c.; ½ pt. 8c.; pt. 14c.; qt. 25c.**

Moore's Early Concord. Produces its large, handsome, 14 to 16 rowed ears very low on the stalk. An excellent sort, either for canning factory or the garden. **Pkt. 5c.; ½ pt. 8c.; pt. 14c.; qt. 35c.**

Ballard's Early Chicago Market. Desirable for market gardeners and very valuable for the family garden. Symmetrical growth, good yield and fine quality, place it as most popular variety. **Pkt. 5c.; ½ pt. 8c.; pt. 14c.; qt. 25c.**

Mammoth Sugar. Produces the largest ears of any variety, a single ear often weighing two or three pounds. Of excellent quality, it is sweet, tender and delicious. **Pkt. 6c.; ½ pt. 10c.; pt. 15c.; qt. 28c.**

Improved Hickox. Popular wherever known. One to two weeks earlier than Evergreen. Large, attractive ear; has a white cob and grain and remains in condition and use a long time. Best sort for drying and canning. **Pkt. 6c.; ½ pt. 10c.; pt. 15c.; qt. 28c.**

Stowell's Evergreen. Late, Large Size, Prolific, Sweet and Tender.

The standard main crop variety, and if planted at same time as earlier varieties, will keep the table supplied until October. It is hardy and productive, very tender and sugary, remaining a long time in condition suitable for boiling. **For Table Use** the quality of this Corn can not be excelled. **For Market Gardeners** it is especially desirable on account of its coming to market at a time when the main crop is being sold, as its size and appearance always give it preference over all other sorts. **For Canning**, this strain will prove most satisfactory, its large ears, with long, slender grains making it by far the most salable canned Corn. **Price Postpaid, large pkt. 6c.; ½ pt. 10c.; pt. 18c.; qt. 32c.**

Stowell's Evergreen

Early Minnesota

Pop corn should be found in every garden, especially if there are children to enjoy it during the long winter evenings, which bring young people together for social amusement.

New Snowball—The finest white variety in existence. The best yielder, ears averaging six inches in length. Pkt. 5c.; $\frac{1}{2}$ pt. 15c.; pt. 25c.; qt. 40c.

New Striped or Variegated—A fancy variety. Rather large ears, filled out with clear, transparent white kernels, beautifully striped with bright crimson. Pkt. 5c.; $\frac{1}{2}$ pt. 15c.; pt. 25c.; qt. 40c.

New Red Beauty—Fine variety. The stalks grow six feet high, and average three to four ears each from five to six inches long and covered with large rice-shaped kernels of a deep red color. Pkt. 5c.; $\frac{1}{2}$ pt. 15c.; pt. 25c.; qt. 40c.

Queen's Golden—One of the very best and most prolific varieties grown. It pops perfectly white, and a single kernel will expand to a diameter of nearly one inch. The stalks grow six feet high, and the large ears are produced in abundance. Pkt. 5c.; $\frac{1}{2}$ pt. 15c.; pt. 25c.; qt. 40c.

Mapledale Prolific—The stalks grow six feet high, and the ears are all large in size, with grains nearly clear white in color. An average ear measures six and a half inches long and contains 585 perfect kernels. Pops pure paper white, of fine quality. Pkt. 5c.; $\frac{1}{2}$ pt. 15c.; pt. 25c.; qt. 40c.

New Large Purple Egg Plant

Egg Plant

Large New York Purple—The plants are of low, stocky, branching habit and absolutely free from spines. It is a very early and continuous producer of handsome, purple fruits of the largest size and finest quality. The plants usually bear 8 to 10 immense fruits before killed by frost. Large pkt. 4c.; oz. 25c.; 2 oz. 40c.; $\frac{1}{4}$ lb. 70c.

New White—The flesh is more tender, and flavor more delicate than purple varieties. Pkt. 5c.; oz. 25c.; 2 oz. 40c.; $\frac{1}{4}$ lb. 75c.

Endive, or Winter Lettuce

New Moss Curled—A medium sized, compact growing variety, with densely curled, mosslike leaves. Pkt. 3c.; oz. 10c.; 2 oz. 18c.; $\frac{1}{4}$ lb. 30c.

Garlic

The Garlic is the most pungent in taste and has the strongest order of all the onion family. It is largely used in the south of Europe where it is esteemed for flavoring soups, stews, etc. The root or bulb is composed of many small bulbs called "cloves," which are planted in the spring. We frequently receive orders for Garlic seed, but can supply the bulbs only. Fine Bulbs, $\frac{1}{4}$ lb. 8c.; $\frac{1}{2}$ lb. 15c.; lb. 25c.

Kohl Rabi

Kale, or Borecole

Leek, New Flag

Kale, or Borecole

Fine Green Curled. (German Greens or Sprouts)
This is harder than cabbage, and makes excellent greens for winter and spring use. The leaves are as curly as Parsley, tender and of very fine flavor. Immense quantities are grown in the south and shipped to northern markets. We have an excellent strain of it. Sow the seeds in May or June, transplant in July and treat same as cabbage. Pkt. 3c.; oz. 6c.; 2 oz. 10c.; $\frac{1}{4}$ lb. 18c.; $\frac{1}{2}$ lb. 30c.; lb. 55c.

Kohl Rabi

Best Vienna. Early and rapid grower with few and small leaves, very delicately flavored. Pkt. 4c.; oz. 15c.

Leek

New Flag. Very superior variety, producing white, uniformly large stems 2 inches in diameter by 10 inches long, of delicate flavor. Pkt. 3c.; oz. 8c.; 2 oz. 15c.; $\frac{1}{4}$ lb. 25c.; $\frac{1}{2}$ lb. 45c.; lb. 80c.

1 Oz. for 3000 Plants

The Best Lettuce

4 Pounds for an Acre

New Iceberg. Quick Growing and of Exquisite Flavor. Plant spreading, but not loose in habit, extremely hard well blanched head, with leaves very completely and tightly overlapping one another. Leaves unusually broad in shape. Color light green, excepting faint brown along extreme border and occasionally barely tinged in other parts, never colored. Quality good; exceedingly crisp and firm in texture, very sweet, but not buttery in flavor. Seeds large, whitish. Pkt. 4c.; oz. 7c.; 2 oz. 12c.; $\frac{1}{4}$ lb. 20c.; $\frac{1}{2}$ lb. 35c.; lb. 60c.

New Early Prizehead. Bright Green Tinged with Red. A decidedly crisp variety, strictly bunching, large, early, marketable, but intermediate in attaining fullest development, slow to shoot to seed. Plant spreading, low growing, and consisting of a loose, rounded, or slightly flattened cluster of leaves generally more or less open or spread out at the center and therefore never in the least cabbage-like nor solid, though nevertheless the inner part of the plant is well blanched. Quality good; sweet in flavor, very tender and crisp in texture, but leaf thin and lacking substance. Seeds large, whitish. Pkt. 3c.; oz. 7c.; 2 oz. 12c.; $\frac{1}{4}$ lb. 20c.; $\frac{1}{2}$ lb. 35c.; lb. 55c.

Improved Hanson. Large Firm Heads, Deliciously Sweet. A decidedly crisp variety, strictly cabbage-heading, very large, very fine. Plant spreading, but not loose in habit, and forming a globular, extremely hard, well-defined, well blanched head, with leaves very flatly and tightly overlapping one another. Leaves very broad in shape, fairly blistered, crumpled and twisted, very thick, stiff and coarse in appearance, with heavy veins and a large protruding midrib. Color very light green. Quality good; exceedingly crisp and firm in texture, and very sweet. Seeds large, whitish. Pkt. 3c.; oz. 7c.; 2 oz. 12c.; $\frac{1}{4}$ lb. 20c.; $\frac{1}{2}$ lb. 35c.; lb. 60c.

Grand Rapids Forcing. The Best Variety for Growing Under Glass. New variety of superior quality and beautiful in appearance, a strong grower, free from rot, and keeps crisp and tender without wilting, when exposed for sale, longer than any other forcing Lettuce; is always a very desirable variety for early spring sowing in the open ground. Pkt. 3c.; oz. 7c.; 2 oz. 12c.; $\frac{1}{4}$ lb. 20c.; $\frac{1}{2}$ lb. 35c.; lb. 60c.

May King. The plants are of quick growth, practically all head and extremely handsome. From early spring planting in the open ground they grow quickly to a diameter of six to seven inches with the broad light green outer leaves folding closely about the round solid head; in cool weather the edges of these outer leaves are lightly tinged with brown. The inner leaves (practically the entire head) are blanched to a rich golden yellow and have a specially fine, buttery flavor. The round solid heads are so firmly folded that they can be shipped to distant markets and arrive in good condition. We recommend repeated plantings of this new early variety in the spring, and again during August and September for fall use. Pkt. 5c.; oz. 8c.; 2 oz. 15c.; $\frac{1}{4}$ lb. 25c.; $\frac{1}{2}$ lb. 40c.; lb. 70c.

All Season

Big Boston

The Best Lettuce--All Choice Home Grown Seed

Big Boston. Best Midsummer Head Lettuce. Butter variety, strictly cabbage-heading, large, late; intermediate in season, slow to shoot to seed. Young plant with leaves very upright and twisted, often appearing like several specimens growing together. Mature plant very compact and forming a well defined, broad slightly pointed, hard, well-blanching head. Very popular variety with gardeners who want a large-heading, forcing sort, and also for outdoor winter culture. Pkt. 4c.; oz. 7c.; 2 oz. 12c.; ¼lb. 20c.; ½lb. 35c.; 1b. 60c.

Dwarf White Heart or Celery Lettuce.

Noted for its Most Excellent Flavor. Earliest in cultivation, and is the slowest to shoot to seed. The plants grow about eight inches high and four to five inches across. Outer leaves are well folded over, blanching the inner leaves thoroughly without any "tying up" or any artificial aid. Of stiff growth, every plant making a well developed head of the most excellent flavor and crisp and tender. Pkt. 4c.; oz. 8c.; 2 oz. 15c.; ¼lb. 25c.; ½lb. 40c.; 1b. 75c.

Ice Drumhead. The Biggest and Best Head Lettuce. Crisp variety, cabbage-heading, very late, loose but not spreading in habit, very upright and tree-like in growth when young. Head decidedly oval in shape, fairly defined, well-blanching, its leaves regularly overlapping one another. Color very light green, never spotted nor brownish in any part; Quality firm, and sweet flavor. Pkt. 4c.; oz. 7c.; 2oz. 12c.; ¼lb. 20c.; ½lb. 35c.; 1b. 60c.

Ice Drumhead. The Biggest and Best Head Lettuce. Crisp variety, cabbage-heading, very late, loose but not spreading in habit, very upright and tree-like in growth when young. Head decidedly oval in shape, fairly defined, well-blanching, its leaves regularly overlapping one another. Color very light green, never spotted nor brownish in any part; Quality firm, and sweet flavor. Pkt. 4c.; oz. 7c.; 2oz. 12c.; ¼lb. 20c.; ½lb. 35c.; 1b. 60c.

All Season. Sometimes Called San Francisco Market or the Deacon Lettuce. This magnificent Butter Lettuce is unsurpassed for family, garden or market use. Light green outside, while the inner blanched portion is beautiful cream yellow, of delicious, rich, buttery flavor. Pkt. 4c.; oz. 8c.; 2 oz. 15c.; ¼ lb. 25c; ½ lb. 40c.; 1b. 75c.

Simpson's Early Curled. Beautifully Crimped Green Leaves.

A decidedly crisp variety, strictly bunching, large-medium in size, early marketable but intermediate in time of attaining fullest development, slow to shoot to seed. Plant spreading and forming a rounded cluster of leaves, more or less open or spread out at the center and never cabbage-like, though sometimes very dense. Leaves short spatulate to broad, much blistered and crumpled, fairly twisted, thick and stiff, serrate at margins, much developed and frilled at borders. Color, very light green; never spotted nor brownish in any part. Quality good; sweet in flavor. Seeds, large, whitish. Pkt. 3c.; oz. 6c.; 2oz. 10c.; ¼lb. 18c.; ½lb. 30c.; 1b. 50c.

Tomhannock. The Handsome Reddish Bronze Lettuce. This Lettuce doesn't head--makes a loose bunch of leaves of very fine quality. Forms a beautiful plant ten to twelve inches high by nine to ten inches across. Edges of outer leaves are a reddish bronze; within the leaves are almost white. Very crisp and tender. It is a very early sort. Pkt. 4c.; oz. 7c.; 2oz. 12c.; ¼lb. 20c.; ½lb. 35c.; 1b. 60c.

Tomhannock. The Handsome Reddish Bronze Lettuce. This Lettuce doesn't head--makes a loose bunch of leaves of very fine quality. Forms a beautiful plant ten to twelve inches high by nine to ten inches across. Edges of outer leaves are a reddish bronze; within the leaves are almost white. Very crisp and tender. It is a very early sort. Pkt. 4c.; oz. 7c.; 2oz. 12c.; ¼lb. 20c.; ½lb. 35c.; 1b. 60c.

Black Seeded Simpson. Solid and of excellent quality. A decidedly crisp variety, bunching, but sometimes tending to a cabbage-like growth. Large, early, acknowledged the best early forcing variety, new and superior in every way. The leaves are a delicate green, almost white. Quality exceptionally fine. Always crisp and tender at all stages of growth. Can not be beaten for an all round variety. Pkt. 3c.; oz. 6c.; 2oz. 10c.; ¼lb. 18c.; ½lb. 30c.; 1b. 50c.

Mammoth Black Seeded Butter. Solid and of Most Excellent quality. A strain of large, smooth-leaved head Lettuce, forming large, solid, Cabbage-like heads of thick, brittle leaves, inner ones becoming very white, tender and fine flavored. Pkt. 3c.; oz. 6c.; 2oz. 10c.; ¼lb. 18c.; ½lb. 30c.; 1b. 50c.

The New Strawberry

New Strawberry Melon. Flavor like that of a Strawberry. Hence the name. It grows to be a desirable market size; the fruits weigh from 6 to 8 pounds each. Its smooth, deep flesh is of an attractive orange-red color, particularly soft and melting, and with that exceptionally delicious strawberry flavor leaves nothing more to be desired in a Musk Melon. This grand Melon was originated by planting the most luscious variety of strawberries between every two rows of a New Hybrid Musk previously perfected. Stock of this new acquisition is limited. Price, choicest seed of our own growing, Pkt. 10c.; oz. 18c.; 2 oz. 30c.; $\frac{1}{4}$ lb. 50c.; $\frac{1}{2}$ lb. 90c.; lb. \$1.75.

Sugar Nutmeg. The best Small Melon for Baskets and Table. The finest of all Nutmeg Melons. Fruit of medium size, slightly ribbed; globular. Skin dark green, becoming yellow when over-ripe, and nearly covered with broad, shallow netting. Flesh thick, of fine flavor. There is always a good demand for this desirable sort. Our stock is carefully selected and will be found very fine. Price, Postpaid, Large Packet, 5c.; oz. 7c.; 2 oz. 12c.; $\frac{1}{4}$ lb. 23c.; $\frac{1}{2}$ lb. 40c.; lb. 70c.;

New Winter Pineapple. The Only Melon that can be Kept Until Christmas. The color of the flesh is a deep lemon-yellow, and the outer skin is dark green, marked with yellow. The quality is delicious, having a rich, spicy flavor that is not possessed by any other fruit. They very rarely ripen on the vines, so the Melons must be picked off in the fall and put in some cool place. It is usually necessary to place them in a warm room for three or four days before using so as to ripen thoroughly; Price, postpaid, large pkt. 5c.; oz. 15c.; 2 oz. 25c.; $\frac{1}{4}$ lb. 40c.

Emerald Gem. Fruits small to medium size, globular or very slightly flattened at the ends. Skin deep green while young, becoming tinged with yellow as the fruit matures. Flesh deep salmon yellow, thick, ripening close to the rind. Pkt. 4c.; oz. 15c.; 2 oz. 25c.; $\frac{1}{4}$ lb. 40c.; $\frac{1}{2}$ lb. 70c.; lb. \$1.35.

Northern Giant

Northern Giant. The Largest Melon Ever Grown. This variety is well named the "Giant" as it towers up above all others either in the field or market. Largest of all, it often weighs 30 pounds or more. Color of skin is a yellowish-green; the shape is nearly round, slightly flattened. The flesh is light salmon color, rich, melting and sugary. Quite thick meated. This variety ripens clear to the skin, has a small seed cavity. As an exhibition and large market variety it is grand. It will astonish every one by its merits, being exceptionally desirable for family and market purposes. A fine shipper owing to the toughness of the rind. Price postpaid, Large Packet, 5c.; oz. 15c.; 2 oz. 25c.; $\frac{1}{4}$ lb. 40c.; $\frac{1}{2}$ lb. 70c.; lb. \$1.35.

The New Paul Rose. An excellent Shipper; Fine Quality. Fruit Oval, about 5 inches in diameter; one of the very best sorts for the home garden. An exceptionally pure and fine stock grown on our own farms. Pkt. 4c.; oz. 10c.; 2oz. 18c.; $\frac{1}{4}$ lb. 30c.; $\frac{1}{2}$ lb. 50c.; lb. 90c.

Osage or Improved Miller's Cream. Medium sized, oval, slightly ribbed, dark green in color, covered more or less with shallow netting. The flesh is deep salmon color and very thick. We have taken a great deal of pains to develop the thick, deep rich colored and fine flavored flesh of this sort, and a careful comparison on our trial grounds proves it unequalled. Pkt. 4c.; oz. 10c.; 2 oz. 18c.; $\frac{1}{4}$ lb. 35c.; $\frac{1}{2}$ lb. 60c.; lb. \$1.00.

Extra Early Hackensack. One of the most popular; reliable and bountiful yielder; large, handsome, early. Flesh green, rich and sugary. Pkt. 3c.; oz. 8c.; 2oz. 15c.; $\frac{1}{4}$ lb. 25c.; $\frac{1}{2}$ 45c.; lb. 80c.

New Banana. Surpasses all others in delicious flavor. Outside color creamy yellow or straw color. Flesh very solid, of rich salmon color. Should be thoroughly ripe to be of best flavor. Grows from 18 to 24 in. long and is very prolific. When ripe its shape suggests an enormously overgrown Banana, smells like one; a remarkably powerful and delicious fragrance. Pkt. 4c.; oz. 10c.; 2 oz. 15c.; $\frac{1}{4}$ lb. 25c.

Fordhook Early

The Best Water Melons

1 Ounce for 30 hills;
5 Pounds in hills per acre

Cole's Early. The Best Extra Early Melon. The finest Melon ever offered for the amateur and for the home market. Being somewhat brittle will not do for shipping purposes. Very early and will mature in every state. Very hardy, vigorous and a sure cropper. Flesh sweet and delicate in texture, of a deep red color. The rind is thin and the quality of the flesh is sustained clear to the rind. Large packet 4c.; oz. 8c.; 2 oz. 12c.; ¼ lb. 22c.; ½ lb. 35c.; lb. 60c.

Sweetheart. One of the Best. An entirely new and distinct Water Melon, which is early, large, handsome, best quality. Carloads of Sweethearts were sold at fancy prices when no other was salable. Vine vigorous and productive, ripening its fruits early. Fruit large, oval, heavy, uniformly mottled light and dark green; rind thin, but firm; flesh bright red, firm, solid, very sweet and tender. A good keeper. Pkt. 4c.; oz. 7c.; 2 oz. 12c.; ¼ lb. 18c.; ½ lb. 30c.; lb. 50c.

Wonderful Sugar. Excellent new variety. In fact, it has already become so popular that it is grown in some localities to the exclusion of most other sorts. Of large size, Melons of 40 to 60 pounds being of average occurrence. Flesh red and deliciously sugary. Very prolific; does well in any weather. Fine keeper. Pkt. 4c.; oz. 8c.; 2 oz. 12c.; ¼ lb. 22c.; ½ lb. 35c.; lb. 60c.

Ice Cream, or "Peerless" Medium size, almost round, Melon succeeding well in the north. Skin light green, mottled. Flesh red. Pkt. 3c. oz. 7c.; 2 oz. 12c.; ¼ lb. 22c.; ½ lb. 35c.; lb. 60c.

Improved Dixie. A large, oblong shaped Melon of good size. Color dark green striped. Fine shipper. Quality fine. Pkt. 3c.; oz. 5c.; 2 oz. 9c.; ¼ lb. 15c.; ½ lb., 28c.; lb. 55c.

Perfected Kolb's Gem. Fruit of the largest size, round or slightly oval, marked with irregular mottled

stripes of dark and light green, while the under side is of a creamy, yellow color, suggestive always of the most superior quality. Outer rind, or shell, exceedingly hard and firm, making it a good sort for shipping long distances. Flesh bright red, sweet, tender and melting. Pkt. 5c.; oz. 7c.; 2 oz. 12c.; ¼ lb. 18c.; ½ lb. 30c.; lb. 50c.

Harris Early. Sweetest, largest and best shipping early Melon. In form the Melon is oval to oblong; beautifully striped with green and gray, bright red flesh, which is sweet, tender and delicious. It is very productive. It is the Melon for everybody to grow who wants to be first in the market with fine large melons weighing from 20 to 30 pounds. It bears shipment very well, and on account of its extreme earliness, handsome appearance and fine table qualities.

Pkt. 4c.; oz. 7c.; 2 oz. 12c.; ¼ lb. 20c.; ½ lb. 35c.; 60c.

Fordhook Early. Nearly round variety, of large size. Fineshipper. Rind thin and tough. Flesh red and of fine color. Pkt. 3c.; oz. 7c.; 2 oz. 12c.; ¼ lb. 22c.; ½ lb. 35c.; lb. 60c.

Florida Favorite. Enormous size; the flesh is of a beautiful clear crimson, extending clear up the rind, which is hard, thin and beautifully mottled. Pkt. 3c.; oz. 7c.; 2 oz. 12c.; ¼ lb. 18c.; ½ lb. 30c.; lb. 50c.

Georgia Rattlesnake. One of the finest Melons ever grown; a splendid keeper, excellent shipper. Some-

times called Striped Gypsy. A very large Melon of good shipping qualities. Pkt. 3c.; oz. 7c.; 2 oz. 12c.; ¼ lb. 18c.; ½ lb. 30c.; lb. 50c.

Jones' True Jumbo. The Giant of all Melons. One of the most productive and largest of Melons. Color of skin solid green. Flesh very bright and red, almost to rind. Particularly sweet, juicy and melting. Grows to large size, frequently attaining the weight of 40 pounds. Large packet 3c.; oz. 7c.; 2 oz. 12c.; ¼ lb. 18c.; ½ lb. 30c.; lb. 50c.

Mushroom Spawn

Easy to Grow. Quick to Mature.
Delicious to Eat.

A 1 Pound Brick will Plant 10 Square Feet

Mushrooms can be grown in tubs, in flats, but the culture requires careful attention and the temperature of the room must be kept at unhealthful degree. A city man, however, can dig a "dug out" on the north side of his house, roof it over with rough boards and grow enough mushrooms for home use. If he wants to roof over a part an old deserted quarry he can grow mushrooms for the market. Contrary to popular belief, the culture of Mushrooms in a cellar is healthful. They absorb all the moisture and keep the cellar dry and the air pure. On a bed 50 feet square one can do a profitable marketing business.

We can safely assure all Mushroom growers, as well as those who have never grown any, but are on the point of trying it, that they will find Sure Crop Spawn to be all that is claimed for it and more. It produces immense crops and the Mushrooms that are in demand at the very highest market prices.

In order to meet the demand for Sure Crop Spawn, and to provide against deterioration of its producing qualities, our arrangement with the producer is for frequent shipments, which, coupled with the care we give it, renders it absolutely certain that our customers will all be furnished with Spawn that, if they handle it properly, will bring them big returns.

Any cellar, a cave, an old quarry pit, even a dug-out in a city back yard, makes an ideal Mushroom garden. A space the size of an ordinary bed, carefully cultivated, will yield all the Mushrooms that a good-sized family can use.

For a small sum one can buy sufficient Mushroom cakes to plant a large cellar and have an assured income. For an old man, whose days of activity are past, no work offers the chance of an independent, healthful, easy livelihood, equal to Mushroom growing.

Sure Crop Mushroom Spawn. By a newly discovered process of selection and grafting, the spawn is scientifically propagated so that large, vigorous and fine flavored mushrooms are reproduced. Earlier, more productive and a marked improvement on the wild spawn, either French or English. Postpaid, lb. 30c.; 4 lbs. \$1.00. By express or freight at buyer's expense, lb. 20c.; 5 lbs. 95c.; 25 lbs. \$3.75; 100 lbs. \$11.75.

English. Fine variety for all purposes. We import this stock every month, so can always furnish fresh spawn. Price postpaid, lb. 25c.; 5 lbs. \$1.00. By express or freight at buyer's expense, lb. 15c.; 8 lbs. \$1.00; 25 lbs. \$1.95; 100 lbs. \$7.15.

Money Making Onions

Popular Varieties that Have
No Equal

Illinois Golden Globe. Long Keeper. Best Shipper. Perfect Shape. exquisite Color. Splendid Flavor. The most perfect type of the globe-shaped Onion ever offered. It ripens early, has a very small neck, the entire crop drying down at one time. It is an immense cropper, and will yield more marketable Onions to the acre than any strain we are acquainted with. Trial tests have shown this great variety to yield over 2,000 bushels per acre, while under ordinary cultivation the past season, thousands of our customers have reported yields of 1,000 bushels per acre. Remember that we control the entire supply of this variety. Our own growth choicest Northern grown, high grade pedigree stock seed. Large pkt. 4c.; oz. 12c.; 2 oz. 22c.; ¼ lb. 40c.; ½ lb. 70c.; lb. \$1.25.

Ideal White Globe. This is the handsomest of all Onions. It is of true globe form, pure white, hard, small necked, ripening regularly and evenly; a splendid keeper. The flesh is firm and fine grained, and mild to taste. Average yields of 500 to 700 bushels per acre are of frequent occurrence. No market gardener or onion grower can afford to plant inferior stock, with only cheapness of price to recommend it, when seed like ours is to be had so reasonable, the results of planting a few ounces often paying many times the first cost of the best seed. Pkt. 5c.; oz. 20c.; 2 oz. 35c.; ¼ lb. 65c.; ½ lb. \$1.05; lb. \$1.90.

Illinois Blood-Red Globe. The celebrated Blood-Red Globe Onion. One of the most profitable for the market and shipping trade. It is of large size and splendid appearance, and frequently yields from 600 to 800 bushels per acre under average cultivation. It is an Onion of unusual merit. Flesh is firm, finely grained, very rich, yet unusually mild for a red Onion, and is sure to please the most fastidious. The crop is ready to harvest in early fall, and keeps well until the late spring months. Pkt. 4c.; oz. 15c.; 2 oz. 25c.; ¼ lb. 45c.; ½ lb. 80c.; lb. \$1.50.

Perfected Golden Globe. Entirely distinct from Onions of the Danvers type, having notable and striking characteristics of its own. Excels in size, excels in yield, excels in keeping qualities, excels in mildness of flavor. Matures in early fall. It is sure to satisfy the one who buys a packet or the one who sows fifty pounds or more of seed for carload shipments. A truly grand Onion, whose large yellow golden spheres make a beautiful appearance sacked, crated or barreled for the market. Pkt. 4c.; oz. 8c.; 2 oz.; 15c.; ¼ lb. 25c.; ½ lb. 40c.; lb. 75c.

Big Bargains in Onion Seed This Year

To Onion Growers

If you buy ten pounds of any variety, ask for special price. We can save you money on every deal. Our Great Pedigree Onion Seed is the brightest and freshest obtainable.

Extra Early Combination

Nothing Earlier in Onions, Splendid for Pickling. This distinct variety is the very earliest Onion in cultivation. Of a pure paper-white color, very mild and delicate in flavor, from one to one and one-half inches in diameter, and three-fourths of an inch in thickness. Its extreme earliness makes it very valuable for early table use as well as bunch Onions for market. **Pkt. 4c.; oz. 15c.; 2 oz. 28c.; ¼ lb. 50c.; ½ lb. 90c.; lb. \$1.75.**

Extra Early New Queen

A silver skinned variety of quick growth and remarkable keeping qualities. If sown in early Spring it will produce Onions one to two inches in diameter early in Summer; particularly valuable for pickles. **Pkt. 3c.; oz. 12c.; 2 oz. 20c.; ¼ lb. 35c.; ½ lb. 65c.; lb. \$1.25.**

New White Silverskin

The Best White Onion. This is the standard white variety for general culture. The bulbs grow to good size, ripening early and quite evenly. It is a good keeper. The flesh is mild and sweet, the skin a silvery white. **Large pkt. 4c.; oz. 15c.; 2 oz. 25c.; ¼ lb. 45c.; ½ lb. 80c.; lb. \$1.50.**

Extra Early Red

Beautiful and flat shaped variety of fine appearance. Very prolific. **Pkt. 3c.; oz. 10c.; 2 oz. 18c.; ¼ lb. 30c.; ½ lb. 50c.; lb. 90c.**

Round or Yellow

Flat Danvers. Ideal in every respect for market purposes. Skin is thin, of a rich straw color; flesh is pearly white, fine grained, firm, mild and of excellent quality. Ripens exceedingly early, keeps well. **Pedigree stock seed, Pkt. 3c.; oz. 7c.; 2 oz. 12c.; ¼ lb. 20c.; ½ lb. 35c.; lb. 58c.**

Early White Welsh

For Green Onions. This kind does not form a bulb, but is one of the best kinds for "green Onions." The plants are perennials and can remain in the ground for years. **Pkt. 4c.; oz. 15c.; 2 oz. 25c.; ¼ lb. 45c.; ½ lb. 80c.; lb. \$1.50.**

See pages 12 and 13
for Grand
NEW ONIONS

Extra Early Combination

Large Red Wethersfield

New White Silverskin

Selected Yellow Strasburg or Dutch.

Bulbs are quite flat and of good size, skin yellow, of darker color than the Danvers; flesh white of mild flavor; keeps well. This is the variety that is used the most extensively for growing yellow onion sets. A great yielder and a splendid keeper. **Pkt. 3c.; oz. 8c.; 2 oz. 15c.; ¼ lb. 25c.; ½ lb. 45c.; lb. 85c.**

Large Red Wethersfield

The Standard Red Onion. A Leading Variety North, South, East and West. Our large Red Wethersfield is a grand variety and a general favorite. Our stock is excellent, being saved from carefully selected bulbs only. Free from necky and misshapen bulbs, and will invariably grow to a large size under proper conditions. The surface color is a rich dark red. It is an early variety to mature and a fine keeper. The flavor is mild and good. **Large Pkt. 4c.; oz. 10c.; 2 oz. 18c.; ¼ lb. 35c.; ½ lb. 60c.; lb. \$1.10.**

Powhattan.

The best Globe Danvers Ever Grown. Sure Cropper, long keeper, unequaled shipper. The most perfect type of the globe-shaped onion ever offered. It ripens early, has a very small neck, the entire crop maturing at one time. It is an immense cropper, and will yield more marketable Onions to the acre than any strain. Trial tests have shown this great variety to yield over 2,000 bushels per acre, thousands of our customers have reported yields of 1,000 bushels per acre. **Choicest Northern grown high-grade Pedigree stock seed, pkt. 5c.; oz. 12c.; 2 oz. 20c.; ¼ lb. 35c.; ½ lb. 65c.; lb. \$1.25.**

Southport White Globe

Of vigorous growth, producing large, white Onions of fine, mild quality. Excellent keeper. **Pkt. 4c.; oz. 12c.; 2 oz. 22c.; ¼ lb. 40c.; ½ lb. 75c.; lb. \$1.40.**

Southport Golden

Yellow Globe. Thin, pale flesh firm, white and mild. Good cropper in all localities. **Pkt. 4c.; oz. 8c.; 2 oz. 15c.; ¼ lb. 25c.; ½ lb. 40c.; lb. 75c.**

Southport Red Globe

Skin deep purplish red; flesh white and solid. Fine keeper and shipper. **Pkt. 4c.; oz. 12c.; 2 oz. 20c.; ¼ lb. 35c.; ½ lb. 60c.; lb. \$1.10.**

Bottom Onion Sets

Big Bargains
In
Onion Sets

New White Potato Sets

Northern Grown Onion Sets

Bottom Onion Sets are simply little wee Onions grown from the black seed planted late and thick. They are about as big as the end of your finger, and when set out in the spring they come quick and make nice green Onions for bunching, or if left will bottom down and make big Onions like the ones from seed only lots earlier. We can furnish them in red, yellow or white at the following low prices:

Choicest White Bottom. Postpaid, pt. 12c.; qt. 20c. By express or freight not prepaid, $\frac{1}{4}$ bu. 30c.; $\frac{1}{2}$ bu. 55c.; $\frac{3}{4}$ bu. \$1.05; bu. (32lbs.) \$1.85

Choicest Red Bottom. Postpaid, pt. 12c.; qt. 20c.; By express or freight, not prepaid, $\frac{1}{2}$ bu. 30c.; $\frac{1}{4}$ bu. 50c.; $\frac{1}{2}$ bu. 95c.; bu. (32lbs.) \$1.75.

Choicest Yellow Bottom. Postpaid, pt. 12c.; qt. 20c.; By express or freight not prepaid, $\frac{1}{2}$ bu. 30c.; $\frac{1}{4}$ bu. 50c.; $\frac{1}{2}$ bu. 90c.; bu. (32lbs.) \$1.65.

Top or Button Sets. Summer variety of exceptional merit. One of the best varieties grown. Postpaid, pt. 20c.; qt. 35c.; By express or freight not prepaid, $\frac{1}{2}$ bu. 60c.; $\frac{1}{4}$ bu. \$1.10.

New White Multiplier Sets. Extremely early and a fine keeper; valuable for both home and market purposes. Postpaid, pt. 20c.; qt. 35c. By express or freight not prepaid, $\frac{1}{2}$ bu. 60c.; $\frac{1}{4}$ bu. \$1.10.

Egyptian or Perennial Tree Sets. This variety never forms a large bulb. Immensely productive and perfectly hardy. Being Perennial, they will, if left in the ground, continue growing for an indefinite time, increasing both from the bottom and from sets produced from the top of the stalks. Especially adapted for producing green Onions for spring or fall use. Postpaid, pt. 15c.; qt. 25c. By express or freight not prepaid, $\frac{1}{2}$ bu. 30c.; $\frac{1}{4}$ bu. 50c.; $\frac{1}{2}$ bu. 95c.; bu. (28 lbs.) \$1.75.

New White Potato Sets. Of fine silvery white color, producing 20 bulbs in a cluster from a single bulb planted. Of excellent size and quality for bunching green. Can also be ripened for use as Pickling Onions. Postpaid, pt. 22c.; qt. 40c. By express or freight not prepaid, $\frac{1}{2}$ bu. 60c.; $\frac{1}{4}$ bu. \$1.15.

Shallots or Yellow Multipliers. A very desirable variety resembling the White Multiplier except in color, which is a rich straw shade. Postpaid, pt. 20c.; qt. 35c. By express or freight, not prepaid, $\frac{1}{2}$ bu. 50c.; $\frac{1}{4}$ bu. 95c.

Yellow Potato Sets. Similar to White Potato except in color, which is of a bright golden yellow. Postpaid, pt. 20c.; qt. 35c. By express or freight not prepaid, $\frac{1}{2}$ bu. 60c.; $\frac{1}{4}$ bu. \$1.15.

Prices on Onion Sets Subject to Change Without Notice

Parsnips

New Sugar. A very fine and greatly improved strain of Hollow Crown Parsnip, which we can recommend to all market men as a money-maker. The roots are smooth, not so long as those of the standard sort, somewhat thicker in diameter and much more easily pulled. A very heavy cropper. **Large pkt.** 5c.; oz. 8c.; 2 oz. 15c.; $\frac{1}{4}$ lb. 25c.; $\frac{1}{2}$ lb. 40c.; 1b. 75c.

Hollow Crown, or Long White. Roots comparatively short, ending somewhat abruptly with a small tap root, grows mostly below the surface, has a very smooth, clean skin, easily distinguished by the leaves arising from a depression on top or crown of the root. **Pkt.** 3c.; oz. 6c.; 2oz. 9c.; $\frac{1}{4}$ lb. 12c.; $\frac{1}{2}$ lb. 20c.; 1b. 35c.

New Maltese. An improved strain, which has given general satisfaction. The roots do not grow so long as those of the Hollow Crown, but are of greater diameter and more easily gathered. Of excellent quality. **Pkt.** 4c.; oz. 6c.; 2oz. 9c.; $\frac{1}{4}$ lb. 12c.; $\frac{1}{2}$ lb. 20c.; 1b. 45c.

New Moss Curled Parsley

Parsley

New Moss Curled. A greatly improved type of this useful class of herbs. Most exquisite in form and color. Invaluable as a garnishing plant, and suited for mixing with dwarf, ornamental foliage plants in the garden. **Pkt.** 3c.; oz. 6c.; 2oz. 10c.; $\frac{1}{4}$ lb. 18c.; $\frac{1}{2}$ lb. 30c.; 1b. 50c.

The Best Peas

McLean's Little Gem

Earliest of All, or Alaska

American Wonder

BEST
LOWEST PRICES
SEEDS

McLean's Little Gem. Best Dwarf Early Pea. The earliest wrinkled pea in existence. A very luxuriant grower, that withstands dry spells better than almost any known sort. The vines attain a height of 17 inches and require no sticking. Wonderfully prolific, the pods are from $2\frac{1}{2}$ to 3 inches long and always well filled. Pkt. 7c.; $\frac{1}{2}$ pt. 15c.; pt. 25c.; qt. 40c.

Great Northern First and Best. By most careful comparison we are convinced that this is the earliest and most even stock of White Extra Early Peas in existence, maturing so well together that a single picking will secure the entire crop. Vines vigorous and hardy, 2 to $2\frac{1}{2}$ feet high, unbranched, bearing 3 to 7 straight pods, having 5 to 7 medium sized, smooth Peas of good quality. Pkt. 6c.; $\frac{1}{2}$ pt. 12c.; pt. 20c.; qt. 35c.

Earliest of All, or Alaska

By careful selection and growing we have developed a stock of this smooth, blue Pea which in evenness of growth of vine and early maturity of pods is unequaled by any other extra early Pea. Vines 2 to $2\frac{1}{2}$ feet high, are unbranched, bearing 4 to 7 long pods, which are filled with medium sized, dark green Peas of excellent flavor. Has always maintained the highest reputation with gardeners for its earliness, productiveness and fine quality and it is the perfection of Peas, both for earliness and uniform habit in its growth. One of its great features is that the crop is almost ready for the market at once, and the whole crop can be harvested in one or two pickings. These are very desirable features and just what the gardener requires, and every one should plant this great money-making Pea.

Pkt. 6c.; $\frac{1}{2}$ pt. 12c.; pt. 20c. qt. 35c.

Nott's New Excelsior

American Wonder. The Standard American Early Pea. This is a grand, blue, dwarf, wrinkled Pea. It is extremely early, growing from 10 to 17 inches high, and literally fills itself with large pods, which ripen very evenly in 45 to 50 days. This variety should be grown in every garden, as it requires no sticking, being of such dwarf habit, but bears more than the taller sorts. Our stock is limited, so order early, Pkt. 6c.; $\frac{1}{2}$ pt. 15c.; pt. 25c.; qt. 40c.

Nott's New Excelsior. The Best Extra Early Dwarf Pea. It combines to a wonderful degree the good qualities of the American Wonder and Premium Gem Peas without their deficiencies. The vines are larger and more vigorous than American Wonder, and earlier and more prolific than Premium Gem. The Peas in sweetness and quality are unsurpassed; a most desirable sort for the market gardener and the best of all for the home garden. Pkt. 7c.; $\frac{1}{2}$ pt. 15c.; pt. 25c. qt. 40c.

Extra Early Philadelphia

A very valuable and improved strain of famous Philadelphia, Extra Early. Ready for table use in 45 days; grows about two feet high; Pkt. 6c.; $\frac{1}{2}$ pt. 10c.; pt. 16c.; qt. 30c.

New Maud S. A new and immensely popular extra early variety, growing about 30 inches high; wonderfully productive, pods are of fine size and always well filled; noted for its uniformity of ripening, making it one of the most valuable Peas for market use. One of the very best for family purposes. Pkt. 7c.; $\frac{1}{2}$ pt. 12c.; pt. 20c.; qt. 35c.

New Everbearing. The great continuous, everbearing variety, which gives it special value for late Summer and Autumn use. Stout vines growing eighteen inches or more high, bearing at the top large quantities of broad pods containing 6 to 8 large wrinkled Peas. Quality unsurpassed. Pkt. 6c.; $\frac{1}{2}$ pt. 15c.; pt. 25c. qt. 40c.

New Early Prosperity or Gradus

Grant's Favorite

The Best Peas

See Page 14 for New Varieties of Peas

New Early Prosperity or Gradus. The New Extra Early Wrinkled Pea. The immense pods are as large as those of the Telephone, uniformly well shaped and handsome, and more attractive than those of other First Earlys. They ripen slowly and continue fit for use much longer than most varieties, making this by far the most desirable sort for the home garden. The Peas are very large, of splendid quality and beautiful color, which they retain after cooking. This variety is practically the same as what is being offered as "Prosperity." We have taken great pains to secure true stock and have it well grown, so we are sure that everyone who purchase our seed will be pleased with this variety. Every gardener should try it. Pkt. 8c.; $\frac{1}{2}$ pt. 15c.; pt. 25c.; qt. 45c.

Improved Stratagem. The Best Pea for Main Crop. By constant effort we have succeeded in producing a stock of this, the best of its class, which always comes true, and we do not hesitate to pronounce it the best of the large podded sorts. The pods are of the largest size, and always filled with very large, dark green Peas of the finest quality. One of the very best varieties for the market gardener as well as for the home garden. Pkt. 7c.; $\frac{1}{2}$ pt. 12c.; pt. 20c.; qt. 35c.

Grant's Favorite. Most Popular, Large Podded, Late Pea. This new variety is unquestionably the finest medium and late Pea ever offered, coming into use just after the early varieties are through bearing. This trait alone makes it an exceptionally valuable sort. The pods are of good size and always well filled with exceptionally sweet and highly flavored Peas. It is nearly an upright grower, but will do better if staked or planted along a fence. It will please you either for family, market garden or shipping purposes. Pkt. 8c.; $\frac{1}{2}$ pt. 15c.; pt. 25c.; qt. 40c.

Improved Champion of England. Universally admitted to be one of the richest and best flavored Peas and very productive. Height 4 to 5 feet. We consider this variety equal in quality to any in cultivation. Pkt. 5c.; $\frac{1}{2}$ pt. 8c.; pt. 15c.; qt. 28c.

Luscious Melting Sugar. The Pea that Fairly Melts in Your Mouth. This variety is far superior to all others of the edible podded class of garden Peas, not only in size of pod, but also in delicious quality, in which the large, sweet, brittle and succulent pods have none of the tough, inner lining found in so many of the ordinary varieties of garden Peas. They are used in the same way as snap or string Beans; the pods are very large, straight, smooth, extremely tender, so brittle that they snap, and without any string. Of most delicious flavor. Vines grow from three to four and one-half feet high and bear profusely. Pkt. 7c.; $\frac{1}{2}$ pt. 12c.; pt. 20c.; qt. 35c.

Dwarf Telephone or Daisy. This is a dwarf variety, bearing large, handsome pods like Telephone, but without long vines, and grows more dwarf than Stratagem. It is of dwarf, stocky habit, healthy vigorous growth, and very productive. In season, medium, from 5 to 7 days earlier than Stratagem. The pods are long, frequently measuring 5 inches in length, broad, rounded or curved at the end, remarkably well filled; color pale-green, thick, and of good lasting quality. Pkt. 7c.; $\frac{1}{2}$ pt. 15c.; pt. 25c.; qt. 40c.

Thomas Laxton. A comparatively new variety of large-podded Pea. The quality is delicious, and cannot be surpassed by any other variety. The Thomas Laxton will mature nearly as early as any of the extra early smooth Peas, and being a wrinkled sort is much sweeter. Postpaid, Pkt. 7c.; $\frac{1}{2}$ pt. 15c.; pt. 25c.; qt. 45c.

Large White Marrowfat. An excellent variety, growing about 5 ft. high. Pods large; prolific bearer; can be recommended as one of the best of Marrowfat sorts. Nearly all prosperous and economical farmers prize this variety very highly for sowing with Oats for feeding to stock. It is excellent to fatten hogs and other stock when Peas commence to harden. Sow two bushels per acre with oats. Try it. Pkt. 5c.; $\frac{1}{2}$ pt. 8c.; pt. 15c.; qt. 28c.

The Best Peppers

Chinese Giant. The New Mango Pepper. Double the size of Ruby King, this is the largest and finest mild Red Pepper. Its enormous size and magnificent appearance make it sell more readily. The plant is vigorous in growth, but of stocky habit seldom more than two feet in height. They are well branched and thickly covered with enormous fruit. The Mammoth Peppers are of thick, blocky form and of most brilliant glossy scarlet; they grow 4 or 5 inches broad at the top and are about the same length. **Large pkt. 5c.; oz. 20c.; 2oz. 38c.; ¼ lb. 70c.**

Long Red Cayenne. The Red Hot Pepper. Indispensable variety; in use everywhere. Pods small, cone-shaped; scarlet-red when ripe. Strong and pungent. **Large pkt. 3c.; oz. 12c.; 2 oz. 22c.; ¼ lb. 40c.**

New Ruby King. Popular, large fruited variety of great merit. Flesh very thick, sweet and so mild that it is often eaten sliced as a salad. **Pkt. 4c.; oz. 15c.; 2 oz. 28c.; ¼ lb. 50c.**

Large Bell or Bull Nose. Of good size; very dark color when ripe. **Pkt. 3c.; oz. 12c.; 2 oz. 22c.; ¼ lb. 40c.**

Celestial. Beautiful ornamental variety. Fruits are small and very hot. **Pkt. 4c.; oz. 15c.**

Fine Mixed. Comprises all the well known and standard sorts as well as most of the novelties and less common sorts. **Pkt. 4c.; oz. 20c.; 2 oz. 35c.; ¼ lb. 65c.**

See page
14 for
New Peppers

Pie Plant, or Rhubarb

It is now cultivated to a great extent, and indispensable wherever it is known. Sow the seed early in the Spring, in rows one foot apart; the second year after planting they can be removed in Autumn to the permanent place in the garden allotted to them; plant the roots two feet apart each way, in ground that is well enriched, at least two feet deep. Rhubarb can be cured for Winter use by cutting the stalks into small pieces; string them and expose to the sun until perfectly dry; keep in a dry place until wanted. **One ounce of seed gives 500 plants.**

Western Market. Finest variety, very productive. Fine large size and very early. Has a flavor similar to the Gooseberry. This is without doubt the finest variety in existence. **Pkt. 3c.; oz. 8c.; 2 oz. 15c.; ¼ lb. 25c.; ½ lb. 40c.; 1 lb. 75c.**

Rhubarb or Pie Plant Roots. A saving of from two to three years is made by planting the roots. We have well established roots of the above variety. **Price, by mail, prepaid, 15c. each; \$1.50 per doz. By express or freight not prepaid 12c. each. \$1.150 per doz. 100 for only \$6.75.**

Pumpkin

(1 Ounce for 50 Hills)

King of the Mammoths. Prize Winner Everywhere. Most Profitable Variety That Can Be Grown. Wonderfully grand and colossal variety, astonishing everyone by its mammoth size and heavy weight. Think of it, a single Pumpkin weighing 469 pounds! It is one of the best pie and table varieties grown. A splendid keeper and exceptionally valuable for feeding purposes. **Large pkt. 5c.; oz. 15c.; 2 oz. 25c.; ¼ lb. 40c.; ½ lb. 60c.; 1 lb. \$1.00.**

New Japanese Pie. The seeds are distinct in appearance, being curiously sculptured in the same manner as Japanese letters. It is a very productive variety, the Pumpkins ripen early, of medium size, good keepers and weigh 15 to 20 pounds each. The flesh is a rich salmon, unusually fine grained, and when cooked or stewed is almost as dry and mealy as a sweet potato. For making pies, custard, etc., they certainly have no equal. **Large pkt. 4c.; oz. 8c.; 2 oz. 15c.; ¼ lb. 25c.; ½ lb. 40c.; 1 lb. 75c.**

Big Tom or Yankee Pie. A splendid Pumpkin, medium size, but it is of delightful quality, just the quality to make excellent pies, such good old-fashioned Pumpkin pies as "mother used to make." It is extremely early, remarkably prolific, yielding 6 to 12 medium-sized Pumpkins to a vine, of great excellence; flesh very thick, fine grained, sweet, sugary and of splendid quality for pies. **Oz. 5c.; 2 oz. 8c.; ¼ lb. 12c.; ½ lb. 20c.; 1 lb. 35c.**

Sugar or Pie. A small Pumpkin about 12 inches in diameter, round flattened, skin orange, flesh deep yellow, fine grained and very sweet. **Pkt. 3c.; oz. 6c.; 2 oz. 10c.; ¼ lb. 18c.; ½ lb. 30c.; 1 lb. 50c.**

Large Cheese. Popular for pies and table use; large, flat-round; creamy yellow skin; thick orange flesh of fine quality. **Pkt. 3c.; oz. 5c.; 2 oz. 9c.; ¼ lb. 15c.; ½ lb. 25c.; 1 lb. 45c.**

Large Yellow Field. A productive, large, orange colored field Pumpkin, usually grown for stock feeding, but also fine for pies. **Oz. 5c.; 2 oz. 8c.; ¼ lb. 12c.; ½ lb. 28c.; 1 lb. 35c.**

As Represented. We guarantee our seeds to be just as represented. If they prove otherwise, will refill the order free of charge; but it must be understood we do not guarantee the crop any further than to refill the order.

SEEDS

Early Red Bird. The earliest Red Radish. The quickest of all. Matures in 14 days. Quick growth; is one of the main essentials for a crisp and tender Radish. The flesh is pure white, crisp and of very pleasant flavor; the skin is a most attractive bright scarlet. **Large** pkt. 5c.; oz. 8c.; 2 oz. 15c.; $\frac{1}{4}$ lb. 25c.; $\frac{1}{2}$ lb. 40c.; lb. 75c.

Early Snow White. The earliest White Radishes. Without an equal. Matures in 14 days. Identical to Red Bird except in color, which is Snow White. **Large** pkt. 5c.; oz. 8c.; 2 oz. 15c.; $\frac{1}{4}$ lb. 25c.; $\frac{1}{2}$ lb. 40c.; lb. 75c.

New Early Eclipse. The handsomest and best early Radish. Ready for the table 14 days after planting. Of ideal shape and size, color bright scarlet with white tip. Flesh clear white, very crisp, fine flavor. **Large** pkt. 5c.; oz. 8c.; 2 oz. 15c.; $\frac{1}{4}$ lb. 25c.; $\frac{1}{2}$ lb. 40c.; lb. 75c.

New Icicle. The finest long white Radish grown. Entirely distinct, long, slender, pure white. Very early; it is ready for use fully as early as the Long Scarlet. **Large** pkt. 4c.; oz. 6c.; 2 oz. 10c.; $\frac{1}{4}$ lb. 15c.; $\frac{1}{2}$ lb. 25c.; lb. 40c.

Improved French Breakfast. Medium sized, olive shaped, small top, of quick growth, very crisp and tender, of a beautiful scarlet color, except near the tip, which is pure white. **Pkt. 3c.;** oz. 6c.; 2 oz. 10c.; $\frac{1}{4}$ lb. 18c.; $\frac{1}{2}$ lb. 28c.; lb. 50c.

Earliest Scarlet Turnip. One of the earliest, finest, juiciest, tenderest, sweetest and best Radishes for early use grown. Rich red color; flesh white. **Pkt. 3c.;** oz. 6c.; 2 oz. 10c.; $\frac{1}{4}$ lb. 15c.; $\frac{1}{2}$ lb. 22c.; lb. 35c.

New White Lady Finger. Beautiful in shape and the skin and flesh are pure snow white. Crisp, brittle and of rapid growth. **Pkt. 3c.;** oz. 6c.; 2 oz. 10c.; $\frac{1}{4}$ lb. 15c.; $\frac{1}{2}$ lb. 22c.; lb. 35c.

Mammoth Celestial. Most wonderful of all. Fine for use during the fall and early winter. Roots frequently grow 14 to 18 inches in length and 6 to 8 inches in diameter. Skin and flesh pure paper white; very tender, crisp, juicy, mild. **Pkt. 5c.;** oz. 8c.; 2 oz. 15c.; $\frac{1}{4}$ lb. 25c.; $\frac{1}{2}$ lb. 40c.; lb. 70c.

Earliest Scarlet Turnip

See page 15
For Novelty Radish

Chinese Rose—Winter

Earliest White Turnip. A favorite standard variety, of extremely quick growth; sweet, juicy and tender. Beautiful ivory white color; flesh pure white. **Pkt. 3c.;** oz. 6c.; 2 oz. 10c.; $\frac{1}{4}$ lb. 15c.; $\frac{1}{2}$ lb. 22c.; lb. 35c.

Improved Chartiers or Shepherd. Early, long red sort with white tip. Flesh white, sweet, crisp and firm. **Pkt. 3c.;** oz. 6c.; 2 oz. 10c.; $\frac{1}{4}$ lb. 15c.; $\frac{1}{2}$ lb. 22c.; lb. 35c.

New Triumph. Matures in about 14 days. The roots are of globular form. The flesh is very crisp and solid and of mild, pleasing flavor. Its most attractive and distinctive feature, however, is the unique color of the skin. The ground color is beautiful ivory white, striped horizontally and splashed with bright scarlet. **Pkt. 3c.;** oz. 6c.; 2 oz. 10c.; $\frac{1}{4}$ lb. 15c.; $\frac{1}{2}$ lb. 25c.; lb. 40c.

Chinese Rose. Roots cylindrical, or largest at the bottom, tapering abruptly to a small tap-root, skin smooth and of a bright rose color; flesh firm, crisp, tender and quite pungent. **Pkt. 3c.;** oz. 6c.; 2 oz. 10c.; $\frac{1}{4}$ lb. 15c.; $\frac{1}{2}$ lb. 25c.; lb. 40c.

Early Deep Scarlet Olive Shaped. In the form of an olive, terminating in very slim tap root. Skin scarlet; neck small flesh rose colored, tender and excellent. **Pkt. 3c.;** oz. 6c.; 2 oz. 10c.; $\frac{1}{4}$ lb. 15c.; $\frac{1}{2}$ lb. 22c.; lb. 35c.

Early White Olive Shaped. Different from the Scarlet Olive Shaped in color and a little longer. Clear white, crisp and mild flavored. **Pkt. 3c.;** oz. 6c.; 2 oz. 10c.; $\frac{1}{4}$ lb. 15c.; $\frac{1}{2}$ lb. 22c.; lb. 35c.

Mixtures

All the best sorts, shades and colors

Earliest Radishes Mixed. All the best early sorts in fine assortment whites, reds, pinks, longs and shorts. **Pkt. 4c.;** oz. 7c.; 2 oz. 12c.; $\frac{1}{4}$ lb. 18c.

Summer Radishes Mixed. A carefully mixed assortment of such varieties as will come into use after the extra earlies. **Pkt. 4c.;** oz. 7c.; 2 oz. 12c.; $\frac{1}{4}$ lb. 18c.

Winter Radishes Mixed. All the best varieties for late uses. These grow rapidly and are as crisp and sweet as the earliest spring sorts. **Pkt. 4c.;** oz. 7c.; 2 oz. 12c.; $\frac{1}{4}$ lb. 18c.

Salsify

New Mammoth Salsify

Often Called Vegetable Oyster

A truly American variety of the highest merit. Recently originated and offered by us and sprang into immediate popularity. The long, white tapering roots are of the most superior quality, exceeding by far any variety now on the market. Plant and care for it the same as Parsnips. Nothing difficult or mysterious about it. Do not leave the roots in the ground too late in the spring, as they sprout and soon deteriorate, but they may be left all winter without damage. Flavor strongly resembles that of the oyster after cooked. Our seed is limited this year and we advise early orders. Pkt. 5c.; oz. 10c.; 2 oz. 18c.; $\frac{1}{2}$ lb. 35c.; $\frac{3}{4}$ lb. 60c.; lb. \$1.00.

**Makes a Delicious
Dish of Greens**

1 ounce will plant 50 ft. rows; 4 to 5 pounds for an acre.

Improved Round Summer Broadleaf. This variety is generally preferred for early spring sowing, and is the most popular with our market gardeners. The leaves are large, thick, and fleshy; though not quite as hardy as the Prickly Winter, it stands the winter very well. Pkt. 2c.; oz. 4c.; 2 oz. 7c.; $\frac{1}{4}$ lb. 10c.; $\frac{3}{4}$ lb. 18c.; lb. 30c.

All Seasons. Matures very early and remains in condition to use long after most other sorts are gone. Pkt. 4c.; oz. 7c.; 2 oz. 10c.; $\frac{1}{4}$ lb. 15c.; $\frac{3}{4}$ lb. 25c.; lb. 40c.

Spinach—All Seasons

The Best Squash

Two ounces for 50 hills. Bush varieties 5 to 6 lbs., and running varieties 3 to 4 lbs., in hills for an acre.

New Golden Custard Bush. Standard Early Summer Variety. It is far superior to any Pumpkin for making pies, exceeds in size any of the other scalloped sorts, frequently being two feet in diameter. Matures extremely early; very flat and nicely scalloped; color dark, rich, golden yellow; flesh pale yellow and finely flavored. Packet 3c.; oz. 7c.; 2 oz. 12c.; $\frac{1}{4}$ lb. 18c.; $\frac{3}{4}$ lb. 35c.; lb. 65c.

Boston Marrow. Very early and prolific variety. Outside color, dark orange yellow; flesh deep, fine grained and dry. Pkt. 4c.; oz. 6c.; 2 oz. 10c.; $\frac{1}{4}$ lb. 18c.; $\frac{3}{4}$ lb. 30c.; lb. 50c.

New Giant Summer Crookneck. The Best Early Squash. A great favorite with market gardeners as well as private planters, being twice as large as ordinary Crookneck. It is more warty and earlier. Of dwarf, bushy habit and extremely productive. Flesh creamy yellow, dry and of the most agreeable flavor; so much so that it is one of the most esteemed of the early varieties. Our seed is saved from the finest specimens only. Large packet 3c.; oz. 8c.; 2 oz. 15c.; $\frac{1}{4}$ lb. 25c.; $\frac{3}{4}$ lb. 45c.; lb. 85c.

See Pages 15 and 16 for
NEW SQUASHES

Golden Custard

New Giant Summer Crookneck

Great Northern Hubbard. The Best Late Squash for All Purposes. The Old Favorite. This is a superior selection of this famous variety and one of the best winter Squashes; flesh bright orange yellow, fine grained, very dry, sweet and rich flavored; keeps perfectly good throughout the winter; boils or bakes exceedingly dry and is esteemed by many to be as good baked as a Sweet Potato. Our stock is most carefully selected. Packet 4c.; oz. 12c.; 2 oz. 20c.; $\frac{1}{4}$ lb. 35c.; $\frac{3}{4}$ lb. 55c.; lb. 95c.

New Delicata. Extremely early and prolific. Of medium size, color light splashed with dark green. Quality rich and dry. Pkt. 3c.; oz. 6c.; 2 oz. 11c.; $\frac{1}{4}$ lb. 18c.; $\frac{3}{4}$ lb. 35c.; lb. 65c.

Mammoth White Bush. Often called "Patty Pan." Creamy white skin; flesh of fine quality, very prolific. Pkt. 3c.; oz. 7c.; 2 oz. 12c.; $\frac{1}{4}$ lb., 18c.; $\frac{3}{4}$ lb. 35c.; lb. 65c.

Mammoth Prize. The largest Squash known. Specimens have been grown weighing 195 pounds. Fine table variety. Pkt. 5c.; oz. 15c.; 2 oz. 25c.; $\frac{1}{4}$ lb. 40c.; $\frac{3}{4}$ lb. 75c.; lb. \$1.35.

Perfect Gem. Wonderfully productive summer variety. Flesh fine grained and cooks dry and sweet; rich delicious flavor. Pkt. 4c.; oz. 8c.; 2 oz. 14c.; $\frac{1}{4}$ lb. 25c.; $\frac{3}{4}$ lb. 45c.; lb. 80c.

Great Northern Hubbard

The Best Tomatoes

1 oz. for 1500 Plants
 $\frac{1}{4}$ lb. Seed for Acre

New Earliana

New Earliana. The Earliest, Smooth, Bright Red Tomato of Good Size and Flavor now in Cultivation. Grow closely together in clusters of 5 to 8, all medium size, averaging $2\frac{1}{2}$ inches in diameter; they are smooth and solid, quite thick through, and free from rough cracks or ribs. The flesh is deep red, with solid center and small seed cells; slightly acid flavor. A specimen plant had by actual count forty-five ripened fruits at time of first picking and thirty-five green ones of good size, and the whole plant could be completely hidden by an ordinary bushel basket. Our seed is absolutely the best it is possible to produce. Large pkt. 5c.; oz. 20c.; 2 oz. 35c.; $\frac{1}{4}$ lb. 60c.; $\frac{1}{2}$ lb. \$1.10; lb. \$2.00.

New Stone

Mansfield Tree or Mammoth Prize. One of the largest Tomatoes grown; possesses every good quality to be found in a Tomato. Specimens often weigh three pounds. Almost seedless. Vines often attain the height of 15 feet. Fruit very highly colored; smooth. One of the very best table and market sorts. Pkt. 5c.; oz. 35c.; 2 oz. 60c.; $\frac{1}{4}$ lb. \$1.10.

Early Dwarf Champion. A General Favorite. The dwarf habit and tree-like growth permit close planting. Hard to beat for home use. Color purplish pink. Fruit smooth, symmetrical, solid and meaty. A deservedly great favorite. Those who grow Tomato plants to sell will find Early Dwarf Champion highly profitable; the compact growth of the young plants commending them to the buyer. Pkt. 4c.; oz. 18c.; 2 oz. 35c.; $\frac{1}{4}$ lb. 60c.; $\frac{1}{2}$ lb. \$1.00; lb. \$1.90.

Livingston's Beauty. We have been perfecting this to a larger, smoother fruit than the original stock, and think we have made it the best and smoothest of the large purple sorts. Vines large, vigorous and heavy bearers; flesh light pink; excellent flavor. Pkt. 3c.; oz. 12c.; 2 oz. 22c.; $\frac{1}{4}$ lb. 40c.; $\frac{1}{2}$ lb. 75c.; lb. \$1.40.

New Plum. Fruit true Plum shape. Clear, deep flesh and fine flavored. Much esteemed for preserves. Large pkt. 4c.; oz. 18c.

New Pear. Used for preserves and to make "Tomato Figs." Our stock will always come true to name. Large pkt. 4c.; oz. 18c.

Finest Mixed Hybrids. Comprising all the newest and best sorts as well as all the standard varieties; reds, yellows, whites, large and small; round and fancy fruited; all are included. Pkt. 4c.; oz. 20c.; 2 oz. 35c.; $\frac{1}{4}$ lb. 60c.

New Giant Everbearing. The most profitable variety to grow. Always in fruit from early summer until killed by late frosts. Be sure to include this finest of all Tomatoes in your order. Pkt. 10c.; oz. 35c.; 2 oz. 60c.; $\frac{1}{4}$ lb. \$1.00; $\frac{1}{2}$ lb. \$1.75; lb. \$3.00.

New Stone. Handsome, large, round red fruit of good appearance. Solid, firm, and fine for slicing. Pkt. 4c.; oz. 12c.; 2 oz. 22c.; $\frac{1}{4}$ lb. 40c.; $\frac{1}{2}$ lb. 75c.; lb. \$1.40.

Improved Ponderosa. This is one of the largest, most beautiful and most productive Tomatoes ever grown. The color is a rich, bright crimson. The skin is thin, but so tough as to preserve the fruit a long time in good condition. The fruit ripens evenly to the stem, and is fairly smooth with no hard core, and in flavor is unsurpassed. The foliage differs from all others, the leaves being entire, and not cut or deeply lobed, resembling potato foliage. In fruiting capacity it is enormous, single fruits often weighing 2 or 3 lbs. each. All solid meat and exceptionally free from seeds. A single Tomato is enough for a meal. Our stock is very choice and sure to please. Large pkt. 5c.; oz. 25c.; 2 oz. 45c.; $\frac{1}{4}$ lb. 80c.; $\frac{1}{2}$ lb. \$1.50; lb. \$2.75.

Favorite. A large, handsome, uniformly shaped Tomato; solid, smooth and bright scarlet; ripens evenly. Pkt. 3c.; oz. 12c.; 2 oz. 22c.; $\frac{1}{4}$ lb. 40c.; $\frac{1}{2}$ lb. 70c.; lb. \$1.30.

Early Acme. Well known early variety; medium size, smooth, solid and prolific. Color purplish pink. Pkt. 3c.; oz. 12c.; 2 oz. 22c.; $\frac{1}{4}$ lb. 40c.; $\frac{1}{2}$ lb. 75c.; lb. \$1.40.

New Tree or Station. The Best Early. Remarkably Prolific; Flesh Thick and Tender. This Tomato owes its popularity to its stiff, vigorous, upright growth, with fruit well above the soil, and to the earliness with which it reaches its maturity. The plants are strong and vigorous, bearing an abundance of large, smooth fruit of a beautiful purplish crimson color similar to Acme. The flesh is remarkably thick, firm and solid, and of very fine quality, with very few seeds. It is an excellent shipper; does not crack or rot, as is the case with many of the old sorts. Size medium. Table quality superior. It is one of the best of the so-called Tree Tomatoes and the most profitable Tomato for the market gardener and trucker, and is unsurpassed for canning purposes. Large pkt. 5c.; oz. 35c.; 2 oz. 60c.; $\frac{1}{4}$ lb. \$1.10.

The Best Turnips

1 Ounce For 150 Feet of Drill; 1 to 2 Pounds in Drills Per Acre

Purple Top Strap Leaf

New Early Six Weeks, or Snowball

New Cardinal

Purple Top Strap Leaf. The Old Reliable. We sell enormous amounts of seed of this celebrated Turnip every year. It is one of the best table and stock Turnips on the market, being fine grained and of mild flavor. It is white below, with a bright purple top; flesh white, leaves short, narrow and erect. Will mature in eight or nine weeks. A good cropper and an excellent keeper. Pkt. 4c.; oz. 6c.; 2 oz. 10c.; $\frac{1}{4}$ lb. 15c.; $\frac{1}{2}$ lb. 25c.; lb. 40c.

Early Six Weeks, or Snowball. This excellent variety of Turnip is very tender and sweet, matures in six weeks. Pkt. 4c.; oz. 7c.; 2 oz. 12c.; $\frac{1}{4}$ lb. 18c.; $\frac{1}{2}$ lb. 30c.; lb. 50c.

Extra Early Purple Top Milan. Early, Sweet, Crisp and Tender. The Wonderful Keeping Turnip. Unquestionably the very earliest Turnip grown; a fine, pure white sort, purplish top, few leaves, of excellent flavor. Roots are smooth, flat, symmetrical and beautiful. Flesh tender and sweet. Pkt. 4c.; oz. 7c.; 2 oz. 12c.; $\frac{1}{4}$ lb. 18c.; $\frac{1}{2}$ lb. 30c.; lb. 50c.

Early Ivory. Pure white. Flat, smooth, of medium size and very few leaves; a good summer variety. Fine grained and tender. Pkt. 4c.; oz. 7c.; 2 oz. 12c.; $\frac{1}{4}$ lb. 20c.; $\frac{1}{2}$ lb. 35c.; lb. 60c.

Cow Horn. Sometimes called Long White. It is pure white with a little shade of green on top. Fine for Fall and early Winter use. Pkt. 3c.; oz. 6c.; 2 oz. 10c.; $\frac{1}{4}$ lb. 18c.; $\frac{1}{2}$ lb. 30c.; lb. 50c.

New Cardinal. A very early variety, of magnificent shape, handsome appearance and wonderful keeping qualities. Outside skin brilliant cardinal color. Tender and crisp. Pkt. 4c.; oz. 7c.; 2 oz. 12c.; $\frac{1}{4}$ lb. 20c.; $\frac{1}{2}$ lb. 35c.; lb. 60c.

White Egg. A Favorite Variety in All Sections. A quick growing, egg-shaped, perfectly smooth, pure white variety with small top. It grows half out of the ground. The flesh is very sweet, firm and mild. Excellent for either early or late sowing. Pkt. 4c.; oz. 7c.; 2 oz. 12c.; $\frac{1}{4}$ lb. 18c.; $\frac{1}{2}$ lb. 30c.; lb. 50c.

Southern Seven Top. Cultivated extensively in the South for the tops, which are used for greens. Hardy; keeps well. Pkt. 4c.; oz. 6c.; 2 oz. 10c.; $\frac{1}{4}$ lb. 18c.; $\frac{1}{2}$ lb. 30c.; lb. 50c.

Golden Globe. A yellow fleshed, globe-shaped variety, of large size; a splendid winter keeper; excellent for both table and stock. Pkt. 4c.; oz. 6c.; 2 oz. 10c.; $\frac{1}{4}$ lb. 15c.; $\frac{1}{2}$ lb. 25c.; lb. 45c.

Early White Flat Dutch. Standard early, white, flat Turnip; an excellent garden variety. Flesh white and mild. Pkt. 3c.; oz. 5c.; 2 oz. 9c.; $\frac{1}{4}$ lb. 12c.; $\frac{1}{2}$ lb. 23c.; lb. 40c.

Mixed. Comprising a fine assortment of all the varieties quoted in this book as well as many others. Pkt. 4c.; oz. 6c.; 2 oz. 11c.; $\frac{1}{4}$ lb. 18c.; $\frac{1}{2}$ lb. 30c.; lb. 55c.

Ruta Bagas---The Best Stock Food

The Great Northern Giant. The Best Variety For Stock Ever Grown. Prize winner everywhere. This magnificent Ruta Baga is unquestionably the most profitable of all Swede Turnips, as well as the hardiest, heaviest, best shaped and by far the most productive, a yield of 1,000 bushels per acre and over, under careful cultivation, being of frequent occurrence. Bulbs are somewhat oval in shape, slightly oblong, and remain sound and good indefinitely. Flesh is of a beautiful yellow color, always sweet, tender, juicy and nutritious. The finest of all Swedes and a variety that should be grown in preference to all others. Pkt. 4c.; oz. 7c.; 2 oz. 12c.; $\frac{1}{4}$ lb. 18c.; $\frac{1}{2}$ lb. 30c.; lb. 50c.

Mammoth White Russian. One of the grandest sorts. Grows very large with single tap root, small tops, short neck, certain cropper. Will stand hardest winters. Produces a very heavy weight per acre. Keeps sound 'till late spring. Pkt. 4c.; oz. 6c.; 2 oz. 10c.; $\frac{1}{4}$ lb. 15c.; $\frac{1}{2}$ lb. 28c.; lb. 45c.

Improved Purple Top Yellow. This magnificent Swede is the result of judicious selection; very hardy; productive and nutritious. Shapes slightly oblong. Produces heavy weight per acre. Sweet and good keeper. Pkt. 3c.; oz. 5c.; 2 oz. 9c.; $\frac{1}{4}$ lb. 12c.; $\frac{1}{2}$ lb. 23c.; lb. 40c.

New Monarch or Elephant. Grand variety; claimed to yield larger roots, and more to the acre than any other sort. Produces large, oval-shaped roots, with small necks; relatively small tops. Skin dark purple above ground, yellow below. Flesh rich, yellow, fine grained; of best quality. Is easy to harvest. Can be grown at 1c. cost than others. Pkt. 3c.; oz. 5c.; 2 oz. 9c.; $\frac{1}{4}$ lb. 12c.; $\frac{1}{2}$ lb. 23c.; lb. 40c.

Ruta Bagas sown in July make an excellent pasture for sheep and other stock during the fall months and the bulb or turnip will furnish a rich, fattening food for them all winter.

Best Herb Plants

Holt's Mammoth Sage

Forms a dense mass a foot or more in height and three feet in diameter, of large, beautiful light green leaves, and produces spikes of light lilac-blue flowers in late summer and autumn. Holt's Mammoth is a great improvement upon the ordinary Garden Sage; its leaves being four to five inches long, clean and perfect. They are held well up from the soil, are rich in flavor and of great substance. Perfectly hardy; does not produce seeds. Each 10c.; 3 for 25c.; 70c. per doz. postpaid.

Spearmint

The plant which produces the mint of the markets and largely used for culinary purposes. It is also used in concocting the refreshing Mint Julep so popular in some sections. Strong plants, 10c. each; 3 for 25c., postpaid.

Lavender

Old Fashioned Sweet. The leaves are sometimes used for seasoning, but the plant is chiefly grown for its fragrant flowers. Strong plants; 12c. each; \$1.25 per dozen; postpaid.

Holt's Mammoth Sage

Peppermint

From the leaves of this plant is distilled the well known Peppermint of commerce. The green leaves and stems, when chewed, have the same effect as the essential oils, and to most persons the flavor is very pleasant. Strong plants, 10c. each; 3 for 25c., postpaid.

Tarragon, or Estragon

The True Tarragon, the leaves and young shoots of which are much prized by many as an ingredient in soups, salads, stews, pickles, etc. The leaves may be used in a fresh state, or cut in the autumn and dried, to be used as other herbs. Tarragon vinegar, so highly esteemed as a fish sauce, is made by placing the leaves of this plant in a tight vessel, pouring common vinegar upon them, and permitting it to remain several days. Strong plants, 12c. each; \$1.25 per dozen.

See Page 30 for Seed of Herbs

Pie Plant

Wonderful New Pineapple

Delicious Pineapple flavor, hardy grower, very prolific. The earliest of all Pie Plant and a variety that can be used not only in the early Spring but in Summer as well. The very best of the Giant Everbearing varieties. Quality simply superb. Stalks of good size, soft and watery. Skin so thin and tender that it is not necessary to remove it before cooking. Flavor sprightly and refreshing and has the true Pineapple flavor. Don't fail to order this finest of all Pie Plant. **Price postpaid, pkt. 8c.; oz. 15c.; 2 oz. 25c.; 1/4 lb. 40c.; 1/2 lb. 75c.; lb. \$1.40.**

TWO YEAR OLD ROOTS. Price by mail, prepaid, 20c. each; \$2.25 per doz. by express or freight not prepaid, 15c. each; \$1.50 per dozen; \$11.25 per 100.

New Pineapple Pie Plant

New Horse-Radish Bohemia

"Maliner-Kren"

Very Quick Growing, Large Rooted Variety, which has been grown quite largely in this country for several years with most satisfactory results. "Maliner-Kren," is grown by planting the small sets or pieces from the side roots in deep rich soil and cultivating in the same manner as with the ordinary variety of Horse-radish, but the plants are so much stronger in growth that the roots grow to considerably larger size and greater weight; individual roots 18 inches long by 2 1/2 inches to 3 inches at the thickest part are produced from the growth of one year. In fact, its shape is like the parsnip. The quick strong growth not only gives a much larger crop from a given area, both in size of single roots and bulk weight of crop, but also enables the grower to place the roots in the market much earlier than with the ordinary variety. When grown in light soils, roots of this new early variety are pure white in color and develop the fine flavor early in the fall.

Roots ready for planting. By mail, postpaid, 6 for 15c.; doz. 25c.; 50 for 75c.; 100 for \$1.25. By express or freight, not prepaid, 50 for 60c.; 100 for 85c.; 500 for \$4.00; 1000 for \$7.50.

BEST
LOWEST PRICES
SEEDS

Common Horse-Radish

Horse-radish is always in demand in winter and spring. The culture is by sets or root cuttings, as it seldom seeds. These sets are planted in rows or furrows 2 to 3 feet apart and 15 to 18 inches apart in the rows. The set should be placed in a perpendicular position, with crown 3 to 6 inches below the surface. Horse-radish delights in a deep, rich soil and requires but little cultural attention. It makes large top growth, giving weeds small chance. Near to markets the horse-radish is a most important crop. **Roots ready for planting, postpaid, 15c. per doz.; 75c. per 100; by express or freight, not prepaid, 100 for 50c.; 500 for \$2.50 1000 for \$4.00.**

Common Horse Radish

See Page 18 for Asparagus Roots and Artichoke Roots

Bohemia Horse Radish

THE BEST FIELD CORN

Select Fire Dried Varieties of Great Merit; Money-Makers, Every One of Them.

Ear Corn is sold only by the bushel lots or over. This is carefully boxed, one bushel in a box.

Shelled Corn has all the tips and butts removed, insuring high grade stock of the finest quality at all times.

New Early Prosperity. The best ninety day Yellow Dent Corn. Early, prolific; hardy and vigorous. Stalks grow to a height of seven or eight feet, and set the ears about three and one-half to four feet from ground—just right height for easy picking. A wonderful peculiarity of this Corn is that it never produces a barren stalk—every one has an ear, and generally two, sometimes three. The type is very even, ears measuring ten to twelve inches in length, often weighing one and one-half pounds or more. Very uniform in size and shape, pure golden yellow kernels set on small sized cob, which are well filled out over tip and butt. Grains are of good size, medium long, flat, and closely set together, deeply dented, and solidly fill entire surface of ear. Surpasses all other yellow varieties—seventy pounds in the ear will make more than sixty pounds of shelled Corn..

Shelled, Postpaid, 1 lb. 25c.; By Express or Freight, not prepaid, 1/4 bu. 40c.; 1/2 bu. 60c.; 1 bu. \$1.05; 1 bu. \$1.90; 2 bu. \$3.75; 5 bu. and over at \$1.85 per bu. Selected Ears. By Express or Freight not prepaid, 1 bu. \$2.85; 5 bu. lots and over at \$2.80 per bu.

New Early Illinois. The best ninety day White Dent Corn. Extra early. Vigorous grower. Sure Cropper. A most marvelous variety of White Dent Corn which in yield and quality, surprise everyone who plants it. Thousands of our customers from every part of the country are more than pleased with the wonderful results obtained by planting this grand, good, reliable White Dent Corn. It is, indeed, a fitting companion to New Early Prosperity, the one being all that a White Dent ought to be, the other a Yellow Dent of surpassing merit. Stalks generally bear two good ears each, and frequently three are found. It yields splendid crops even on light soil. Ears are uniform and well filled out, will easily make sixty pounds of shelled Corn to the bushel. So general has the demand for this great Corn become that we have found it impossible to supply all the calls for it the past few years.

Shelled, Postpaid, 1 lb. 25c.; By express or freight, not prepaid, 1/4 bu. 40c.; 1/2 bu. 60c.; 1 bu. \$1.05; 1 bu. \$1.90; 2 bu. \$3.75; 5 bu. lots and over at \$1.85 per bu. Selected Ears. By Express or freight not prepaid, 1 bu. \$2.85; 5 bu. lots and over at \$2.80 per bushel.

New Early Bloody Butcher. A perfect field Corn. New Early Bloody Butcher Corn has never been known to fail in making a good crop. Of most remarkable type and color, being very pure in growth and habit yet of many beautiful colors (red, amber, golden yellow and golden cast, also dark red, all on one cob,) making it the most beautiful corn in the crib, on ear or in the bag shelled. This new Corn combines more solid merit than any Corn in cultivation—more fine and lasting points. Its great merit lies in the fact that it is a natural yielder. Expert Corn growers pronounce it a perfect Field Corn as to yield, size of the ear; color, size of the cob, length of grain, size of fodder, size of growth of fodder and the extra fine quality of the fodder.

Shelled. Postpaid, 1 lb. 24c.; By express or freight not prepaid, 1/4 bu. 35c.; 1/2 bu. 55c.; 1 bu. \$1.70; 5 bu. \$3.35; 5 bu. or over at \$1.65 per bushel. Selected Ears. By express or freight, not prepaid, 1 bu. \$2.65; 5 bu. lots or over at \$2.60 per bu.

New Early Klondike. The best Yellow Dent Corn for Northern latitudes. Magnificent variety of ninety day Corn. If you want a Corn that matures quickly, this is the corn to buy. You can earn your money very quickly by planting this great variety; you may depend upon to grow more bushels on poor land than any other early variety known. On ordinarily fair ground it will yield from 90 to 110 bushels per acre. Produces a small cob, which dries quickly and leaves Corn sound and sweet. Ears are of excellent size, and an abundance of the finest quality of fodder is assured. Stands drought better than any other variety; husks and shells easily.

Earliest Corn to market and will prove a veritable money producer.

Shelled. Postpaid, 1 lb. 24c.; By express or freight, not prepaid, 1/4 bu. 35c.; 1/2 bu. 55c.; 1 bu. \$1.70; 5 bu. or over at \$1.65 per bushel. Selected Ears. By express or freight not prepaid, 1 bu. \$2.65; 5 bu. lots or over at \$2.60 per bushel.

ABOUT NORTHERN GROWN CORN

All of the Corn we send out is guaranteed to be Home Grown and to show first class test of germination. If Corn does not come up to this requirement, we are willing to refund the original purchase price, provided your complaint is received within ten days from the time Corn reaches you. What could be more fair?

Our Prices are low, considering the quality we sell but if you are offered lower prices by any reliable seedsmen, let us know, sending at the same time a list of such other goods as you may need and we will quote you our lowest price on the entire lot.

New Early Prosperity

New Early Klondike

THE BEST FIELD CORN

Northern Grown. Pedigreed. Thoroughbred

Ear Corn is sold only by the bushel lots or over. This is carefully sorted. Cannot accept orders for broken bushels.

Shelled Corn has all the tips and butts removed, insuring high grade stock of the finest quality at all times.

Northern Yellow Dent. The Best Yellow Variety for general requirements. By all odds the earliest, largest 100-day Yellow Dent Corn in existence. Stalks grow to a height of 7 or 8 feet, and set the ears about $3\frac{1}{2}$ to 4 feet from the ground just the right height for easy picking. The type is very even, ears measuring 10 to 12 inches in length, often weighing $1\frac{1}{2}$ pounds or more. Very uniform in size and shape, with 16 to 18 rows of deep pure golden yellow kernels set on small sized cob which is well filled out over the tip and butt. The grains are of good size, long, flat and closely set together, deeply dented and, solidly fill the entire surface of the ear.

Shelled. Postpaid, 1 lb. 25c. By express or freight not prepaid, $\frac{1}{2}$ bu. 35c.; $\frac{1}{4}$ bu. 60c.; $\frac{1}{2}$ bu. \$1.00; 1 bu. (56 lbs.) \$1.75; 2 bu. \$3.45; 5 bu. or over at \$1.70 per bushel.

Selected Ears. By express or freight not prepaid, 1 bu. (70 lbs.) \$2.85; 2 bu. \$5.60; 5 bu. lots and over at \$2.75 per bu.

Northern White Dent. Similar to the above in everything but color which is a beautiful white. Never fails to give a fine crop of large, uniform, well-shaped ears. We call this a 100-day Corn, but it often ripens in 95 days of average Corn weather. In its yield it will surpass all other varieties; 70 lbs. in the ear makes more than 60 lbs. shelled.

Shelled. Postpaid, 1 lb. 25c.; by express or freight, not prepaid, $\frac{1}{2}$ bu. 35c.; $\frac{1}{4}$ bu. 60c.; $\frac{1}{2}$ bu. \$1.00 1 bu. (56 lbs.) \$1.75; 2 bu. \$3.45; 5 bu. or over at \$1.70 per bu.

Selected Ears. By express or freight not prepaid, 1 bu. (70 lbs.) \$2.85; 2 bu. \$5.60 5 bu. lots and over at \$2.75 per bu.

Early Gold Mine. This magnificent variety was bred from special and improved stock of Genuine Pride of the North. Will usually produce a crop in ninety days or less. It can safely be planted up to the middle of June and still be depended upon to ripen by the middle of September. It produces a magnificent yield, there generally being two good sized ears to the stalk, with immense, long, oily kernels, closely set and the cob well filled to the end. The color is rich golden.

Shelled. Postpaid, 1 lb. 20c. By express or freight, not prepaid, $\frac{1}{2}$ bu. 30c.; $\frac{1}{4}$ bu. 55c.; $\frac{1}{2}$ bu. 95c.; 1 bu. (56 lbs.) \$1.70; 2 bu. \$3.35; 5 bu. lots and over at \$1.65 per bu.

Selected Ears. By express or freight not prepaid, 1 bu. (70 lbs.) \$2.70; 2 bu. \$5.35; 5 bu. lots and over at \$2.65 per bu.

Improved Pride of the North. Rather small yellow variety, but Early and Heavy Cropping. A wonderful improvement over the old reliable standby—Pride of the North. This splendid pedigreed variety is unquestionably one of the very best 90-day Field Corns for Northern Latitudes. It will ripen in Northern Localities hitherto able to grow only the Flint varieties, and hence is of the greatest value.

Shelled. Postpaid, 1 lb. 20c. By express or freight, not prepaid, $\frac{1}{2}$ bu. 30c.; $\frac{1}{4}$ bu. 55c.; $\frac{1}{2}$ bu. 95c.; 1 bu. (56 lbs.) \$1.70; 2 bu. \$3.35; 5 bu. lots and over at \$1.65 per bu.

Selected Ears. By express or freight not prepaid, 1 bu. (70 lbs.) \$2.70; 2 bu. \$5.35; 5 bu. lots and over at \$2.65 per bu.

Iowa Silver Mine. Large, White, Strong Grower, Heavy Cropper. Popular on account of its enormous yield. There is one record where 215 bushels were grown on an acre. It is pure white, with deep grain; ear averages 10 to 12 inches in length, 16 to 20 rows, with small cob and filled out clear over the tip; maturing in 95 to 100 days. The stalk grows to a height of about 7 to 8 feet. It is well worthy of extensive trial.

Shelled. Postpaid, 1 lb. 20c. By express or freight, not prepaid, $\frac{1}{2}$ bu. 30c.; $\frac{1}{4}$ bu. 55c.; $\frac{1}{2}$ bu. 95c.; 1 bu. (56 lbs.) \$1.70; 2 bu. \$3.35; 5 bu. lots and over at \$1.65 per bu.

Selected Ears. By express or freight not prepaid, 1 bu. (70 lbs.) \$2.70; 2 bu. \$5.35; 5 bu. lots and over at \$2.65 per bu.

Giant Red Cob Ensilage. The Best Fodder Corn. Beyond doubt the best Fodder Corn, either to feed green right from the field, to put up for the silo, or to cure and stack away. It is a pure white Corn cropping as high as 45 tons of fodder per acre. Very sweet, tender and juicy, and furnishes more nourishment than any other variety; has short joints and therefore an abundance of leaves, and grows to a fair height, but not over-large and coarse stalked as some varieties. **Price, postpaid, 1b. 25c.; by express or freight, not prepaid, $\frac{1}{2}$ bu. 25c.; $\frac{1}{4}$ bu. 40c.; $\frac{1}{2}$ bu. 70c.; 1 bu. \$1.25; 2 bu. \$2.45; Large lots, \$1.25 per bu.**

Evergreen Sweet Fodder. This Corn if planted thick will give an abundance of fodder. This is a great variety which we have been developing for years. It is very rich in nutriment and an immense yielder. It is early, short jointed, tall, and produces an abundance of leaves and rich, juicy, sugary stalks, with strong tendency to mature several ears. This variety positively will furnish more tons of Corn Fodder to the acre and nearly double in nourishment, than common Fodder Corn. **Price, postpaid, 1b. 25c.; by express or freight, not prepaid, $\frac{1}{2}$ bu. 40c.; $\frac{1}{4}$ bu. 75c.; $\frac{1}{2}$ bu. \$1.40; 1 bu. \$2.65; 10 bu. or more at \$2.55 per bushel.**

Northern Dent Corn

Northern Grown Flint Corn

Extra Early Varieties, Which Do Well
Even in the Extreme North

INVALUABLE FOR FEEDING

We Can Offer Flint Corn in Shelled State Only

Early Norther. Heavy Cropping, Extra Early. The best Fodder variety of beautiful golden yellow color. The greatest yielding Flint Corn. Enormously productive, out-yielding any Field Corn that we have ever grown in the far North. It is not uncommon to find three to four ears on a stalk. Matures exceedingly early, from 60 to 70 days being a fair average. Price postpaid, lb. 25c.; by express or freight, not prepaid, $\frac{1}{8}$ bu. 35c.; $\frac{1}{4}$ bu. 60c.; $\frac{1}{2}$ bu. \$1.05; 2 bu. \$1.90; 5 bu. \$3.75; 5 bu. or more at \$1.85 per bushel.

Extra Early King Philip. Red flint. Earliest and best variety of Red Flint Corn. It is an eight-rowed variety, ears long, and always yields a heavy crop. Kernels fair size, close together on a small cob. Price, postpaid, lb. 25c.; by express or freight, not prepaid, $\frac{1}{8}$ bu. 35c.; $\frac{1}{4}$ bu. 55c.; $\frac{1}{2}$ bu. 90c.; bu. \$1.70; 2 bu. \$3.35; 5 bu. or more at \$1.65 per bushel.

Yellow Yankee. A Flint Corn of rare merit. Earliest and best known Yellow Flint variety. Will produce a good crop if planted as late as July. Ears large. Postpaid, lb. 20c.; by express or freight, not prepaid, $\frac{1}{8}$ bu. 35c.; $\frac{1}{4}$ bu. 55c.; $\frac{1}{2}$ bu. 90c.; bu. \$1.70; 2 bu. \$3.35; 5 bu. or more at \$1.65 per bushel.

Longfellow. Has individuality that commends. An eight-rowed sort, with ears 12 to 15 inches in length and about $1\frac{1}{2}$ inches in diameter. Small cob, large kernel and very broad. Postpaid, lb. 20c.; by express or freight, not prepaid, $\frac{1}{8}$ bu. 35c.; $\frac{1}{4}$ bu. 55c.; $\frac{1}{2}$ bu. 90c.; bu. \$1.70; 2 bu. \$3.35; 5 bu. or more at \$1.65 per bushel.

Triumph Early White Flint. A well established variety with uniform characteristics, including early maturity and medium size both of stalk and ear. Stools out like Sweet Corn and makes fine fodder much relished by all kinds of stock. Price, postpaid, lb. 20c.; by express or freight, not prepaid, $\frac{1}{8}$ bu. 35c.; $\frac{1}{4}$ bu. 55c.; $\frac{1}{2}$ bu. 90c.; bu. \$1.70; 2 bu. \$3.35; 5 bu. or more at \$1.65 per bushel.

Improved Indian Squaw Corn

Holds more records for wonderful performances under difficult conditions than any Corn ever grown. Early variety, maturing in 85 days and is a more successful Corn for late planting than the Mexican June Corn. Perhaps the most wonderful

quality of this Corn is its power to resist drouth. In appearance this Corn is one of the most handsome varieties. The kernels are of different colors, red, blue, yellow, and white, giving the ears a curiously mottled appearance. The ears grow from 8 to 12 in. in length and are of symmetrical form. Post paid, $\frac{1}{2}$ lb. 15c.; lb. 25c.; By express or freight, not prepaid, $\frac{1}{8}$ bu. 50c.; $\frac{1}{4}$ bu. 75c.; $\frac{1}{2}$ bu. \$1.35; bu. (56 lbs.) \$2.50.

Squaw Corn

Early Norther

Great Brazilian Flour Corn

One of the greatest novelties ever introduced. Originated in Brazil, where it constitutes the principal food of the inhabitants. You are sure to like it. It grows 8 feet high, and from one kernel sends enough stools to produce 100 ears.

Twenty-five barrels of flour can be grown from one acre, and this flour is as fine a grade as is made from wheat, which is five times as much as wheat produces per acre.

The bread and biscuits baked therefrom are fully as palatable as from any flour known.

It yields at the rate of 100 bushels of green fodder per acre, for cattle, of the most delicious, sweet, tender, juicy, nutritious food we have ever seen.

Postpaid, $\frac{1}{2}$ lb. 15c.; lb. 25c.; by express or freight, not prepaid, 5 lbs. 40c.; 10 lbs. 75c. Write for prices in larger quantities.

Great Brazilian Flour Corn

Northern Grown Cow Peas

The Great Soil Improver

Makes Poor Land Rich

Makes Good Land More Productive

As A Grazing Crop it is especially valuable for producing milk, growing young stock (especially pigs) and fattening all kinds of animals and fowls.

In the Cow Pea we have a fertilizer and a food at the same time and it can be grown successfully in all parts of the country where Dent Corn succeeds. The vines properly cured are a most valuable fodder for the cattle and sheep, being richer in protein and fat than the best clover hay. Cow Pea hay is an excellent substitute for wheat bran, is comparatively cheaper, and therefore, of special value to dairymen. The Cow Pea can be used to great advantage as a green manure crop at any time during the summer and in almost every crop rotation—and there are few farms on which it cannot find a profitable place.

Michigan Wonder, Northern grown and acclimated, the best and most popular variety for all climates, particularly in the far South States. Price, postpaid, per lb. 25c.; by express or freight not prepaid, $\frac{1}{2}$ bu. 50c.; $\frac{1}{4}$ bu. 85c.; $\frac{1}{2}$ bu. \$1.55; 1 bu. (56 lbs.) \$2.97; 2 bu. \$5.90; 5 bu. lots or more at \$2.90 per bushel.

Improved Whippoorwill, Choice Northern-grown well suited for any soil. Early and a wonderful feeder. Price postpaid, per lb. 20c.; by express or freight, not prepaid, $\frac{1}{2}$ bu. 40c.; $\frac{1}{4}$ bu. 75c.; $\frac{1}{2}$ bu. \$1.40; bu. (56 lbs.) \$2.65; 2 bu. \$5.25; 5 bu. or more at \$2.60 per bushel.

Jerusalem Corn

A New Forage Plant of Great Merit. Belongs to the non-saccharine Sorghums, and was brought a few years ago from the arid plains of Palestine. It is pronounced the best and surest grain crop for dry countries and seasons—even better than Kaffir Corn or Milo Maize. It grows several smaller heads on side shoots, often as many as eight heads on a stalk. Very valuable for feeding stock and proves a gold mine for chicken feed. Plant five to ten pounds per acre. Postpaid, $\frac{1}{2}$ lb. 15c.; lb. 25c.; by express or freight not prepaid, 5 lbs. 40c.; 10 lbs. 75c.

JERUSALEM CORN

NOTICE

The prices on this page are subject to market changes without notice. Better write for special prices if in want of large lots.

PRICES

Wonderful Milo Maize Corn

Excellent Fodder Plant for Feeding. In a great many sections it is planted to the exclusion of all others. It will produce an amazingly large crop of the richest green fodder of superlative quality. It will grow anywhere. The seed is an excellent fattener, and is relished by all cattle, hogs, poultry, etc. Postpaid, $\frac{1}{2}$ lb. 15c.; lb. 25c.; by express or freight, not prepaid, 5 lbs. 40c.; 10 lbs. 75c.

Kaffir Corn

The Great Drought Resister. Stems have a stalky tendency and produce numerous wide leaves. The stalks do not harden as do other fodder crops, but keep green, brittle and juicy. A most excellent fodder, either green or dry, being highly relished by all stock. Its wonderful qualities are unaffected, even as far north as Dakota. It is immensely productive and does well everywhere, yielding two crops of fodder each season. Grows from start to finish; whether it rains or shines it grows. Plants attain a height of from 6 to 10 feet, straight and upright. It should be sown in rows, about 3 feet apart, planting 6 inches in the row. Use from 10 to 15 pounds of seed per acre. Choice Northern-grown seed, postpaid $\frac{1}{2}$ lb. 12c.; lb. 20c.; by express or freight, not prepaid, 5 lbs. 35c.; 10 lbs. 50c.; 15 lbs. 65c.; 50 lbs. \$1.50; 100 lbs. \$2.65.

OUR NORTHERN GROWN SEED OATS

Will Make More Money Per Acre Than Any Other Crop You Can Grow

IMPORTANT. Prices on all Farm Seeds are subject to change without notice.

Giant Highland Oats

Giant Highland Oats

A Marvel for Size, Weight and Yield

The original stock of this grand variety was secured from the Highlands of Scotland, where yields of 140 to 160 bushels per acre are not uncommon.

It is a pedigree oat in every respect, pure white in color large, thick and plump with thin hull, strong grower and stands up well. Can be sown earliest or latest with best success. The seed we offer is strictly Northern Grown and fully acclimated and should be of great value to Oat-growers who are looking for a new stock of pure healthy well-bred pedigree oats, grown under conditions which not only insure the highest development of the plant along productive lines, but the greatest power to resist disease. Stock limited. **Price postpaid, 1/2 lb. 15c.; 1 lb. 25c.; 3 lbs. 60c. By freight or express not prepaid, 1/2 bu. 25c.; 1/4 bu. 40c.; 1/2 bu. 70c.; bu. \$1.25; 2 bu. \$2.40; 5 bu. lots or more \$1.15 per bu.**

Swedish Select Oats

A pedigree variety introduced from Russia. Weighs from 30 to 40 pounds per measured bushel. The straw is coarse, noted for its stiffness and power to withstand lodging. The grains are pure white in color, large, thick and plump, making a very handsome appearance. The heads are large, upright and bushy, they are also nearly all meat, the hull being exceedingly thin, making them especially valuable as a feeding Oat. Their great root development enables them to resist drought better than most other kinds. They are quite early and are less liable to smut and rust than most any other sort. **Price Postpaid, 1 lb. 25c.; By express or freight, not prepaid, 1/2 bu. 25c.; 1/4 bu. 40c.; 1/2 bu. 60c.; bu. \$1.05; 2 bu. \$2.05; 5 bu. or more at \$1.00 per bu.**

Early Champion Oats

This is the earliest of all Oats and probably the heaviest. It is often called the Fourth of July Oats as in this latitude it ripens about that time. Color, pure white; grain, large and heavy. Head upright and branching. Straw long and stiff. Always standing up well, withstanding severe windstorms nicely. The past few years when most other Oats were down, rusted and nearly ruined generally, our Early Champion made an extraordinary large yield, even for this heavy cropping variety, and gave a fine crop of white, clean Oats. Our stock is fine this year and prices right. **Price postpaid, 1 lb. 24c.; By Express or Freight, not prepaid, 1/2 bu. 25c.; 1/4 bu. 40c.; 1/2 bu. 60c.; bu. 90c.; 2 bu. \$1.75; 5 bu. or more at 85c. per bushel.**

Golden Fleece Oats

The Best Yellow. This is a very fine Yellow Oat. It is a heavy cropper, handsome sample, grains yellow and plump, strong straw, stands up well. The blade is much larger than the ordinary Oat, attesting to its vigor and productive capacity; stools remarkably in strong land, seventeen different shoots having been counted from one seed sown. **Price postpaid, 1 lb. 30c. By Express or Freight, not prepaid, 1/2 bu. 25c.; 1/4 bu. 40c.; 1/2 bu. 60c.; bu. \$1.10; 2 bu. \$2.15; 5 bu. or more at \$1.05 per bu.**

The New Lincoln Oats

Well known favorite variety. Straw strong and stiff. Oats white and rustless; is very productive, having yielded 174 bushels from a single bushel of seed. It is very early, and has thus far proved itself rust-proof. Thin hull, heavy meat and soft nib. **Price postpaid, 1 lb. 24c. By Express or Freight, not prepaid, 1/2 bu. 25c.; 1/4 bu. 40c.; 1/2 bu. 55c.; bu. 80c.; 2 bu. \$1.55; 5 bu. or more at 75c. pr bushel.**

Big Four Oats

They are a large heavy White Oat. Medium early in season and a splendid yielder, some report from 65 to 100 bushels per acre. Straw coarse and stiff and always stand up well. The hulls are thin and the oats very heavy and solid, and altogether very satisfactory. **Prices, Postpaid, 1 lb. 25c. By Express or freight not prepaid, 1/2 bu. 25c.; 1/4 bu. 40c.; 1/2 bu. 60c.; bu. 85c.; 2 bu. \$1.65; 5 bu. or more at 80c. per bu.**

The Famous Quaker Oats

The Most Prolific and
Surest Cropping Variety

This great Oat is the result of successful selection and hybridizing. Bred for sowing on the rich soil of the Prairie States, so that there would be strong straw to carry the heavy grain. Everyone knows how much that means. A great natural yielder. Thousands of our customers report yields of 100 bushels per acre. When anyone beats that, on a farm, ask for the proof. Matures so early that the crop can be gathered before the dry summer weather

sets in—seemingly withstands all elements of weather. No variety can excel it in superior quality; it makes better oatmeal than any other sort—all millers prefer it to any other variety. Our Famous Quaker is certainly the best Oat ever grown. Send to us for true stock. **Postpaid**, ½ lb. 18c.; 1 lb. 30c.; **By express or freight not prepaid**, ¼ bu. 25c.; ½ bu. 40c.; 1 bu. 70c.; 2 bu. \$1.25; 3 bu. \$2.40; 5 bu. or more at \$1.15 per bushel.

Black Tartarian Oats.

Acknowledged the Best of all the Dark Colored Oats. Grown in Canada.

The darkest of the black Oats. Hardy, good grower, heavy and prolific. In rich soil and cool locations they frequently grow from five to six feet high, with strong, straight straw supporting enormous well-branched heads. The heads branch freely on all sides and are from sixteen to twenty-three inches in length. The grain is very plump, with thin close husk. In favorable season the Oats will frequently weigh from forty-two to forty-six pounds per measured bushel. The uniform success of this variety proves its general adaptability to our varied climate, though in warmer locations it will not grow to so great height nor produce such heavy grain. Its early maturity renders it valuable, however, for such locations. With us it ripens from one to two weeks ahead of other Oats, and on this account it is desirable for planting even in the extreme South; it will yield good crops where few other varieties can be grown profitably. **Price, Postpaid**, 1 lb. 30c.; **By Express or freight not prepaid**, ¼ bu. 25c.; ½ bu. 40c.; 1 bu. 70c.; 2 bu. \$1.25; 3 bu. \$2.40; 5 bu. or more at \$1.10 per bushel.

Improved Winter Turf Oats.

The best for fall planting. This is undoubtedly one of the best all round Oats for planting in the fall as they afford a valuable pasture the greater part of the Winter and early Spring, thus reducing the quality of other necessary food. Their growth on any piece of land prevents washing and loss of much valuable plant food. They may be harvested early enough in the Spring for other crops to follow. The stubble of such a crop plowed in, is of great value to the land. This variety spreads and stools out enormously, especially when grazed, and if stock be taken off by March will yield a large crop of grain. This is a very popular Oat in the South, especially on the light sandy soils of the coast region. It is also preferred for low ground or in situations where other Oats are much inclined to rust. **Price, postpaid**, 1 lb. 20c.; 3 lb. 50c.; **By express or freight not prepaid**, ¼ bu. 25c.; ½ bu. 40c.; 1 bu. 60c.; 2 bu. \$1.10; 3 bu. \$2.15; in 5 bu. lots and over \$1.05 per bushel.

Red Samson Winter Oats.

Rust Proof. Strong Strawed. Heavy Yielding. Very popular throughout the South, particularly on the light sandy soils of the coast region. Also greatly preferred for low grounds or other locations where other varieties of Oats are inclined to rust. Favorable sowing time in the Southern section is from September on through March, though the bulk of the sowing is done from October to February. Red Samson makes a large yield of fine, heavy grain, and is beyond question at the top notch of its class. **Prices, postpaid**, 1 lb. 20c.; 3 lb. 50c.; **By express or freight, not prepaid**, ¼ bu. 25c.; ½ bu. 40c.; 1 bu. 60c.; 2 bu. \$1.10; 3 bu. \$2.15; 5 bu. or more at \$1.05 per bushel.

Appler Winter Oats.

Makes a strong growing straw with bunchy heads of heavy grain, and in the opinion of some enthusiasts is destined to supersede very largely the Tennessee or Virginia Gray Winter wherever it is grown. It is the most resistant variety to rust that is grown in the South. Fall is undoubtedly the best time to plant this variety, and all who have grown it pronounce it unquestionably the best and most reliable Winter Oats for the South. **Prices, postpaid**, 1 lb. 20c.; 3 lbs. 50c.; **By express or freight, not prepaid**, ¼ bu. 25c.; ½ bu. 40c.; 1 bu. 60c.; 2 bu. (32 lbs) \$1.15; 3 bu. \$2.25; in 5 bu. lots and over at \$1.10 per bushel.

IMPORTANT. Prices on all Farm Seeds are subject to change without notice. **But Remember,** If prices ARE LOWER the day your order is received, more seeds will be added; if HIGHER, the amount will be decreased. **Safest Way.** Send us a list of your wants, with exact quantities and, by return mail, we will quote you **Lowest Market Prices.**

White Wonder Bean

White Wonder Bean

THE MOST PRODUCTIVE AND HEAVIEST CROPPING WHITE FIELD BEAN KNOWN and the Best Bean for Baking

Growing nearly two feet high, branching out in all directions, and bearing its pods so high that they seldom touch the ground, enabling it to stand a wet spell without any injury. All who have raised Beans know that when the pods lie in contact with the ground after ripening a very little rain will ruin the crop, turning the pods and Beans black. This is indeed a wonderful cropper, yielding from seventy-five to one hundred bushels per acre, careful cultivation, while hundreds of my customers report yields of from forty to sixty bushels per acre under average cultivation. Plant them two and one-half feet apart, eighteen inches in the row, two or three Beans in a hill. **Price postpaid, 1 lb. 24c.; By express or freight, not prepaid, 1/2 bu. 55c.; 1/4 bu. \$1.00; 1/2 bu. \$1.90; 1 bu. (60 lbs.) \$3.50.**

Broom Corn

Improved Superior Evergreen. The best variety for general cultivation on account of color and quality of brush. Ripens early. Grows about 8 to 10 feet high. Brush good length, fine and straight. **Postpaid, 1/2 lb. 15c.; 1 lb. 25c.; by express or freight, not prepaid, 1/2 bu. 40c.; 1/4 bu. 70c.; 1/2 bu. \$1.25; bu. (46 lbs.) \$2.15; 2 bu. \$4.25; 5 bu. or more at \$2.10 per bushel.**

PRICES

Great Northern Soja or Soy Bean

The Greatest Known Soil Enricher. This variety produces enormous crops as far north as Canada, and will ripen its seeds even in Massachusetts. It grows about 4 feet high and yields ten to twenty tons of green fodder per acre, or 20 to 40 bushels of Beans. It is a valuable leguminous plant for the farmer and dairyman for either green or cured fodder or grain. May be planted as soon as the soil is warm—a little later than Corn—in rows 30 inches apart, 6 to 8 seeds to the foot, requiring 3 pecks per acre. **Price, Choicest Northern-grown Seed, postpaid, 1 lb. 25c.; by express or freight, not prepaid, 1/2 bu. 50c.; 1/4 bu. 90c.; 1/2 bu. \$1.75; bu. (60 lbs.) \$3.25.**

Buckwheat

New Iceland. The greatest of all Buckwheats. Bound to supersede all other varieties. Makes a strong, vigorous growth, with heavy straw, standing up well in bad weather, resists blight and drought better than any other Buckwheat. The grain is a rich dark brown in color, hullless, has a thin husk and all mills prefer it, there being less waste and the flour is equal in quality to that from any other variety. The yield is enormous—away ahead of all other sorts and it it without doubt the best, most productive and most profitable variety in cultivation. **Price, postpaid, 1 lb. 25c.; by express or freight, not prepaid, 1/2 bu. 45c.; 1/4 bu. 75c.; 1/2 bu. \$1.40; bu. (50 lbs.) \$2.50.**

Giant Japanese, Heavy Yielding Variety, of strong, branching growth, stands up well and produces from two to four times as much grain as any other similar variety under same conditions. Makes the finest flour and for bees has practically displaced other sorts where known. Our Japanese Buckwheat seed is grown from the largest Japanese type imported each year by us for stock seed, and is therefore immensely superior to stock usually offered. **Price postpaid, 1 lb. 20c.; by express or freight, not prepaid, 1/2 bu. 25c.; 1/4 bu. 40c.; 1/2 bu. 70c.; bu. (50 lbs.) \$1.25;**

Russian Flax

Primost No. 25. In raising this crop, it will pay to go to some expense to procure pure Russian seed, which is a great improvement over the common American Flax. The seed is more than double the size, and contains much more oil, the fibre is of superior quality, and it is sure to command a higher price in the market. The seed we handle is carefully cleaned from foul seeds. **Lb. 20c.; 3 lbs. 50c.; postpaid. By express or freight not prepaid, 1/2 bu. 50c.; 1/4 bu. 90c.; 1/2 bu. \$1.70; bu. 56 lbs.) \$3.15; 2 bu. \$6.25; 5 bu. or more at \$3.10 per bushel.**

Buckwheat, New Iceland

Success Beardless Barley

Earliest Barley known. The straw is about the height of common Barley, but better, and will stand up on any land. This is beardless and as easy to grow and handle as oats. It has hulls like the Manshury and is a heavy cropper, yielding from 50 to 75 bushels per acre, and the quality is excellent. Prices, postpaid, per lb. 25c. By express or freight not prepaid, $\frac{1}{2}$ bu. 40c.; $\frac{3}{4}$ bu. 55c.; $\frac{1}{2}$ bu. 85c.; 1 bu. (48 lbs.) \$1.40.

White Hulless Barley

A Barley with a grain like Wheat. An excellent feeding sort, especially for hogs. Our seed is Montana grown, fine, bright, hullless and beardless. Weighs over 60 pounds to the measured bushel. It grows very quickly on any kind of soil. It has been sown as late as the middle of June and made a good grain crop. Prices, postpaid, per lb. 25c. By express or freight, not prepaid, $\frac{1}{2}$ bu. 35c.; $\frac{3}{4}$ bu. 55c.; 1 bu. 80c.; 1 bu. (48 lbs.) \$1.50.

Oderbrucker, or Wisconsin No. 55 Barley

A stiff-strawed, heavy yielding, six-rowed, bearded variety. It is about the same as Manshury in time of maturity, manner of growth and general appearance, but has a plumper kernel and weighs more to the measured bushel.

It has protein content of 15 per cent or nearly double the amount of protein found in many other varieties. This makes it a very valuable feeding Barley, which is an important consideration with the leading farmers and stockmen, who are now appreciating more and more the value of Barley as a food for all kinds of stock, horses as well as cattle. On account of its large percentage of protein, it is also one of the best malting Barleys. Prices, postpaid, per lb. 25c. By express or freight, not prepaid, $\frac{1}{2}$ bu. 35c.; $\frac{3}{4}$ bu. 50c.; 1 bu. 75c.; 1 bu. (48 lbs.) \$1.35.

Northern Prolific Field Pea

The Great 100-Fold Variety

Success Barley

For the northern states there is no crop of greater value than Field Peas.

They are a profitable crop to grow, in that the Peas when threshed are always marketable, and they stand in the front rank as a fodder plant. Like all leguminous crops, Peas have the power of extracting nitrogen from the air, and the soil is richer in nitrogen than before the Peas were sown upon it. They should be sown in March or early April, one bushel of Peas and one bushel of Oats to the acre. The Peas should be sown first and plowed under about four inches deep; the Oats then sown and harrowed in. They will be ready for cutting about the latter end of June, when the Oats are in milk and the pods formed on the Peas. Farmers who have never sown this crop will be surprised at its large yield. It is a nutritious food and relished by all kinds of farm animals. This crop also makes an excellent soil improver when turned under like Cow Peas. Price, postpaid, 1 lb. 24c. By express or freight not prepaid, $\frac{1}{2}$ bu. 35c.; $\frac{3}{4}$ bu. 60c.; 1 bu. \$1.00; 1 bu. \$1.75.

Northern Prolific Field Pea

Victoria Rape

Rape

Dwarf Victoria

Rape is unequalled as a pasture for sheep in the autumn; as a fattening food in the field it is without a rival in point of cheapness or effectiveness.

The sheep that pasture upon it do the harvesting in the most effective manner and with but little cost to the owner. When Rape is established as a pasture, the necessity for sending sheep and lambs to market in a lean condition will be removed. Cattle may also be pastured upon Rape but through treading they destroy and waste it in a considerable degree. Because of this it is better to remove them to an adjoining pasture when they have satisfied their wants. The results are usually very satisfactory when they are pastured upon it in the day only and fed in the shed or stable in the morning before going to the Rape pasture. This is an excellent way of making Christmas beef. Rape will keep a long time in early winter in heaps like shocks of hay.

Dwarf Victoria Rape is easily grown, perfectly hardy and possesses remarkable fattening qualities. One acre will pasture 36 head two months, and lambs will make a gain of from 8 to 12 pounds a month. Pigs and cattle are also very fond of it. The plant is a rank grower, and should have heavy manuring as well as high cultivation. Sow the seed during the third or fourth week of June; it can then resist drought, and the crop can be ready to feed at a season when it is most needed. If the first crop were cut about four inches from the ground there would be an aftermath or second growth that would be useful after that time. It does well sown with Oats. If the soil is rich and clean, sow broadcast; if not clean sow in drills and cultivate as for corn. Rape is especially adapted for a catch crop, succeeding when from any cause the other crops have failed. When sown broadcast, use 5 pounds, and if in drills 2 pounds to the acre. Price, postpaid, pkt. 10c.; 1 lb. 30c. By express or freight not prepaid, 1 lb. 15c.; 5 lbs. 57c.; 10 lbs. 98c.; 25 lbs. \$1.89; 50 lbs. \$3.72; 100 lbs. \$7.24.

Dwarf Essex Rape

This is the variety known and grown everywhere. Not quite so strong and vigorous a grower as our Dwarf Victoria, but it never fails to give the best of satisfaction. Fine imported seed, price, postpaid, 1 lb. 18c. By express or freight, not prepaid; 5 lbs. 44c.; 10 lbs. 73c.; 25 lbs. \$1.55; 50 lbs. \$2.75; 100 lbs. \$5.10.

Spring Rye

Spring Rye Of Great Value As a Catch Crop

This is quite different from the winter Rye and is highly valued wherever known. It is not only more productive but the grain is of finer quality and it can be successfully grown in any latitude. The straw is of special value as it stands six or eight feet high, being better than that of Winter Rye and producing nearly four times as much straw as Oats. Produces 30 to 40 bushels of grain to the acre. As it does not stool like Winter Rye not less than two bushels to the acre should be sown. Prices, postpaid, lb. 25c. By express or freight not prepaid, $\frac{1}{2}$ bu. 35c.; $\frac{3}{4}$ bu. 50c.; 1 bu. 80c.; bu. (56 lbs.) \$1.35.

Giant Winter Rye

This crop is used all over the country for Fall and Spring pasturage, early green food, and for green manuring, as well as for grain. It is very hardy and will grow on poorer land than any other grain crops. It is a good Spring soiling crop, giving the earliest bite of green stuff and makes a fair quality of hay if cut in bloom or before it is fully headed out. Used for a grain crop its straw makes the best of bedding for cattle and horses. Sow at the rate of $1\frac{1}{2}$ bushels per acre. Prices, postpaid, per lb. 25c. By express or freight, not prepaid, $\frac{1}{2}$ bu. 35c.; $\frac{3}{4}$ bu. 50c.; 1 bu. 80c.; 1 bu. (56 lbs.) \$1.35.

Sugar Cane

Sugar Cane

Improved Early Amber

Unequalled for Stock Feeding or for Making Syrup

We often wonder how it comes that this magnificent plant is so greatly neglected as a fodder plant. Have you ever tried it? It can be profitably grown everywhere. It will do well in Texas and Manitoba, do splendidly in Maine, and better in California. It can be used as a pasture or a fodder plant. It is readily eaten by cattle and horses, by mules, sheep, swine and fowl, and in fact, by every animal you need fodder for. It is extremely profitable for this purpose, as the cane can be cut and partly cured, and in this way will yield from 40 to 50 tons of magnificent fodder to the acre. It can be cut repeatedly, and springs up quickly again. For Fodder, cut as soon as the blossom comes out of the head. Price, postpaid, 1 lb. 20c. By express or freight not prepaid, $\frac{1}{2}$ bu. 35c.; $\frac{3}{4}$ bu. 60c.; 1 bu. 95c.; 1 bu. (50 lbs.) \$1.75.

Mammoth Russian Sunflower

Sunflower—Mammoth Russian

The single heads measure 22 inches in diameter and contain a larger quantity of seed, which is highly valued by all farmers and breeders who have tried it as an excellent and cheap food for fowls. They fatten well on it and attain a bright, lustrous plumage, and strong healthy condition better than any other food. It can be raised cheaper than corn. Plant 4 quarts of seed per acre. Price, postpaid, oz. 5c.; lb. 20c. By express or freight not prepaid, 5 lbs. 50c.; 10 lbs. 90c.; 25 lbs. (bu.) \$1.90.

Australian Salt Bush

A Forage Plant for Alkali Soils and Regions Subject to Periodic Drouth

This is a most wonderful forage plant, as it will grow freely in arid and alkali lands that will produce no other vegetation, yielding a marvelously liberal foliage which is eagerly eaten by all kinds of stock. It is of creeping habit. From twenty to thirty tons of green fodder have been harvested from one acre. It has further been proven that after three or four crops have been grown on alkali land the soil is then capable of producing any other vegetation. In many sections of the States this is in itself of priceless value. This plant has been very extensively tried where single plants grown on the poorest alkali ground have reached a diameter of sixteen feet in one season. One pound of seed is sufficient for an acre. It grows readily from seed, and requires no cultivation. Price, postpaid, pkt. 5c.; oz. 15c.; $\frac{1}{2}$ lb. 35c.; lb. \$1.25.

IMPORTANT—PRICES on all Farm Seeds are Subject to change without notice.
But Remember—If prices ARE LOWER the day your order is received, more seed will be added; if HIGHER, the amount will be decreased.
Safest Way—Send us a list of your wants, with exact quantities, and, by return mail, we will quote you Lowest Market Prices.

Teosinte

Teosinte

The New Fodder Plant. Rich, Luxuriant, Hardy. Here is a truly wonderful forage plant worthy of general cultivation. It comes to us from the rich, fertile plains of the Nile, where travelers tell us, the enormous yield of 300 tons of green fodder per acre is not uncommon. This is what it does in Egypt. What does it do in America? Almost equally as well. Give it a rich, warm, balmy soil, and it will yield from 100 to 150 tons of green fodder per acre. It is simply marvelous. Down in Georgia, in Florida and North Carolina, its yield is all the way from 100 to 200 tons of green fodder per acre. It grows to a height of 18 feet in those states, while a single kernel will produce from 60 to 100 stalks of the most nourishing green fodder imaginable. **Price, postpaid, oz. 10c.; ¼ lb. 25c.; 1b. 72c.; by express or freight, not prepaid, 1b. 62c.; 5 lbs. or over at 60c. per pound.**

Sand Vetch

Sand or Winter Vetch. Commonly known as Vicia Villosa.

One of the pea-vine class of plants, exceedingly nutritious, surpassing even the several varieties of Clover. It will do better than any other fodder crops on poor soil, while on good soil it makes a rank growth of four or five feet. It is a great favorite with cattle and can be fed with safety to any stock. Perfectly hardy all over the United States, and will remain green all winter. Sow for Spring use in August or September, mix it with Clover; or in spring, with Oats to help support it. It is one of the earliest of fodder crops for spring cutting—a full crop can be cut in season to plough and plant any other crop on the same land. Wherever Scarlet Clover winter kills, by all means plant this. In the South and dry West it will make a capital hay crop by fall sowing it, for it will make its growth in the fall and spring months, before the dry weather sets in. **Price postpaid, 1b. 25c.; 3 lbs. 70c. By express or freight not prepaid, ½ bu. 95c.; ¼ bu. \$1.80; ½ bu. \$3.55; 1 bu. (60 lbs.) \$6.70.**

Speltz or Emmer.

It makes a good crop with almost any condition of soil and climate. It is neither Wheat, Rye nor Barley, and yet it appears to be a combination of these. It is more like Wheat than any of the others mentioned. For fattening cattle, horses, poultry, sheep, pigs, etc., it is claimed to be ahead of other grains, in fact, all kinds of animals seem to thrive on it. **Speltz is claimed to be ahead of Corn, superior to Oats and more profitable than Wheat. Yields 80 to 100 bushels of richer food than Corn besides giving as much as 4 tons of good hay per acre.** Excellent for pasture and can be fed in the green state. As green grass hay food it often gives 100 leafy stalks from one seed, which shows its heavy stooling properties. The heads are somewhat separated from each other in such a manner that the crop is not easily injured by the weather. It is a heavy yielder. **Will grow well and produce enormous crops on land where Wheat will not grow. Sow 2 bushels per acre. The grain in hull generally weighs about forty pounds per bushel and we sell it at that weight. Our own growth, choicest Northern-grown pedigree stock seed, price postpaid, pkt. 5c.; 1b. 25c.; 3 lbs. 60c. By express or freight not prepaid, ½ bu. 25c.; ¼ bu. 40c.; 1½ bu. 65c.; 1 bu. (40 lbs.) \$1.05; 2 bu. \$2.00; 10 bu. or over at \$1.00 per bushel.**

Blue Stem Spring Wheat, No. 169. This is the best Blue Stem Wheat of which we have knowledge. A decidedly popular variety. Is very hardy; vigorous growth; great stooling propensities, and for productiveness and good milling qualities it has few equals. It is not liable to blight or rust, the straw is large and stiff and if blown down by a hard storm will not break but head and regain its upright position after the sun shines. Yields heavily everywhere and under all conditions. The heads are very large and well filled, the kernel is hard and the plant stools freely, and under ordinary conditions will yield 40 to 50 bushels per acre. **Price postpaid, 1b. 25c.; 3 lbs. 60c. By express or freight not prepaid, ½ bu. 40c.; ¼ bu. 60c.; ½ bu. \$1.00 1 bu. (60 lbs.) \$1.80; 2 bu. \$3.55; 5 bu. lots or over at \$1.75 per bushel.**

Red Wonder Winter Wheat. A most valuable bearded variety. It can be depended upon for an abundant yield even in unfavorable seasons. It grows a little above medium height; straw jointed and stocky. The straw is very strong at base of head which accounts in a great measure for its ability to withstand storms without lodging. **Price, postpaid, 1b. 20c.; 3 lbs. 50c. By express or freight not prepaid, ½ bu. 35c.; ¼ bu. 50c.; ½ bu. 90c.; 1 bu. (60 lbs.) \$1.65; 2 bu. \$3.25; 5 bu. lots or over at \$1.60 per bushel.**

Reliable Winter Wheat. Reliable Winter Wheat is a very early variety, ripening before rust, blight or chinch bugs or other insect pests appear in the fields. It yields from 30 to 40 bushels an acre and we have had reports of even larger yields on good soil. It is a bearded variety; the kernels are red with a very thin husk, are hard and flinty and very rich in gluten. It is stiff-strawed and will stand up in wind and rain which would lodge other varieties very badly. **Price, postpaid, 1b. 25c.; 3 lbs. 60c.; By express or freight not prepaid, ½ bu. 40c.; ¼ bu. 60c.; ½ bu. \$1.00; 1 bu. (60 lbs.) \$1.75; 2 bu. \$3.45; 5 bu. lots or over at \$1.70 per bushel.**

Giant Crimson

Alsike

Medium Red

The Best Clover Seed

All Northern Grown, Fancy Recleaned Stock. We Offer One Grade Only—The BEST

Medium Red. The Kind Commonly Grown Everywhere. Our seed is carefully grown and selected for seed purposes. There is none better if as good. Sow 10 to 14 pounds to an acre. Price, postpaid, lb. 30c.; 3 lb. 80c. By express or freight, not prepaid, $\frac{1}{4}$ bu. \$1.45; $\frac{1}{2}$ bu. \$2.60; $\frac{3}{4}$ bu. \$4.95; bu. (60 lbs.) \$9.68

Mammoth Red. The Largest and Heaviest Cropping Red Clover. Invaluable for pastures for all kinds of stock. A fine variety to plow under as a fertilizer. Sow 10 to 14 lbs. per acre. Postpaid, lb. 30c.; 3 lb. 80c. By express or freight, not prepaid, $\frac{1}{4}$ bu. \$1.50; $\frac{1}{2}$ bu. \$2.65; $\frac{3}{4}$ bu. \$5.00; bu. (60 lbs.) \$9.82.

Alsike. Extremely Hardy—Unsurpassed for Northern Climate. The most hardy of all Clovers; Perennial. On rich, moist soils it yields an enormous quantity of hay or pasturage, but its greatest value is for sowing with other Clovers and Grasses, as it forms a thick bottom and greatly increases the yield of hay; cattle prefer it to any other forage. It adapts itself to all kinds of soil and is capable of resisting extremes of wet and drought alike. The heads are globular, fragrant and much liked by bees, which obtain a large amount of honey from them. Sow in Spring or Fall, at the rate of 10 pounds per acre, when used alone. Price, postpaid, lb. 30c.; 3 lbs. 80c. By express or freight, not prepaid, $\frac{1}{4}$ bu. \$1.40; $\frac{1}{2}$ bu. \$2.55; $\frac{3}{4}$ bu. \$4.95; bu. (60 lbs.) \$9.57.

Giant Crimson. A Rapid Growing Variety, Useful Alike for Feed and Fertilizer. A well-known and favorite winter cover crop and soil enricher, affording excellent early forage. Seed should be sown in August or September. Use seed at the rate of 15 lbs. per acre. It grows all winter, when ground is not frozen. It is very beautiful when in bloom, and valuable for soil purposes, for pasture or hay and the roots add materially to the fertility of the soil. Our seed is American grown. We probably sell more seed of this Clover direct to farmers than any other house in America. Sow 10 lbs. per acre. Postpaid, lb. 25c.; 3 lb. 70c. By express or freight, not prepaid, $\frac{1}{4}$ bu. \$1.20; $\frac{1}{2}$ bu. \$2.05; $\frac{3}{4}$ bu. \$3.90; bu. (60 lbs.) \$7.60.

Select White. Used Largely for Lawn Grass Purposes. Also a valuable sort for sowing in lands intended for pasture. Does not do well in too wet soil. Postpaid, lb. 48c.; 3 lb. \$1.39. By express or freight not prepaid, 5 lbs. \$1.80; 10 lbs. \$3.55. Write for special prices on large quantities.

Forage Crop

Dry Land Alfalfa

Alfalfa or Lucerne. Unequaled Drought Resisting Clover. It is useless to sow this Clover on land having a stiff clay or hard-pan sub-soil, as the roots naturally penetrate to a great depth and must do so if the plants live any time. Sow on rich, moist loam or sandy soil having a deep, porous sub-soil. Prepare the land thoroughly and sow the seed at the rate of 15 to 20 pounds per acre with a broadcaster or grass seeder. Cover with a brush or light harrow. The young plants are quite tender and the land must be free of weeds until they become established. Price, postpaid, lb. 35c.; 3 lb. \$1.00. By express or freight, not prepaid, $\frac{1}{4}$ bu. \$1.65; $\frac{1}{2}$ bu. \$3.15; $\frac{3}{4}$ bu. \$5.90; bu. (60 lbs.) \$11.35.

Turkestan Alfalfa. Our Seed is Genuine. The climate of Turkestan is not unlike that of our interior states, being far removed from the ocean and surrounded by wide expanses of dry land. The summers are very hot and long, and in many places the evaporation exceeds the quantity of moisture that has fallen during the year, and here it is that Alfalfa grows and flourishes. We have every reason to believe it will prove equally as valuable in this country. The introduction of Turkestan Alfalfa permits of a great extension of the area heretofore devoted to the cultivation of Alfalfa, and this, too, in sections where climatic conditions have almost prohibited the growing of leguminous forage crops. Not only does it endure extreme cold and drought, but, excellent crops of it have been raised on strongly alkaline soils. Sown alongside common Alfalfa, the Turkestan made a top growth averaging 18 inches in height, with corresponding large root growth, while the common only grew a few inches high. The plants grow strong, more leafy, with slenderer and less woody stems than the common sort, thus making a finer and more nutritious hay. The seed we offer is warranted the best and imported by us direct from Russia Turkestan. Price, postpaid, lb. 35c.; 3 lb. \$1.00; By express or freight, not prepaid, $\frac{1}{4}$ bu. \$1.75; $\frac{1}{2}$ bu. \$3.25; $\frac{3}{4}$ bu. \$6.25; bu. (60 lbs.) \$11.85.

Dry Land Alfalfa. This seed is produced from Alfalfa grown on dry land, without irrigation, and is more preferable than seed grown under irrigation or normal rainfall. Postpaid, lb. 45c.; 3 lbs. \$1.15. By express or freight not prepaid, $\frac{1}{4}$ bu. \$1.80; $\frac{1}{2}$ bu. \$3.40; $\frac{3}{4}$ bu. \$6.65; bu. (60 lbs.) \$12.85.

Timothy

Bromus Inermis

Japanese Millet

NOTICE

The prices on this page are subject to market changes without notice. Better write for special prices if in want of large lots.

PRICES

Timothy

Superior Northern-grown. Always Makes an Enormous Crop of the Finest Hay. Every farmer has learned to his sorrow in the course of his farming life that ordinary grass seed as sold at the stores comes mixed with more or less of white daisy, plantain, thistle, pig weed, smart weed, wild carrot, dock, etc., while in clover he finds buckthorn, plantain, dock in two varieties, smart weed, sorrel, wax seed, etc., and in addition more or less of sand and dirt in each. We have resolved hereafter to catalog such a grade of seed only as shall be free of weeds of all kinds. This costs in the market a few cents more than the ordinary grade, but we have faith to believe our customers will endorse the wisdom of the step. Timothy thrives best on moist, loamy soils of medium tenacity. It should be cut just when the blossom falls. Sow early in the spring or fall, at the rate of twelve pounds per acre, if alone, but less if mixed with other grasses. **Price, postpaid, 1b. 25c.; by express or freight, not prepaid, 1/2 bu. 70c.; 1/4 bu. \$1.25; 1/2 bu. \$2.40; bu. (45 lbs.) \$4.75.**

Bromus Inermis

Choice Montana Grown. This is the best grass that has yet been tried in this country. When properly sown, it catches well, giving a good sod the first year; in favorable seasons, a fair yield of hay may also be obtained. Up to the present the best results have been obtained by sowing plenty of seed on well prepared ground as early as possible in the spring. From 1 1/2 to 2 bushels should be sown to the acre, depending somewhat upon the season and condition of soil. The forage, though coarse, is of excellent quality, and under ordinary circumstances a large amount of early spring and fall feed may be obtained, in addition to a good yield of hay. Thus far the grass has endured drought perfectly and has never winter-killed in the least. It does well sown with Clover or with Clover and Timothy. Use 20 pounds to the acre if alone, if with Alfalfa 15 pounds; they will grow well together. It may be sown in the fall with Winter Wheat, or in the spring. Cut when first coming into bloom. **Price, postpaid, 1b. 24c.; by express or freight, not prepaid, 1/2 bu. 33c.; 1/4 bu. 56c.; 1/2 bu. 98c.; bu. (14 lbs.) \$1.87.**

Pearl Millet

(Billion Dollar Grass). Quick Growing and Heavy Cropping. This quick-growing forage plant has been long known under the name East India or "Cat-tail" Millet. Sown in drills four feet apart and cultivated like corn the plants attain a height of 8 to 10 feet, with slender, long-bladed leaves. These stalks can be cured for winter use, and the seed makes an excellent poultry food, but the best use of the plant is to cut the stalk for green forage when about three feet high and allow the plant to make a second growth for fall feeding or ensilage. Five pounds of seed are required per acre. **Choice Northern-grown Seed. Price, postpaid, 1b. 30c.; by express or freight, not prepaid, 5 lbs. 75c.; 10 lbs. \$1.25.**

German Millet

Quick Growing; Very Prolific. German Millet makes a most nutritious hay crop, quick-growing and easily cured. It requires, however, to be seeded thickly—not less than one bushel per acre—and the crop should always be cut while in bloom, before the seeds harden in the head. If the seed is allowed to form, the stalk gets hard, and it does not make nearly as good quality hay, and at the same time it is more exhaustive to the land. It can be sown any time from the middle of May until the end of July. It matures its crop in from six to eight weeks after seeding. **Choice Northern Grown Seed. Price, postpaid, 1b. 20c.; by express or freight, not prepaid, 1/2 bu. 30c.; 1/4 bu. 50c.; 1/2 bu. 85c.; bu. (50 lbs.) \$1.65.**

Hungarian Millet

Grows Unequaled Hay for Stock Raisers. (Dark Seed.) Often called Hungarian Grass. Many regard this as being even better than German Millet as it is about one week earlier and requires less moisture. The hay is fine and of excellent feeding value. It is especially valuable on account of its requiring such a short season to make a fine crop of most excellent hay. For this reason it is much used as a catch crop. It can be sown as late as the 4th of July with good results in ordinary seasons. It is much used for following such crops as early potatoes and barley for a crop of hay, thus giving two crops on the same land in one year. Hungarian Millet does not grow so coarse as some other varieties, but still yields quite heavily, from two to four tons of hay to the acre being an ordinary crop. Hay is quite leafy, of very fine quality. **Choice Northern Grown Seed. Price, postpaid, 1b. 20c.; by express or freight, not prepaid, 1/2 bu. 35c.; 1/4 bu. 50c.; 1/2 bu. 90c.; bu. (48 lbs.) \$1.75.**

Early Russian Millet

The Best Hog and Stock Millet. It is about three weeks earlier than German or common Millet, thereby making a crop when the latter often fails on account of early frosts. Second: It grows extra fine stalks, wondrously prolific, has great stooing habits, is very leafy and bushy and full of rich, green blades; One kernel has been known to produce fifty fine, strong stalks, just the size that are eagerly eaten by cattle. **Choice Northern Grown Seed. Price, postpaid, 1b. 20c.; by express or freight, not prepaid, 1/2 bu. 30c.; 1/4 bu. 50c.; 1/2 bu. 85c.; bu. (50 lbs.) \$1.65.**

New Japanese Millet

Quick Growing, Drought Resisting Variety of Great Merit. Grows from 4 to 7 feet tall, but is not harsh and woody as other grasses are. This is one of the most profitable and valuable seed crops. We have grown this splendid Millet for years and have been so careful in the selection and improvement of our Stock Seed that our strain is acknowledged to be the best in existence. **Choice Northern Grown Seed. Price, postpaid, 1b. 20c.; by express or freight, not prepaid, 1/2 bu. 30c.; 1/4 bu. 55c.; 1/2 bu. 90c.; bu. (36 lbs.) \$1.85.**

GREAT NORTHERN LAWN GRASS SEED

Columbia Lawn Grass Seed

Always Grows, Always Thrives
Hardy, Luxuriant, Deep velvety Green
Sure to Please

Columbia Lawn Grass Mixture

Makes the Finest Lawns in the World. This mixture will insure a beautiful, compact evergreen sod on any lawn where the essential requirements of grass culture have been complied with. Full provision is made for a successful growth, so that there shall be no break in the richness of the verdure from spring until autumn, and experience proves that our Columbia Lawn Grass Mixture is now perfect. Nothing better can be purchased on the American market, no matter what claims may be advanced by other Seedsmen. **Price, postpaid, 1/2 lb. 18c.; 1 lb. 30c. By express or freight not prepaid, 5 lbs. \$1.00; 15 lbs. \$2.85; 25 lbs. \$4.65; 50 lbs. \$9.20; 100 lbs. \$17.85.**

Evergreen Mixture Lawn Grass. The best Medium Priced Lawn Grass. On nearly all lawns there are unsightly bare spots under the shade of trees, which have baffled all efforts to get into grass, but with this mixture there need be no further difficulty. It is a combination of fine, dwarf-growing evergreen varieties, which in their wild or natural state are to be found growing in the woods or other sheltered or shaded spots. **Price postpaid, 1/2 lb. 15c.; 1 lb. 25c. By express or freight not prepaid, 5 lbs. 95c.; 15 lbs. \$2.75; 25 lbs. \$4.15; 50 lbs. \$7.90; 100 lbs. \$15.35.**

Kentucky Blue Grass, Extra Fancy. Our Rockford Strains are unsurpassed. Many prefer this to a mixture of grasses, and the fact cannot be denied that a lawn of Blue Grass only is magnificent; it takes longer, however, to get it established. Especially excellent for winter pastures **Price postpaid, 1 lb. 39c.; By express or freight not prepaid 5 lbs.**

Quantities to Use.
1-lb. Package for 350 square ft.
5-lb. Package for 1750 square feet.
10-lb. Bag for 3500 square ft.
15-lb. Bag for 5250 square ft.
25-lb. Bag for one-fourth acre.
50-lb. Bag for one-half acre.
100-lb. Bag for one acre.

established. Very desirable for wood lawns, pastures and especially excellent for winter pastures because of its thick, heavy growth. **Price postpaid, 1 lb. 39c.; By express or freight not prepaid 5 lbs. \$1.20; 14 lbs. (bu.) \$3.15.**

White Clover, Extra Fancy. Fancy Recleaned Seed, Very Fine. Is the best of the Clover family. Especially suitable to plant for pasture or to sow in lawn in connection with the Blue Grass. It produces a delightful, smooth and attractive surface; also makes excellent forage for bees. This choice variety, **price postpaid, per lb. 48c. By express or freight not prepaid, 5 lbs. \$1.95; 10 lbs. \$3.65. Write for prices on larger quantities.**

Red Top, Extra Fancy. All Solid seed; Recleaned; Sure to Grow. This seed, well cleaned, makes a good permanent grass and produces luxuriant growth on most any soil. This is a great variety, and you should send your orders for it early, as it usually sells rapidly. **Postpaid, 1 lb. 30c. By express or freight not prepaid, 5 lbs. 75c.; 14 lbs. (bu.) \$1.75. Write for prices on larger quantities.**

GRASS AND CLOVER SEED MIXTURES

For Meadows and Permanent Pastures

It is often difficult for our patrons to select proper Grasses and mix same thoroughly for their use; and it thus comes that we are annually requested by thousands of our friends to select and mix for them sorts adapted to their soil and climate. This from our large experience in the culture, nature and requirements of Grasses for pastures and meadows; we can often do more satisfactory than they. When customers wish a luxuriant growth of either meadow or pasture, it will pay them every time to buy our Grass Mixtures. Our seeds are Northern grown, and our farmer friends will be surprised to see the unusual vigor that this lends to them. Northern grown seeds, whenever a strong growth is wanted for hay or pasture; usually returns 50 per cent more crop than Eastern stock. Our Grass mixtures for pastures and meadows are composed of appropriate Grasses in such quantities as are required to produce an even, healthy, vigorous, strong growth on different soils.

EXTRA DRY GRASS AND CLOVER MIXTURES FOR MEADOWS

No. 1 For Rich Dry Soils

Noroton Beauty or Quick Lunch

New Early Six Weeks

Noroton Beauty or Quick Lunch. The earliest Potato ever grown and fully as productive as any main crop or late sort. This combination of extreme earliness, productiveness, also good keeping qualities, has never before been attained. It is handsomer in appearance and more uniform in size and shape than any other variety. Its table quality is superb and keeps longer in good condition than any other sort, early or late and is one of the best all-round Potatoes in existence. **Prices, postpaid 1 lb. 30c.; 3 lbs. 70c.; By express or freight not prepaid, 1/4 bu. 60c.; 1/2 bu. \$1.00; 1 bu. (60 lbs.) \$1.85; 2 1/2 bu. \$4.35.**

Burbank, Standard Late Variety. Which continues in good demand and is more largely used than any other. It is of good size, of fine form and an excellent yielder. The flesh is white, very mealy and of fine flavor and quality. The best Potato for baking. This variety is well adapted to heavy soils. **Prices, postpaid, 1 lb. 25c.; 3 lbs. 60c.; By express or freight not prepaid, 1/4 bu. 55c.; 1/2 bu. 95c.; 1 bu. (60 lbs.) \$1.80; 2 1/2 bu. \$4.20.**

New Extra Early Rockford. Earliest and Best. Heavy yielder, good shipper, handsome color. Always comes true to name. Best of all. A new Extra Early variety of good promise. Makes an extremely quick growth and considering its Extra Earliness is a wonderful heavy yielder. Is of a very handsome appearance with pinkish tinged skin and white flesh. Just the right shape; just the right size. In fact it is the ideal of all varieties. No Potato is superior in eating qualities year in and year out. It stands to other Potatoes as rich Jersey cream does to skimmed milk. As early as the earliest, and better than the best. **Prices, postpaid, 1 lb. 30c.; 3 lbs. 70c.; By express or freight not prepaid, 1/4 bu. 60c.; 1/2 bu. \$1.00; 1 bu. (60 lbs.) \$1.85; 2 1/2 bu. \$4.35.**

Carmen Number Three. The best standard late. Enormous cropper. Satisfactory shipper, splendid appearance. Meets all requirements all the time. One of the most popular of the Carmen group of Potatoes. Carmen grows to the largest size of any of the main crop sorts. Choicest Pedigreed Stock Seed. **Prices, postpaid, 1 lb. 25c.; 3 lbs. 60c.; By express or freight not prepaid, 1/4 bu. 55c.; 1/2 bu. 95c.; 1 bu. (60 lbs.) \$1.80; 2 1/2 bu. \$4.20.**

New Extra Early Rockford

New Early Six Weeks. Well known favorite. Very early, Good yielder. Forty-five days is three days longer than six weeks, which is the record our stock of Early Six Weeks holds on our Northern Seed Farms, and tested with other samples of Six Weeks Potatoes proves more vigorous and productive. Choicest Pedigreed Stock Seed. **Prices, postpaid, 1 lb. 25c.; 3 lbs. 60c.; by express or freight not prepaid, 1/4 bu. 55c.; 1/2 bu. 95c.; 1 bu. (60 lbs.) \$1.80; 2 1/2 bu. \$4.20.**

Improved Early Ohio. This is without doubt the most popular Early Potato in the country, and there is a greater demand for it than for any other Early. The Potatoes we offer are smooth, clean and free from prongs and scabs, growing stronger and more vigorous, maturing in a shorter time and yielding much more than home grown Seed. You have also the satisfaction of knowing that your Improved Early Ohio's are Pure. Choicest Pedigreed Stock Seed. **Prices postpaid, 1 lb. 25c.; 3 lbs. 70c.; by express or freight not prepaid, 1/4 bu. 60c.; 1/2 bu. \$1.00; 1 bu. (60 lbs.) \$1.85; 2 1/2 bu. \$4.35.**

Pure Early Rose. The good old favorite, which continues in great popularity. A prolific yielder, sure cropper and popular market potato. Every farmer and gardener knows the good Early Rose and nothing need be said in its favor. The strain we offer is the purest and best that can be put on the market. Choicest pedigreed Stock Seed. **Prices, postpaid, 1 lb. 25c.; 3 lbs. 60c.; by express or freight not prepaid, 1/4 bu. 55c.; 1/2 bu. 95c.; 1 bu. (60 lbs.) \$1.80; 2 1/2 bu. \$4.20.**

Pride of the South. This fine Potato has been generally tested and proved a splendid variety, both in yield and earliness; in shape it is similar to Bliss Triumph, nearly round, flesh white, best quality. Choicest pedigreed Stock Seed. **Postpaid, 1 lb. 25c.; 3 lbs. 60c.; By express or freight not prepaid, 1/4 bu. 60c.; 1/2 bu. \$1.00; 1 bu. \$1.85; 2 1/2 bu. \$4.35.**

Irish Cobbler. A chunky, white-netted early Potato. Splendid quality; flesh creamy white, splendid yielder, and especially suited to dry climates. Choicest Pedigreed Stock Seed. **Postpaid, 1 lb. 25c.; 3 lbs. 60c.; By express or freight not prepaid, 1/4 bu. 60c.; 1/2 bu. \$1.00; 1 bu. (60 lbs.) \$1.85; 2 1/2 bu. \$4.35.**

Early White Ohio Potato

An Ohio With a White Skin. It is a true Ohio of the best type in all except color, which instead of being pink, as in the parent, is a beautiful creamy white with pink eyes. Just imagine the smoothest, nicest Ohio you ever saw, but with the color of the old Peachblow, and you will have a good idea how it looks. In earliness there seems to be no difference between it and the Ohio, the White Ohio being a little bit the earliest if anything, but in yield it has a decided advantage. The great demand in every market now is for a white potato, and even the good old Ohio, the standard for extra early, often has to take a back seat because of the color of its skin. Here we have a genuine **Early Ohio** with the quick compact growth of that well-known variety and withal a white skin. For every locality where a white Potato is the popular market color, this new Potato is bound to be a money making "winner." **Prices postpaid, 1 lb. 25c.; 3 lbs. 70c.; by express or freight not prepaid, 1/4 bu. 60c.; 1/2 bu. \$1.00; 1 bu. (60 lbs.) \$1.85; 2 1/2 bu. \$4.35.**

Early White Ohio

Bliss' Red Triumph

A Week Earlier than Rose. This variety has been known for a long time and yet unknown. It was introduced many years ago by Mr. B. K. Bliss, of New York, who disseminated the Early Rose. The Triumph attained at the time no particular favor, but all of a sudden its virtues became appreciated and the demand for it was so great that it sold readily in car load lots for three times the price of ordinary seed Potatoes and one man who had several thousand bushels reaped a substantial fortune from their sale. There is good reason why the Triumph should be popular. It is from seven to ten days earlier than the Ohio, and that oftentimes means a difference of many dollars in the crop. We believe that Potato growers will do well to plant liberally of them the coming Spring as there is sure to be an almost unlimited demand for the seed from the Mississippi Valley, where thousands of acres of Potatoes are grown each year for the early market. The Potato is of good size, squared at ends. Skin is red, flesh is very white and firm. It is productive, and for several years to come will probably command a higher price among Potato buyers than any other sort. Our stock is genuine. **Prices, postpaid, 1 lb. 25c.; 3 lbs. 60c. By express or freight not prepaid, 1/4 bu. 60c.; 1/2 bu. \$1.00; 1 bu. (60 lbs.) \$1.85; 2 1/2 bu. \$4.35.**

Potato Eyes Postpaid By Mail

NORTHERN GROWN

Potato
EYES

GROWN BY
THE GREAT NORTHERN SEED CO.
ROCKFORD, ILL.

There are many people living in cities or towns who have a small garden and would like to devote a portion of it to potatoes, but do not feel like paying the freight or express charges on a small quantity of whole potatoes. By purchasing eyes this can be done at a very slight expense. By careful selection we take the very best potatoes, from which the eyes are cut. These are prepared in such a way that they will keep in good condition for a considerable length of time and we warrant them to arrive in good condition for growing, no matter how far away. In this way our customers can have the pleasure of trying our new varieties at little cost. In sending the Eyes by mail there is nothing to pay for transportation, we pay all postage. All orders for the South can be sent at any time in the winter with safety. Orders for the North and West will be booked when received, and sent when Spring opens or planting time arrives.

PRICE OF POTATO EYES, POSTPAID

Box of 25 Eyes, 30c.

Box of 100 Eyes, \$1.00

No less than 25 Eyes of any sort will be put up.

New and Choice Flower Seeds

New Aster

Queen of the Pacific Mixture

All the Newest and Best Colors
in Fine Array

Possessing all the good qualities of the older varieties of Asters, and surpassing all in size, delicacy and beauty of coloring making it especially desirable for decorating purposes. One of the chief characteristics is the beautiful arrangement of the petals, the outer gracefully curling under, while center rows coquettishly turn over in the opposite direction, giving the flower a raised, fluffy center, exceedingly bewitching. **The Colors**—embrace a soft light rose, a rose penciled with white, reddish lilac, reddish lilac penciled with white, violet, violet penciled with white. They are perpetual bloomers. Seed sown in April will give an abundance of flowers from July until frost. **Large pkt. 8c.; 4 pkts, 25c.**

Queen of the Pacific Aster Mixture

New

Japanese or Tassel Asters

Plants of pyramidal growth, about eighteen inches high, bearing on long stems from forty to fifty flowers, averaging five inches across, composed of wavy and twisted needle-shaped petals, making the flowers free from the stiff and formal appearance usual to Asters. The beautiful flowers of this new strain of Asters offer a most striking contrast with those of any other variety. The color is of a soft flesh pink and rose, the two colors mixed. **Pkt. 5c.**

New Japanese or Tassel Aster

The Heavenly Blue Flower

A hardy annual of more than ordinary beauty. It grows about two feet high, branching freely and bearing a profusion of the most lovely flowers similar in all respects to the Forget-me-not, though the blossoms are much larger, and of finer color. It is always taken for a

beautiful large flowering Forget-me-not, and for bouquets and cut flowers it is indeed superior to it. Its color is a deep, clear, brilliant blue with a pure white eye; one of the rarest and most lovely shades of that color. It blooms early and continues all summer. **Pkt. 4c.**

The Heavenly Blue Flower

Blue Marguerite

Blue Marguerite or Daisy

A Beautiful Bedding Plant and an Excellent Indoor Bloomer

The flowers are of a lovely sky-blue tint with yellow disk, easily grown from seed or cuttings and may be had in flower all the year round. It is a very beautiful plant and useful in producing flowers during the winter months, and very pretty for summer decoration in the garden. **Pkt. 4c.**

Bird of Paradise

Balsam—Giant Perfection

Double Gigantic Flowers as Perfect as Camellias. Unrivalled for large size, perfect form, robust habit and diversity of rich and delicate colors. Flowers often 2 inches across, borne in wonderful profusion, and more uniformly double than any other strain. It is not an uncommon sight to see more than 500 of the magnificent large double blooms upon a plant at one time, the branches being perfect pyramids of bloom. The habit of growth is bushy and branching. The range of color includes white, rose, yellow, buff, pomegranite, red, scarlet, crimson, purple, lilac and violet. The Balsam is one of the most beautiful and easily grown of all garden annuals. Seed may be started under glass early or sown in the open ground about corn planting time. A very rich soil is not necessary, but they like to have plenty of room, at least 18 inches apart each way. To insure the greatest number of double flowers the seedling plants should be transplanted at least once before going to their permanent places in the garden or border. Choice Mixture. **Pkt. 5c.; ¼ oz. 25c.**

Carnation—Marguerite

**A Novelty of Real Merit
Blooms the First Year from Seed**

This new class of fragrant Marguerite Carnations will bloom in about four months after sowing the seed. To have them bloom during the summer the seed should be sown quite thinly in shallow drills in the flower garden or seed-bed early in the spring when the trees are starting out in leaf. When well started they should be thinned out or transplanted to stand ten to twelve inches apart in rich soil. If given careful cultivation they will begin to bloom in about four months from sowing seed, and continue to flower freely during the cool fall months until cut off by severe frost. While flowering freely the first season they are quite hardy when grown in well-drained soil and will blossom much earlier and even more freely the second season. Or the best plants can be taken up to grow in pots for flowering in a cool room in the house during winter. The flowers are of brilliant colors, ranging through many beautiful shades of reds, pinks, white, variegated, etc., exquisitely sweet and fully eighty per cent perfectly double. Our Mixed Seed will produce a large percentage of fine double-flowered plants in the choicest assortment of colors. **Pkt. 5c.**

Fairy Rose

New Fairy Roses

Roses From Seed the First Year
One of the most unique and novel pot flowers grown. The only genuine dwarf variety, blooming in four or five months after sowing the seed, giving about equal proportions of single, semi-double and double flowers, borne in clusters and contain all the tints and colors of cultivated Roses. **Pkt. 6c.**

Bird of Paradise

This striking and attractive flower has lately become widely and wonderfully popular. The blossoms are of a rich golden yellow, about 2½ inches in diameter, produced in large trusses, the most striking feature being the long, incurving stamens and pistils, of a beautiful, bright crimson color. It would be hard to imagine anything more conspicuous and showy. Seed should be soaked in warm water and started indoors or under glass in a light, sandy soil. Plants should be carefully hardened by gradual exposure to fresh air before going into the open ground. A sunny situation is required, in dry and very warm soil and no water other than the rains will be needed after the plants are well established. Everybody should try this wonderful flower. **Pkt. 5c.**

NOTE—We also offer a limited number of pot grown plants of the Bird of Paradise, fine specimens only **10c. each.**

Balsam Giant Perfection

Marguerite Carnation

Giant Flowered Geranium

Geranium

New Giant Flowered

A greatly improved strain of Geranium seed grown by a specialist for our trade. These favorite plants are easily raised from seed, which will frequently reward the cultivator with charming new varieties.

Seed started early in the house bloom the first summer in the garden. Some seeds come up in a few days and others in many days, perhaps weeks. The plants grow rapidly and are strong and thrifty.

Habit compact, with large, healthy foliage. Flowers perfect in shape; round and sometimes beautifully cupped. Trusses immense and the blooming qualities of the plant truly wonderful. But in coloring they are perfect marvels, showing combinations and brightness of tints heretofore unknown. The spotted or speckled varieties very novel and extremely attractive. Flowers quickly from seed and in every respect are superior to all other Geraniums. **Pkt. 8c.**

If you have never grown Geraniums from Seed, Try it Once

SEEDS

Ostrich Plume Cockscomb

Cockscomb

Ostrich Plume

A beautiful sort of the feathered type, producing large showy plumes, curled and curved, very much resembling ostrich feathers. It is graceful and ornamental in the extreme, and must be classed among the most handsome of the new garden annuals. The habit of growth and general aspect are indicated in the illustration. The height is 2 to 3 feet. The colors include golden yellow, fiery scarlet, purple, salmon, blood red, etc. The plants are annuals, growing easily and quickly from seed, and present a very showy appearance in the summer garden, lasting long in bloom. **...Pkt. 4c.**

New Royal Pink

The New Royal Pinks

The plants are of strong quick growth, forming a neat compact bush ten to twelve inches in height and bearing a profusion of brightly colored flowers from early in the summer until winter sets in, and are remarkable for the varied range of extremely bright colorings, coming chiefly in rich shades of red, carmine and deep rose. The plants are quite hardy in well-drained soil and produce larger and finer flowers the second year than in the first summer from seed. **Best Mixed, Pkt. 6c.**

Gaillardia Double

Double Gaillardia

One of the most valuable annuals we have for cut flowers, producing very double flowers as round as a perfect ball, in the most varied color, and are borne on long, slender stems; when cut will keep over a week. **Fine Mixed, Pkt. 5c.**

Poppy, Giant Double.

Giant Double Poppies

This "Brilliant Mixture" of double annual Poppies has been made from exclusively improved giant double-flowering sorts, and none but the richest, most brilliant, as well as the daintiest and loveliest, shades and colors are included. The plants are sturdy, luxuriant growers about 2½ feet high, bearing immense double flowers 4 to 5 inches in diameter, or as large as Pæonies. Some of the flowers have broad, round, smooth-edged petals, and are of imposing effect; others have lacinated and fringed edges which add a charming grace; but the climaxing merit of all is the wonderful variety of coloring, ranging from the most gorgeous down through innumerable shades to purest white; many are also striped, blended and edged with other colors. When grown in masses the floral panorama is of almost unimaginable beauty. They are of the easiest possible culture; the seed only needs to be sown thinly in May where the plants are to remain. **Pkt. 4c.**

Kochia, or "Burning Bush"

Kochia, or "Burning Bush"

Grows Easily and Quickly from Seed. The Bushy Plants Resemble Balls of Fire

It grows 2 to 2½ feet high and resembles a closely clipped ornamental evergreen. The globe-shaped or pyramidal bushes are close and compact, and of a pleasing light green color. The plant may be grown singly or in the form of a hedge or background. In early autumn the whole bush becomes carmine or blood red, hence the name Burning Bush, etc. It is also called Belvidere. Standing or Mock Cypress. Flowers small and numerous, but not conspicuous. The beauty of this plant is in its shape and colors. A singular feature of this plant is that it always keeps a globular form, even when very small; a row of them making a very striking object all through their growth. Wherever an annual hedge is desired there is nothing better and it is especially suitable for planting around the vegetable garden. **Pkt. 5c.**

Cosmos

Giants of California

A magnificent strain. The individual flowers are of enormous size and the most perfect form, while the colors are richly brilliant. These represent the highest developed types in Cosmos. Will keep a week in water after being cut.

None of our autumn flowers are more prized than the Cosmos. The thrifty plants produce thousands of most elegant blooms, in pure white, pink, crimson shades. As a decorative garden plant its value is inestimable, while as cut-flowers for home decoration nothing is finer, especially as Cosmos are in bloom when other flowers are scarce. Plant the seed directly in garden as soon as the settled Spring weather comes; or you may start the plants early in a box in the house, and transplant them. In the garden set the plants one foot to eighteen inches apart. **Choice Mixed, Pkt. 4c.**

Cosmos—Giants of California.

SEE FRONT COVER
FOR BEAUTIFUL FORGET-ME-NOT
NEW SWEET-SCENTED

Wondrous Weather Plant

This beautiful plant, has during the last two years, created a great sensation throughout the world. It is said that the leaves by changing their position, foretell the weather two days in advance, and extensive experiments, by order of the Prince of Wales, sometime since, proves that it is in truth prophetic. Other tests and experiments have not been so successful, and it is yet an open question as to its merits in this respect. It is at least a graceful vine with lovely foliage and flowers. Cut shows position leaves are supposed to assume in foretelling the weather. If leaves stand upward from the twig, making an angle of 45 degrees, the sky will be cloudless and weather beautiful in all respects. If they stand out straight changeable weather is indicated. As leaves droop below twig the indications range toward rain, until leaves hang straight downward, water may be expected to fall in torrents. A local storm is indicated by the curling together of leaves and a fog by the bending of the twigs. Seeds are of good size, sometimes slow to germinate; should be soaked in luke warm water before planting. **Pkt. 5c.**

Giants of California Dahlias

The finest Dahlias can be grown from seed, and plants will bloom the first season. Seed sown in the house in March and April will produce flowering plants as soon as those grown from tubers, so that the purchase of bulbs is a needless expense. They are remarkably easy to germinate, and from a packet of seed no two plants will be alike in flower, and every color represented, from snow white to dark maroon, striped and flaked. **Extra fine mixed, Pkt. 5c.**

Ten-Weeks Stocks

New Colossal

Flowers Enormous Size and Very Double. It has every merit of a perfect flower—a compact habit, many and long spikes of closely-set, large, double flowers, each as double as a rose, waxy of texture, exceedingly sweet and varying in color from snow white to dark maroon brown, and through all intermediate shades of red, blue and yellow. It is a grand bedder, and a fine pot plant, blooming the winter through. The plants are of strong, healthy, robust growth and produce continuously for weeks, their fine spikes of splendid flowers which are also delightfully fragrant. Plants from seeds sown in the spring commence blooming in early summer and continue until cut down by frost. **Prize mixed, pkt. 4c.**

Ten-Weeks Stocks—Colossal

Heliotrope

One of the most superb strains known among Heliotropes, bearing flowers of immense size and of richest beauty and fragrance. The colors range through all the shades of blue, from violet to indigo. The great trusses or floral heads are sometimes a foot across, and are magnificent in appearance. The plants grow about two feet high, and the foliage is peculiarly rich, glossy and attractive. Everyone likes the delightful fragrance and beauty of the Heliotrope, but very few are aware of the fact that it can be raised from seed as easily as the Verbena. They bloom abundantly in the garden all summer or all the year around in pots. A packet of this seed will furnish a bed of flowers for your garden or lawn which would cost several dollars were you to purchase the plants, and give delicious blossoms all summer. **Select mixed, pkt. 5c.**

New Spencer Hybrids or Giant Orchid Flowered Sweet Peas

A new and distinct type and form and the largest in size of all Sweet Peas, truly gigantic, measuring when full grown $1\frac{1}{2}$ to 2 inches across the standard, which is large, round and waved or fluted; stand upright without flattening the folds. Wings are also beautifully frilled. Stems are extra long and stiff, uniformly three to four exquisite blossoms facing one way, which render them of exceptional value for cutting. There are four distinct ground colors, pink, orange, salmon and rose, but these are again divided into many beautiful tints, which blend harmoniously when gathered for bouquets. **Grandest mixed, pkt. 5c.; oz. 12c.; 2 oz. 20c.; $\frac{1}{4}$ lb. 35c.**

Nasturtium, Giant Climbing.

Giant Flowered Climbing Nasturtiums

The color combinations in these flowers are simply superb, such as a wealth of rich maroon, crimson, scarlet, magenta and claret shades, marbled and mottled streaked spotted and splashed with white, cream, pink and rose. The flowers are much larger than those of the old-fashioned kind, and in nearly all of them the petals overlap each other so as to make perfect flowers. We call special attention to this mixture. In it will be found all the choicest colors of the tall Nasturtiums, the rich, velvety Lobb varieties, the Canary Bird Creeper, the new hybrids of Mad. Gunther and the new tall "Chameleon." These climbing Nasturtiums are admirably adapted for covering verandas, trellises and tree trunks, and by virtue of their long stems and the lasting quality of their flowers, are most useful and handsome cut flowers for bouquets, vases, buttonholes, etc. **Price, large pkt. 5c.; oz. 12c.; 2 oz. 20c.; $\frac{1}{4}$ lb. 35c.**

Mammoth Rainbow Pansy

A mixture of the most surprising, unique and beautiful color combinations that cannot be procured in any other mixed strain. The flowers are of the largest size and most perfect shape, frequently measuring $2\frac{1}{2}$ to 4 inches across, the markings and colorings are endless and include all the new shades of terra cotta, rose, pink and wine reds that are so popular at present time. **Large pkt. 4c.**

Pansy Mammoth Rainbow

Baby Golden Glow

Baby Golden Glow

A beautiful and most effective annual, blooming from seed the first season, growing only two feet high, flowering early and so profusely that it eclipses all other garden annuals for a grand show of flowers. Single plants producing hundreds of the brightest yellow and white blossoms as double and perfect as roses. If wanted for early bloom, the seed should be started in the house and the plants transplanted to the garden at the proper time, but seed can be sown in open ground when wanted to bloom with equal success. It is certainly a grand novelty, and will please every flower lover. **Pkt. 4c.**

Giant Ruffled Pansies

Giant Ruffled Pansies

A remarkable strain of Giant Pansies, the flowers of which are so large and full that the broad petals seem to be "gathered" to the stem, causing them to be undulated and fluted from center to circumference, not unlike "frilled" velvet. The unusual substance of the flowers, aided by these corrugations, thus enables them to present bold, open and handsome faces, even during windy or dry summer weather, when other pansy flowers flop or wilt. The flowers are extraordinarily large and are borne on strong stems well above the foliage; they are nearly all five-blotted and contain rich combinations of coloring, including some new tints and blending not met with in other pansies. **Mixed Colors, Pkt. 6c.**

Nicotiana Affinis

Nicotiana Affinis

Sweet Scented Tobacco Plant

A most showy and profuse-flowering garden annual, giving a continuous display of fragrant star-shaped white flowers; through summer and autumn; easily grown from seed, commencing to flower in a few weeks from sowing, thriving in a sunny position in any good garden soil. The plants, of branching, bushy habit, 2 to 3 feet high, carry the flowers in clusters. **Pkt. 4c.**

Giant Flowering Tom Thumb Nasturtium

Giant Flowering Tom Thumb Nasturtiums

These Grand Bedding Nasturtiums have flowers often measuring three inches across in a great variety of new and charming combinations of colors, while the brilliancy and velvety richness of the self-colored sorts have been greatly enhanced. For summer flower beds nothing can surpass them; the plants form perfect mounds about one foot high by one foot across. Seed sown in the open ground in the spring will produce plants that commence blooming during early summer and continue until frost. This mixture contains seed saved from the largest-flowering, most beautiful and varied collection ever sent out. **Choicest Mixed. Pkt. 5c; oz. 12c; 2 oz. 20c; 1/4 lb. 35c.**

Large Flowering Candytuft

Candytuft--Large Flowering

Most desirable for cut-flower purposes, producing a very large, elongated head of quite large pure white florets. The immense broad heads frequently measure six inches in length; flowering profusely throughout the whole season; great favorite for beds, edging, pots and borders. **Pkt. 5c.**

Passion Flower

Passion Flower

This elegant vine is easily grown from seed, and it is well worth your while to try it. They are very beautiful for windows and when planted out in summer they make a magnificent climber, growing very rapidly, bearing singular beautiful blue and white flowers of remarkable beauty. Choicest mixed, pkt. 5c.

Wonderful Fountain Plant

Wonderful Fountain Plant

Brilliant, foliated annual plant growing about 3 feet high. Very useful in borders of tall plants, or for centers of large beds. Do not grow too closely together, but give sufficient room to develop their full beauty. Graceful red and yellow foliage of drooping habit. Large pkt. 5c.

Dwarf Phlox

New Dwarf Phlox

This new dwarf large flowering strain of the annual phlox is a most distinct and charming novelty. The plants are only six to eight inches in height when in full bloom. The broad rounded heads of flowers are of large size as well as the individual florets. The colors vary from light lilac through various shades of red and purple, while nearly all have a large distinct white eye in the center. Choice Mixed, pkt. 4c.

The New Baby Cherry

The New Baby Cherry

Ornamental Pot Plants

Fancy ornamental plant unexcelled for Pot culture in the house. Foliage is dense; of darkest green color. Plant is covered in season with innumerable small, bright red fruits—regular miniature Cherries. While not poisonous the fruit is not edible, the plant being used for ornamental purposes only. Grows readily from seed. Large pkt. 6c.; 3 pkts. 15c.

Lily of the Nile

Lily of the Nile

Exquisite Blue Flowering Plant

A splendid ornamental plant bearing clusters of bright blue flowers on long flower stalks and lasting a long time in bloom. Most desirable for outdoor decoration, planted in large pots or tubs on the lawn or piazza. Easily grown from seed. Large packet 10c.; 3 packets 25c.

Hen and Chickens

Unequalled Bedding Plants

As will be seen from the illustration this is a most novel plant. Largely used for bedding purposes, though is well adapted for individual specimens. The leaves always come in the finest blueish shade of green. Seed is scarce. Pkt. 10 seeds, 10c.; 3 pkts 25c.

See Front cover for the Beautiful Sweet Scented Forget-me-not.

Hen and Chickens

Everblooming Hollyhocks

Ever-Blooming Annual Hollyhocks

Every Garden may now be Glorified with Queenly Hollyhocks Grown as Easily and Flowering as Quickly from Seed as any Garden Annual.

The Hollyhock has always been one of the most showy of garden flowers and very desirable for massing, borders and backgrounds, the one objection to it being that it was a biennial and did not bloom to perfection until the second year. This fine new variety may be started in the house in March or April, set out in May and comes into bloom in July and will continue in flower until killing frosts in the fall. Or seed may be sown in the open ground in May and will bloom in August. Plants are of vigorous growth from 5 to 8 feet high, according to the soil, and the stalks are fairly loaded with large flowers, sometimes 5 inches across. These flowers are of a great variety of colors, crimson, canary, yellow, pink, white, maroon, black, scarlet, etc., some of them beautifully veined and marked, double, semi-double and single. They will surely please everybody. **Best mixed, pkt. 7c.**

New Fuchsia-Flowered Morning Glory

The vines or shoots are gracefully slender, but very numerous and most densely covered with five-fingered deep green leaves. The vines grow very rapidly, quickly covering tall poles or trellis with a dense screen of the peculiarly attractive foliage, and during the late summer and fall months bear small light rosy-pink flowers. The seed pods quickly form on the end of the long wiry stems and bear a striking resemblance (as is shown in illustration) to the flower buds produced by the Fuchsia. **Pkt. 5c.**

"Fuchsia-Flowered" Morning Glory

Verbena

Giants of California

Most magnificent strain ever offered. Blossoms as large as a silver Twenty-five cent piece. Single plants of this pretty annual creeper will carpet a space 3 to 4 feet in diameter with neat foliage and scores of fine flower umbels. For beds, borders and mounds, vases and window-boxes it is particularly fine, frequently used for undergrowth to tall plants like Lillies. Like the Aster, the Pansy and the Petunia, the Verbena is a favorite with everybody, and one of the most universally popular of all flowers both for the garden and for pot culture. For constant and profuse flowering, and for brilliance and beauty of colors, it has few equals. Start seed early under glass if possible, that good, strong plants may be had to transplant to the garden. They will commence blooming in June and continue until after severe frosts, and during this entire time nothing will attract more attention than the bed or clump of Verbenas. In August cuttings may be taken from the best ones and potted up for winter blooming. Although perennials they bloom profusely the first season from seed. **Finest mixed, pkt. 6c.; 1/4 oz. 45c.**

Snowball

The Snow Ball. The Finest Pure White Aster Grown. Magnificent and exceedingly dwarf, compact growing Aster. Never exceeds ten inches in height. It is decidedly the handsomest pure white Aster ever introduced. In habit it is very bushy, each plant bearing 30 or more beautifully formed and exceedingly large and perfectly double flowers, almost completely hiding the foliage. Be sure to try it. Our seed of this beautiful variety is very scarce this season, but we will sell as long as our supply lasts at the low price of, Large pkt. 5c.; 6 pkts. 25c.

Fire King. A pleasing companion to Snowball. Dwarf variety. The individual flowers are of large size and of most faultless form. The color is distinctly rich and gorgeous, flowers when first opening being pure scarlet, but when fully expanded change to a handsome satiny deep scarlet, presenting a most charming appearance. Pkt. 5c.

New White Branching. The magnificent large double white flowers, quite four inches in diameter, are borne upon long stems, making them excellent for cutting. It is quite different in several respects from any Aster known. Height eighteen inches, Pkt. 4c.

The New Yellow. After the many vain attempts of years past a yellow Aster has really been produced. The form of the double flower is a perfect ball; the quills are close together, and of brightest sulphur yellow. Flowers are borne on long, erect stems, excellent for cutting. From twelve to fifteen inches high, compact, bushy growth, an abundant bloomer. Pkt. 4c.

New Harlequin. Very odd and attractive new variety. A constant bloomer. Handsome double flowers, composed of pure white petals quantity interspersed in irregular manner with deep blue and bright red markings. Height twelve inches. Pkt. 4c.

New Victoria. Massive and showy. Individual flowers measure four inches and over across. We can supply the following colors:

Snow White. Large packet 5c.
Bright Pink. Large packet 5c.
Dark Crimson. Large packet 5c.
Blue Shades. Large packet 5c.
CHOICEST MIXED. Large packet 4c.

Paeony-Flowered Perfection. This showy class of Asters have large and beautiful flowers with incurved petals. Height nearly 2 feet. Colors as follows:

Snow White. Large packet 4c.
Pink Ball. Large packet 4c.
Crimson Ball. Large packet 4c.
Blue Shades. Large packet 4c.
FINEST MIXED. Large packet 3c.

New Giant Comet. The finest of all. Petals are finely curled and twisted, giving it a very fine appearance. Flowers of large size and borne in great profusion. The colors are:

Snow White. Large packet 5c.
Rose Color. Large packet 5c.
Blue Shades. Large packet 5c.
Clear Crimson. Large packet 5c.
BEAUTIFUL MIXED. Large packet 4c.

Finest Mixed. Choicest and most varied strains of Asters ever offered. Pkt. 5c.; $\frac{1}{2}$ oz. 30c.

Good Mixed. A splendid collection of leading types of this wonderful flower in fine assortment. Pkt. 3c.; $\frac{1}{2}$ oz. 20c.

Harlequin Aster

Ageratum

Acroclinium

A pretty annual "Everlasting" bearing lovely white or rosy pink flowers, which, when cut in the bud state, can be dried and used in winter bouquets. Pkt. 3c.

Ageranthus

Suitable for pot culture or bedding, bearing in profusion clusters of feathery flowers. This mixture of colors contains the beautiful amethyst blue. Pkt. 3c.

Alyssum

Little Gem. Grows 6 inches high, commences to blossom early, producing immense heads, and when sown early in the open border soon forms a perfect mat of purest white. Pkt. 4c.

Sweet Alyssum. Pure white. Pkt. 3c.

Amaranthus

Beautiful foliage plants, invaluable for massing where striking contrasts in color are desired, Choicest Mixed, Pkt. 3c.

Ambrosia

Hardy annual. Blossoms are round and of greenish-yellow color. Fine for bouquets; very fragrant. Pkt. 4c.

Angel's Breath

An annual that should be in every garden, for it thrives everywhere and furnishes the loveliest material for bouquets. It is extensively used for decorating, its mist-like sprays setting off a bouquet as dainty lace does a lady's dress. Hardy perennial. Pkt. 3c.

Antirrhinum

Giant. Flowers double the size of older sorts, more closely set on the stems, and colors more clear and brilliant. All colors mixed. Pkt. 4c.

Tom Thumb. Finest mixed, Pkt. 3c.

Queen of the North. The finest and best. Pkt. 4c.

Aquilegia (Columbine)

Beautiful grotesque and varied-colored flowers, blooming freely in the Spring; hardy perennials; all colors mixed. Pkt. 3c.

Balsams. (Lady Slippers)

Finest Mixed. Fine assortment, good colors, large double flowers. Pkt. 4c.

Balsam Apple

A beautiful rapid climbing plant with apple-shaped fruit, useful when preserved in alcohol as liniment. Pk. 3c.

Beans, Scarlet Runner

A Favorite Old-Fashioned Climber. One of the very few Beans that are both ornamental and useful. It grows to a height of 10 to 12 feet, and is covered from July until heavy frost with clusters of beautiful scarlet flowers. Pkt. 5c.

Bachelor's Button

The national flower of Germany, where they call it the "Corn Power," or "Kaiser Blumen," also known as "Blue Bottle," and "Ragged Sailor." Double Mixed. Pkt. 3c.

Bachelor's Button

Carnation

Alyssum

Balloon Vine

Graceful and rapid climber. Flowers white. Pkt. 3c.

Bird of Paradise

An attractive plant, producing yellow and scarlet flowers in large compact trusses; the foliage also is very beautiful and highly decorative. Pkt. 5c.

Canary Bird Flower

A highly ornamental creeper, with beautiful yellow fringed flowers. Pkt. 4c.

Calendula (Pot Marigold)

A profuse flowering hardy annual, very effective for beds or mixed borders. Pkt. 3c.

Calliopsis or Coreopsis

Showy and useful free-flowering plants. Finest Mixed. Pkt. 3c.

Canna

Crozy's Hybrids. New dwarf growing, Pkt. 4c.

Canterbury Bells

Beautiful, large, bell-shaped flowers, which makes a glorious display when planted in large beds. Pkt. 4c.

Candytuft

Very useful for bedding, bouquets and pot culture.

Empress. Strong, free-growing, with candelabra-shaped branches, producing immense trusses of pure white flowers. Pkt. 4c.

Mixed. Pkt. 3c.

Carnation (Perennial)

Fine Double Mixed Varieties. Large pkt. 8c.

Centaurea Marguerite

Large, fragrant flowers; produced on long stiff stems, they are fine for cutting and decoration. Pkt. 4c.

Chrysanthemum (French Marguerite)

All the sorts, such as are commonly grown out of doors. Pkt. 3c.

Cineraria

Beautiful free flowering plants, for house and window garden. Flowers large, rich colors completely covering the plant with a mass of bloom. Finest mixed. Pkt. 6c.

Cleome or Spider Flower

Deep purple flowers. Pkt. 4c.

Cobaea, Scandens

Beautiful climber, bell-shaped lilac-blue flowers. Pkt. 4c.

Cosmos

Early Dawn. A new strain, blooming early. White with a tinge of rose; 4 feet high. Pkt. 4c.

Coleus

Gorgeous colored plants with variegated foliage; indispensable for ornamental bedding, and fine for pot culture. Pkt. 4c.

Cucumber, Wild

Rapid climber. Will come up year after year in the same place. Pkt. 4c.; oz. 15c.

Cypress Vine, Mixed

Delicate fern-like foliage and star-like flowers, all colors. Mixed. Pkt. 3c.

Double Choice Mixed. Superb mixture of finest double varieties of fine size and colors. Pkt. 4c.

California Giants. See page 67.

Daisy (Bellis Perennis)

Giant Double. Greatly improved varieties of the popular "Double Daisies." Admirably adapted for edgings, borders and low beds, and also well suited for growing in pots. Daisies are easily grown from spring sown seed and come into flower in a very short time. The flowers are white, pink, red and variegated. A good proportion will come double from seed. Finest mixed, pkt. 4c.

Datura (Trumpet Flower)

Annual flowers of mammoth size and fine fragrance. Easily grown and very ornamental. Pkt. 3c.

Dianthus (Chinese Pinks)

Few flowers can equal these in beauty and profusion of bloom. They comprise many distinct and most beautifully marked varieties of rich and varied colors. They bloom continually all summer. Choicest Double Mixed; pkt. 4c.

Diamond Flower (Ionopsidium)

Plant 2 to 3 inches high, covered from October till Spring with innumerable blue and white flowers. Pkt. 4c.

Dolichos (Hyacinth Bean)

Splendid climber, with clustered spikes of purple and white flowers. Tender annual, 10 to 20 feet high. Fine Mixed Pkt. 4c.; oz. 10c.

Eschscholtzia (California Poppy)

Foliage is fine and handsome, and flowers pretty and freely produced. Pkt. 3c.

Evening Primrose (Oenothera)

Large, saucer-like flowers of pure white and soft yellow. Very fragrant. Pkt. 3c.

Everlasting Flowers

Easily grown. When dried are excellent for winter bouquets, as they never fade. Choicest mixed pkt. 3c.

Dolichos
(Hyacinth Bean)

Dianthus (Chinese Pinks)

Feverfew, Double (Matricaria)

A fine old-fashioned bedding plant; also suitable for pot culture. It grows about 18 inches high, with numerous branching flower stems, which are literally covered with very double, pure white flowers, an inch in diameter. The great profusion of fine flowers, with long, slender stems, makes it valuable to grow for cut flowers and is as desirable as a good Aster. Blooms until frost. Pkt. 4c.

Fox Glove (Digitalis)

Perennial favorite; fine for backgrounds, etc. Light colored, shaded and spotted. Pkt. 3c.

Fragraria Indica—Chinese Strawberry

Perennial herbaceous creeper; yellow blossoms and bright red fruit. Pkt. 3c.

Fuchsia

Double and Single Mixed. They will flower freely the first year in open ground and the plants can be taken into the house for the winter, where they will flower still more freely. Pkt. 8c.

Giant Ghost Flower

Often called Wedding Bells. It blooms either in the house or out of doors in the summer, and is one of the prettiest flowers imaginable. Its individual flowers are drooping bell-shaped, over a foot in length and 8 or 9 inches wide; beautiful creamy-white. Large Pkt. 5c.

Gloxinia—Hybrida

Grand Mixed. This is a grand flower and a lovely pot plant, as easily grown and cared for as many of the commonest flowers. The handsome flowers embrace the richest and most beautiful colors, ranging from pure white to dark blood red. Large pkt. 6c.

Godetia

(Northern Lights). Hardy annual; flowers delicate but of brilliant colors. Large size blooms. Finest mixed, pkt. 3c.

Gomphrena (Globe Amaranth)

A desirable everlasting, valued for its handsome globular heads. Pkt. 3c.

Gourds (Ornamental)

Tender, annual climbers, with curiously shaped fruit in various colors, many of which are peculiarly marked. Best Mixed, pkt. 4c.; oz. 8c.

FUCHSIA

GLOXINIA

AND SURE TO GROW

Humulus—Japanese Hop

Marigold—Eldorado

Humulus (Japanese Hop)

Japonicus. One of the Most Rapid Climbers Grown. Seed can be sown in the open ground in spring and it will attain enormous dimensions very quickly. The foliage is luxuriant and it is one of the best plants for covering verandas and trellises. Heat, drouth and insects do not trouble it. Pkt. 4c.

New Leopard-Leaved. Dark green leaves, blotched with gray. Pkt. 4c.

Helichrysum

Everlasting flower; straw flower. Large, full double flowers, of various colors, from white and bright yellow to scarlet, shaded and tipped. Exceedingly handsome for bouquets for winter. Easy culture. Pkt. 4c.

Hollyhock

This fine old-fashioned flower is again in the widest favor. It reaches a height of 6 feet or more, and on account of its stately growth is unexcelled for planting along fences or buildings, or for background effects. It is perfectly hardy, and when well established will bloom fully and freely year after year. Double Mixed. Pkt. 6c.

Ice Plant

A pretty little trailer for baskets or massing; 6 inches high or less. Leaves covered with crystalline drops. Flowers white or pink. Valued for its remarkable foliage. Pkt. 3c.

Larkspur

Well known annuals of great beauty and noted for their richness of color.

Double Dwarf Rocket. Finest mixed. Pkt. 3c.

Lavender

A well known, sweet scented, hardy perennial, bearing long spikes of blue flowers. Pkt. 3c.

Lantana

Tender perennial shrubby plants, bearing flowers of various shades and colors, including orange, white and pink. Especially adapted to greenhouse or window culture, though thriving nicely in the garden in summer. Pkt. 4c.

Linaria

Cymbalaria. Kenilworth Ivy. A widely loved hardy perennial trailing plant, with small lavender and purple flowers. For baskets, vases and rockeries. Pkt. 4c.

Linum

Scarlet Flax. One of the most effective and showy annual bedding plants, of long blooming period, having fine foliage and delicate stems. Flowers one inch across, borne in great profusion. Pkt. 5c.

Lobelia

Annual plants of dwarf, compact growth, four to six inches in height, covered with numerous small, star-like flowers. Pretty grown as an edging for flower-beds, hanging-baskets, vases and house plants in pots in winter. Pkt. 4c.

Ricinus

Zanzibarilensis. The handsomest strain of Castor Oil Bean. Leaf sometimes 2 feet across, with stem rising 10 to 14 feet. Four varieties in a mixture, green, copper brown, brownish purple and bronze. Pkt. 4c.

Mixed. All the best plain and fancy varieties. Pkt. 3c.

Salvia (Scarlet Sage)

A famous and fashionable annual bedding plant. Blooms in profusion until frost. Succeeds everywhere, and is in universal favor. Pkt. 4c.

Salpiglossis

Painted Tongue. Flowers 2 to 2½ inches across, with odd and beautiful velvety markings. Exquisite veined and marbled. Red, pink, purple, blue, yellow, white, etc. Pkt. 3c.

Scabiosa

Known as Morning Bride, Sweet Scabious, Pincushion Flower, etc. One of the most desirable of the border plants, and greatly improved. Pkt. 4c.

Schizanthus

Butterfly Flower. Poor Man's Orchid. Fringed flowers of rich and varied colors. It blooms in lavish profusion. Colors, purple white, and rose. Pkt. 4c.

Sensitive Plant

An interesting and curious plant, with globular heads of pink flowers. Tender annual. height 1½ feet. Pkt. 4c.

Smilax

A popular indoor climber. Leaves a deep, glossy green. Flowers white and fragrant. Soak the seed in water for a day, and keep the plant rather moist. Pkt. 4c.

Sunflower

Chrysanthemum Flowered. Fine, perfectly double golden flowers, resembling Japanese Chrysanthemums. Pkt. 4c.

Sweet Rocket

Hardy perennials, bearing purple or white flowers. Plants 2 or 3 feet high. Flowers fragrant. This is an old-fashioned favorite. Double fine mixed. Pkt. 3c.

Sweet William

Free blooming, hardy perennial plants. Old-fashioned favorites. They produce masses of lovely, brilliant, sweet scented flowers one foot high. Pkt. 4c.

Thunbergia

Black-eyed Susan. An ornamental climber. Excellent for vases, trellises, rustic work or greenhouse decoration. Flowers buff, orange, white, etc. Pkt. 3c.

Giant Flowered Sweet Peas

The Cream of the Named Varieties

America. Heavily striped with bright blood-red on silvery-white ground.

Bianche Ferry. Extra Early. Standard wide and erect. Bright rose-pink; wings creamy white, tinted with rose.

Dorothy Eckford. The Grandest Pure White yet Produced. The grand pure white flowers are beautifully shell shaped, of extra large size and borne three on a stem.

Helen Pierce. Bright blue, mottled on pure white, resembling very much a blue mottled Gloxinia.

Hon. Mrs. E. Kenyon. A beautiful primrose color, a bold giant flower.

King Edward VII. "The Modern Firefly." The large flowers of open form are almost self-colored; standard is of a bright crimson-scarlet, wings of same shade of color.

Lady Grisel Hamilton. Standard light lavender with azure-blue wings; very light and dainty.

Lottie Eckford. Large silvery-white flowers, beautifully shaded and edged with soft lavender.

Miss Willmott. Richest orange-pink, shaded with rose. Keel white. A superior Eckford novelty.

Mrs. Dugdale. Both the large standard and wings are of a light carmine-rose with faint primrose markings.

Mrs. Walter Wright. The flowers are self-colored, of a pinkish-cream tint when first opening, changing to mauve and then to a reddish violet.

Navy Blue. The large flowers are of a deep, glowing, violet-purple, having the effect of a dark navy blue, although on close examination the standards show a faint tinge of claret- or wine-red.

Othello. A deep maroon self-color; very large size; standard slightly hooded.

Prima Donna. A most beautiful bright shade of blush-pink. Flowers of large size and finest form.

Price, any of Above Named Varieties pkt. 3c.; oz. 7c.; 2 oz. 12c.; $\frac{1}{4}$ lb. 18c.

Your choice any 10 pkts. 25c.

Or one Pkt. each of the 14 Sorts for 33c., Postpaid.

Giant Flowered Sweet Peas. A Very Choice Mixture of only large flowering types, containing a large proportion of light colors with just enough dark for a contrast. It is the result of hybridizing by a Sweet Pea expert and contains many of the trial ground novelties. Mixed, Pkt. 5c.; oz. 10c.; $\frac{1}{4}$ lb. 25c.; lb. 75c.

Fine Mixed. A beautiful assortment of the famous Eckfords and others of the latest and best. Pkt. 4c.; oz. 8c.; lb. 45c.

Good Mixed. A splendid collection. Fine Colors. Pkt. 3c.; oz. 6c.; lb. 30c.

Double Sweet Peas

The so-called Double Sweet Peas are not a double flower in the true sense. Instead of one standard they have two or three, giving a ruffled and fluted effect very showy and beautiful. Unusually vigorous and produce a profusion of flowers, but all will not come double—from 25 to 50 per cent. Mixed, pkt. 5c.; oz. 10c.

Dwarf "Cupid" Sweet Peas

This is a dwarf Sweet Pea, growing only five inches high, yet spreading out and forming a solid mat of foliage and flowers $1\frac{1}{2}$ feet across. The blossoms are very sweet, of largest size and greatly abundant, with three flowers on each stem. It begins to bloom as early as May, and continues in profusion until killed by frost. One of the most superb plants for bedding, massing and edging in cultivation. Very desirable pot plants. Mixed, pkt. 4c.; oz. 8c.

Perennial Sweet Peas

These Perennial Peas, while lacking fragrance, are very valuable from the fact that they are in full bloom early in the spring, before the others have begun to flower. They live year after year, bearing magnificent clusters of flowers. Perfectly hardy and grow eight to ten feet high. Pkt. 5c.

Perennial Sweet Pea

New Giant Orchid Flowered or Spencer Hybrids

See Page 68

Double Sweet Pea

"Cupid" or Dwarf Sweet Pea

Mammoth Verbenas

Verbenas will flower perfectly from seeds, started early in the house in boxes or pots; or you may plant the seeds directly in the garden beds, when warm weather arrives.

Mammoth Defiance. Bright, rich scarlet; small leaves. Pkt. 4c.
Mammoth Blue Varieties. Showy; fine for edgings. Pkt. 4c.
Mammoth Striped Varieties. Beautiful; a rich collection. Pkt. 4c.

Mammoth Pure White. Large trusses of purest white flowers. Pkt. 4c.

Mammoth Mixed. They bloom most profusely. Our mixture contains every desirable color and shade. Pkt. 4c; $\frac{1}{4}$ oz. 35c.

Fine Mixed. A very satisfactory assortment; containing many fine colors and shades. Pkt. 3c; $\frac{1}{4}$ oz. 15c.

Giants of California. See page 71 for description. Pkt. 6c.

Lemon Verbena. Delightfully sweet scented; easily grown from seed. Pkt. 5c.

Odorata. Hardy. Blossoms on long spikes instead of clusters. Pkt. 4c.

Vinca

Ornamental trailing plant useful for vases and rock work. Pkt. 4c.

Violet—Splendid Mixed

Our strain of this lovely flower is bred up to mammoth size. Very fragrant. Pkt. 5c.

Wall Flower

Double Mixed. Fragrant double flowers of all colors. Pkt. 5c.
Single Parisian. A fine mixture of bright colors. Pkt. 4c.

Wild or Mixed Flower Garden

A mixture of many varieties of beautiful, easy-growing flowers, producing a constant and varied bloom the whole season, and is especially suited for those who wish only a few seeds each of the leading varieties, or a much more extensive collection than their means will permit. In no other manner can so many seeds be obtained for such a small cost. This mixture is especially prepared from Choice, Fresh Seeds, the colors and varieties being carefully proportioned and will be found superior to any mixture offered. They are very useful for sowing alongside the garden fence, and on untidy, bare spots of ground, and cannot fail to give satisfaction. Pkt. 4c; oz. 15c; $\frac{1}{4}$ lb. 40c.

Zinnias (Youth and Old Age)

New Mammoth Flowered. Mixed Colors. Saved only from select flowers, perfect in shape and color. The finest strain of Zinnias in cultivation. Every plant will produce immense double blossoms of various colors, from white to deep crimson, maroon, pink, yellow, orange, scarlet, violet, primrose, buff, striped, etc. Large Pkt. 5c.

Zebra. Large, perfectly double flowers, as evenly imbricated as a camellia. Flowers variously striped and mottled; presenting all colors and shades known in the Zinnia. Pkt. 4c.

Curled and Crested. Large, full flowers, the petals twisted, curled and crested in fantastic and graceful forms. Colors, orange, purple, pink, deep rose. Two feet. Pkt. 4c.

Double Lilliput. Compact bushes, bearing small, perfectly double, pompon-shaped flowers of the brightest colors, which cover the plants during the entire summer. Pkt. 4c.

Choice Ferns and Orna- mental Plants for the House

Asparagus Plumosus Nanus

Asparagus Sprengerii

BEST
LOWEST PRICES
SEEDS

The Beautiful Lace Fern Asparagus (Plumosus Nanus)

The rare and delicate beauty of this plant can scarcely be shown by a picture or conveyed by a description. It has bright green foliage, which is gracefully arched, giving it style and an air that can not be surpassed. The delicacy of texture and richness of color are among the marked characteristics. No more beautiful decorative plant has been produced. The fronds are 12 to 15 inches in length, and taper to a point from a width of 12 inches. It will last for weeks after being cut, and for many uses has taken the place of Smilax. As a house plant it is deservedly popular because of the fact that it does well under almost all conditions.

Fine plants, 10c. to 15c. each, 3 for 25c., postpaid; larger plants, 25c., 50c., 75c. to \$1.00 each by express at buyer's expense.

Umbrella Plant

As Decorative as a Palm

Hardy, useful and beautiful window plant for all seasons, always presenting a fresh, green attractive appearance. Invaluable as an aquatic plant. Throws up stems 2 to 3 feet high, surmounted by whorls of leaves.

Price 10c. each, 3 for 25c. postpaid.

Umbrella Plant

These are

Bargains

The Lovely Araucaria Excelsa

Norfolk Island Pine, or Christmas Tree Palm

This is one of the handsomest and most beautiful of all the Decorative Evergreens for house culture. It has few equals, but is not often seen because rare and expensive, but we are now in position to offer it at reasonable prices, so that all who wish can have one of these beautiful trees in their home; it grows nicely in parlor or living room, requires very little care, not subject to insects, stands hard usage, is exceedingly beautiful and has a high-bred distinguished appearance entirely different from anything else. Price, fine sturdy little trees, 12 inches high, 2 to 3 tiers of branches, 99c. each, postpaid. Larger and heavier trees, by express, not prepaid, \$1.50, \$2.00, to \$3.00 each

YOU WANT THIS PLANT

Araucaria

New Emerald Feather Asparagus (Sprengerii)

This is undoubtedly one of the handsomest and most valuable evergreen trailing plants for the house and conservatory ever introduced. It is especially valuable for pots, vases, baskets, etc., covering all with its beautiful sprays of lovely green feathery foliage, which can be cut

freely and is very useful for bouquets, wreaths and all kinds of floral decorations. It is a strong, vigorous plant, very easily grown, requires but little care and keeps on growing fresh and green, year after year.

Fine plants, 10c. each, 3 for 25c., postpaid. Larger plants, 25c. 50c. to \$1.00 each, by express at buyer's expense.

India Rubber Tree Ficus Belgica

During the past few years there has sprung up an immense demand for rubber plants and they are highly valued everywhere for their tropical appearance. Leaves are very large, thick and leathery and of a beautiful shining green color. It endures the dry air of living rooms remarkably well. Everybody likes it.

Fine strong plants, 50c. and 75c. each, postpaid. Larger plants \$1.00 to \$2.00 each, by express at buyer's expense.

Rubber Plant

New Sword Fern "Scotti"

Grand Japanese Fern Balls

They Need No Earth, Dish or Pot

These pretty Japanese Fern Balls are made in Japan from a special variety of mountain fern roots and moss, and are so constructed as to send out beautiful emerald green fronds from every point until covered all over, as shown in the illustration, and are beyond question the most unique and beautiful of all decorative plants. Require no potting or soil.

Directions for Starting. Soak the ball in tepid water for half an hour, then hang up, repeat every other day until growth is started, after which sprinkle occasionally as required. It needs practically nothing except the proper temperature, which is that of an ordinary living room, and sufficient water to keep it in proper condition; it may be allowed to dry up at any time when desired, set away and started up again by watering as before.

Each 50c.; 12 for \$5.00. Larger size, 75c. each, 12 for \$7.50, postpaid.

A Most Beautiful Ornamental Plant from the Sandwich Islands. Excellent for display on the dinner table or parlor window. The leaves are distinctly variegated white and green, thick and waxy-like and have the appearance of being powdered with frosted silver.

Watermelon Begonia

Caladium (Elephant Ears)

Caladium Elephant Ears

This splendid foliage plant gives perfect satisfaction, and is worthy of general cultivation, filling a place which no other plant does, adding greatly to the lawn or garden by its immense tropical-like foliage. Plants attain a height of from 4 to 6 feet, the leaves being veined with different shades of green; when massed alone or with Cannas, they produce a striking and beautiful effect. They are of easy culture, and will grow in almost any garden soil but if especially large plants are wanted they should be planted in a well enriched soil and given water in abundance throughout the season.

New and Rare Callas

BEST
LOWEST PRICES
SEEDS

The collection of 5 Rare Callas for 50c. postpaid

New Dwarf Calla, Little Gem.

Among the most popular house plants in existence, grows only half as tall as the large kind, and has the reputation of bearing twice as many flowers. Will grow and bloom for years without once ceasing and the quality of the bloom which a good plant will produce is astonishing. Its numerous flowers are of good size and best quality. Snow white color. 10c. each; 3 for 25c.

The Spotted Calla.

Deep green,

spotted all over with pure

white, grows and blooms freely either in the house or garden, flowers like the White Calla, pure white with black center. 8c. each; 3 for 20c.

White Calla. (Lily of the Nile). The White Calla is a well-known plant of easy culture, and in winter is one of the best window plants. 12c. each; 3 for 30c.

The Yellow Calla. Flowers of a light color. Beautiful and desirable. Quite similar to the ordinary White Calla, except in color of flower, which is a light lemon yellow. A very pretty Calla. 15c. each; 3 for 40c.

The Wonderful Black Calla. This wonderful variety resembles the White Calla in growth and foliage, the flowers rich, dark purple, and the spikes or spadix are coal black, very curious and remarkable. 15c. each; 3 for 40c.

Wonderful Black Calla

Seven best and most distinct sorts. Price each, 10c. Any three for 25c. of the set of 7 for 50c., postpaid.

Andrew Carnegie. A pure toned bright scarlet, Sport of Harlowarden. Strong grower. Early and free flowering.

Beacon. Blooms early and continues throughout the winter months. Size about 3 inches in diameter. Color, scarlet with a tint of orange. Long stiff stem.

Niagara. Color pure glistening white, size 3 1/2 inches, perfect form, very fragrant. A strong feature is its wonderful blooming qualities.

Bay State. White, variegated pink. Grand.

Scarlet Glow. An ideal Xmas scarlet, with enormous blooms, 3 1/4 to 3 1/2 inches in diameter. A healthy grower, strong, vigorous and free.

Mary Tolman. A pure clear pink flower without markings, having the extra large size and the other good qualities of Enchantress.

Buttercup. Pure golden yellow. The best.

New Comet Plant

The Truly Wonderful Comet Plant

The most unique flowering plant of the century. Fluffy, trailing, tail-like blossoms, soft crimson scarlet. It is difficult to conceive anything more unique, more pleasing, or more satisfying than this new plant fresh from the Orient. It is easily grown, and must become immensely popular. There is nothing approaching it, with its soft, crimson scarlet, fluffy, tail-like blossoms 20 to 30 inches long on specimen plants. We have it growing in our greenhouses, and it has been the admiration of all visitors. Try one or more of these beautiful plants which are always in bloom.

Fine plants, 15c. each, 2 for 25c., postpaid.

Cinnamon Vine

Hardy climber with dark green foliage, and late in the season bearing a profusion of small white flowers of a delicious cinnamon fragrance. Perfectly hardy everywhere, the vines dying down to the ground each autumn, but growing very rapidly in early spring, soon covering any trellis or arbor. Where you wish to hide unsightly places we would suggest

planting the Cinnamon Vine. A beautiful vine, exquisite perfume, strong tubers. Each 5c., 6 for 25c., 15 for 50c. 35 for \$1.00, postpaid.

New Giant Flowered Cyclamen

Persian Violet

Most beautiful of all pot plants, giving the richest profusion of elegant flowers; foliage decidedly handsome, being variegated with different shades of green, helping to show off the richly-colored flowers. In fact a plant in bloom resembles a tastily arranged vase of flowers and beautiful foliage.

Golden King

Best Ostrich Plume Chrysanthemums

The following list of Ostrich Plume Chrysanthemums include the very best varieties of this charming class, immense flowers, sometimes over 8 inches across and perfectly double, larger and more beautiful "Plumes" than ever seen in the older kinds. The term "Ostrich Plume" was applied to this type so as to call attention to the feathery growth covering the petals. We make prices as low as possible so that all may give them a liberal trial. The hairy flowers of the Ostrich Plumes are always greatly admired.

Alice Carter. Color varies from yellow to bronze, a handsome and striking variety. Worth 20c.; Price 10c.

Beauty of Truro. A changeable, glistening, purplish bronze. Worth 20c.; Price 10c.

Cheveaux D' Or. Bright chrome yellow, suffused amber, petals broad and incurved. Worth 20c.; Price 10c.

Deutzia Lemoinei

Deutzia Lemoinei

One of the Best Hardy Shrubs

The finest of all the Deutzias. Magnificent broad, dense heads of bloom, opening very full, pure snowy white, each panicle forming a veritable bouquet, and completely covering the bush. A great improvement upon Deutzia Gracilis the flowers being larger and more enduring and the bush a stronger grower. We know of nothing more beautiful for the garden, yet it has the added merit of being a grand pot plant for winter blooming. It is not too large for a pot and blossoms very finely at any time during winter. It is becoming very popular for Easter. Strong plants, each 15c.; 2 for 25c., postpaid.

New and Rare Dahlias

The Collection of 12 Magnificent Dahlias
for only \$2.00, postpaid

- Black Prince.** (Decorative). Very large, deep maroon; one of the choicest decorative Dahlias. Each 20c.; doz. \$2.00.

Ivy Leaf Geraniums

These are among the prettiest flowers we have. They are exquisite colors and borne in large clusters all the year round; the plants are of graceful trailing growth, with bright, glossy ivy-shaped leaves; fine for pots, window boxes, vases, etc., also for bedding.

10c. each; any 3 for 25c.

Ballade. Rich reddish purple. One of the largest and finest flowers in this class.

Caesar Franck. A grand variety of a beautiful scarlet color. The florets are of a fine rose form, of largest size, measuring six inches in circumference.

Achievement. A decided beauty. One of the most prodigious bloomers, bearing trusses of large flowers of a most beautiful salmon pink.

Bettina. The very best double white variety of early growth.

NEW IVY LEAF GERANIUMS

Ballade

Achievement.

For Ease of Culture, Brilliant and Attractive Colors and Diversified types our Geraniums are unexcelled.

Pansy Geranium

This beautiful Flower is of easiest growth, dwarf in habit, and literally covered with flowers all the time; and as it requires little or no attention, it is invaluable as a window plant. The coloring and marking of the flowers are most extraordinary, light pink, white, dark purple, black, etc., almost rivaling the pansy in uniqueness of flower. It is this combination of coloring which obtained for it the popular name of Pansy Geranium. **Strong plants, 25c.**

Variegated Leaved Fancy Geraniums

These lovely dwarf-growing Geraniums are chiefly remarkable for their bright, variegated foliage; they grow nicely, stand the sun well and are very pretty and attractive for bedding and edgings and particularly for pots and window culture.

Happy Thought. Bright creamy yellow leaves, finely bordered with deep green; brilliant scarlet flowers. A very handsome plant, fine for bedding and house culture. **10c. each.**

Mrs. Parker. Double pink flowers, silver leaved, margined white. **15c. each.**

Snow Storm. Center of leaves bright glossy green, widely bordered with pure white; pretty pink flowers. Fine for pots and bedding. **10c. each.**

Special offer. The above set of 3 Variegated Leaved, Fancy Geraniums, postpaid for only 25c.

Hydrangea Monstrosa Compacta

Hydrangeas Perfectly Hardy

Paniculata Grandiflora. The well known standard Hardy Hydrangea, completely covered with gigantic pyramidal trusses of bloom from 16 to 18 inches long, and as much in diameter; composed of hundreds of florets of a most dazzling white, changing to an exquisite pink, the whole producing a gorgeous effect. These blossoms remain from 6 to 8 weeks, without fading. Price, 10c. to 15c. each; by mail prepaid; larger size, by express, not prepaid, 25c. each; extra strong plants, 3 years old, 50c. each by express.

The New Everblooming Hardy Hydrangea

"Hills of Snow." Nothing in the Hardy Shrub line approaches it in the freedom of bloom, duration of flower and value as a cut flower. Makes a plant much like the common Hydrangea, but blooms with purest snow-white flowers, and continues blooming. Strong plants, postpaid, each 15c.; 2 for 25c.; doz., \$1.35. By express, not prepaid, large plants, each 35c.; doz. \$3.50; or extra large plants, each 50c.; doz., \$5.00.

New Hardy Hydrangea, "Hills of Snow"

Hyacinthus Candicans

Hyacinthus Candicans

It can be used with excellent effect in the center of a bed of scarlet Gladiolus, as it comes into bloom about the same time. The flowers are bell-shaped and pendulous, pure white in color and somewhat fragrant. The plant is hardy and grows stronger each year. Very useful along walls, fences and in beds. Fine for cemetery. **Each 6c.; 3 for 15c. postpaid.**

English Ivy

This is the old hardy variety that clings to walls, trellises, etc. Also suitable for cultivation in the house. **10c. each; 3 for 25c.; postpaid.**

Hibiscus

Peachblow. One of the finest free flowering plants or either pot culture or the open ground. Flowers very large, double and of a charming rich, clear pink, with deep crimson center. **15c. each; 2 for 25c.; postpaid.**

Wandering Jew

(*Tradescantia Multicolor*). Fine variegated leaves, striped crimson, green and silver, with a beautiful silvery sheen on them. A very rapid grower and excellent for hanging baskets, vases, window boxes, etc. **Price, 10c. each; \$1.00 per dozen, postpaid.**

Peach Blow

Sweet Scented Jasmine.

Jasmine

Sweet Scented Star. This is an old favorite and the most satisfactory for general culture of all the Jasmynes. It flowers nearly the whole season and is especially valuable as a house plant in winter; flowers star-shaped, pure white and very fragrant. **10c. each, 3 for 25c. postpaid.**

Weeping Lantana

(*Mrs. McKinley*). A grand plant for baskets and vases. May be used to good advantage in connection with other plants, but is more effective when used alone where its bright colored bloom forms a perfect mound of flowers. A fine plant for winter flowering in pots or small hanging baskets. Flowers delicate rosy lilac, borne freely all over the plant from the base of each leaf stalk. **10c. each; 3 for 25c. postpaid.**

Honeysuckle

Halleana. The best monthly Honeysuckle, with dark green foliage, which keeps fresh and green nearly all winter, and beautiful clusters of the sweetest scented flowers, that open a snowy white and turn a pale yellow. **15c. each; 2 for 25c. postpaid.**

Golden Leaved. A most beautiful little house plant with golden yellow leaves, mottled and veined green. A strong grower with white blossoms. **15c. each; 2 for 25c. postpaid.**

Golden Leaved Honeysuckle

American
Wonder
LemonOur Plants Are
Noted For Their

American Wonder Lemon

Largest Edible Lemon in the World

A True Ever-Bearing Variety

The tree has fruit in all stages of development, from the size of a pea up to the ripe fruit, showing it to be a true ever-bearer. In addition to its fruit-bearing qualities it makes a very handsome plant for house culture. The dark green foliage is very large and handsome, and the pure waxy flowers with yellow stamens are nearly as fragrant as Orange blossoms, which they greatly resemble. The Lemons have a thin rind for such large fruit, and are full of rich, acid juice. The plants will produce their magnificent fruit under ordinary cultivation the second year, and will prove a source of genuine delight. Fine, thrifty plants, postpaid, 10c. to 15c. each. Splendid two-year-old plants, by express, 50c. Extra large plants, by express, \$1.00 to \$2.00.

Chinese Sacred Lily

SEEDS

Imperial

Chinese Sacred Lily

A Popular Winter Blooming Bulb

They are very large and each one sends up from five to twelve spikes, which bear clusters of large, perfect, waxy white blossoms with a yellow center, and a powerful and delicate fragrance, which is not excelled by any flower. They grow well in pots of soil; but the most popular way of blooming them is the Chinese method, as follows: Fill a bowl or some similar vessel with pebbles, in which place the bulb, setting it about one-half its depth, so that it will be held firmly; then fill with water to the top of the pebbles, and place in a warm sunny window. The bulb will at once commence a rapid growth and bloom in three weeks. Send your orders in soon so that we can reserve our best bulbs for you and ship as soon as ready. Bulbs 15c. each or two for 25c., postpaid.

The Best Hardy Lilies

Wonderfully
Easy Grown

Auratum. (Gold Banded) Beyond question the grandest of all the Lily-family. Flowers pure white, thickly studded with crimson spots, while through the center of each petal runs a clear gold band; possesses a most delicious fragrance; very hardy; best outdoor Lily grown. Postpaid, 20c. each; doz. \$2.00.

Rubrum. (Crimson Banded) White heavily spotted with rich crimson. Postpaid, 20c. each; doz. \$1.75.

Album. (Speciosum) Pure white; very fragrant; free flowering; hardy; for general cultivation. Postpaid, 20c. each; doz. \$1.75.

Tigrinum. Flore Pleno. (Double Tiger Lily) Bright orange-scarlet, with dark spots; a strong growing showy variety; entirely hardy; succeeds well anywhere. Postpaid, 15c. each; doz. \$1.25.

Pardalinum. (The Leopard Lily) An elegant and very beautiful Lily from California, rich scarlet and yellow flowers, spotted with purplish brown. Does well everywhere; entirely hardy in the open ground, or blooms finely in pots in the house. Postpaid, 15c. each; doz. \$1.25.

Gold Banded Lily

MANETTIA VINE

Maderia Vine Climbing Mignonette

A very handsome rapid growing vine, covering a large space in a short time. Fleshy heart shaped leaves of a light green, numerous racemes of feathery white flowers of delicious fragrance, making a delightful shade. A beautiful and popular vine. Protect with litter in this latitude. Price, roots, 5c. each; 50c. per doz., postpaid.

Manettia Bicolor The Beautiful Climbing Plant

This is the most beautiful and desirable of all vines, as it can be grown either in the house or garden equally as well. In the house it can be trained about a window, forming a wreath of the most brilliant bloom both summer and winter. The flowers are from an inch to an inch and a half in length, of a most intense scarlet, shading into flame, tipped with bright golden yellow, and are covered with a thick scarlet moss. Price, 10c. each; 3 for 25c. postpaid.

MADEIRA VINE.

Moonflower—Giant Flowered

Moonflower (Giant Flowered)

A vastly improved climbing variety, of rarest beauty and startling proportions. Its pure white, abundant blooms average six to eight inches across, and often surpass that magnitude. No new flowering plant in years has introduced such a noble display, combined with such a chaste refinement of beauty. Postpaid, 15c. each; \$1.50 per dozen.

New Crimson Mountain Beauty Vine (Antigonon leptopus)

This is a new climbing vine of striking and remarkable beauty, and though not quite hardy here, is especially recommended for the South and Pacific Coast, where it will give immense satisfaction. It is a strong, vigorous climber, suitable for covering walls, porches, verandas, fences, etc., has handsome foliage and is covered for months at a time with splendid clusters of bright crimson flowers, like flaming red wisterias. Those who have seen it in bloom in the South say it is the most magnificent flowering vine they ever saw, and in parts of Central America where it abounds, it is said to color the mountains with a blaze of glowing crimson. It is certainly unequalled in brilliant beauty among climbing vines, and we hope our friends will give it a liberal trial. As far north as New York it should be protected in winter. Strong Plants, 15c. each; 2 for 25c.; 5 for 50c.; postpaid.

Lily of the Valley The Sweetest Flower That Grows.

Lily of the Valley

The pure white exquisite flowers of this beautiful plant render it one of the most useful and admired. It succeeds in the open ground in almost any situation, but prefers shade with plenty of moisture; when once planted and established the crowns keep on increasing each year. The large ones flower each season without any attention. Grown in pots and forced into flower, they make a beautiful object for room decoration. Large flowering roots, each 5c.; 6 for 25c.; 12 for 40c.; postpaid.

Pansy Plants

Pansy Plants

Favorites with everyone, too well known to need extended description. Our plants are grown from our Fancy Strain of the loveliest large flowering varieties, finest colors. Price, 30c. doz.; 25 for 50c.; 50 for 90c., postpaid.

Resurrection Plant

Most Unique Novelty.
A Marvel of Plant Life.

Resurrection Plant

This peculiar plant is found among the pines and cedars of Palestine. It is a ball of tightly folded leaflets, dry and apparently dead. But a transformation takes place once it is dropped into a bowl of water, for in a short time there is a great, loose expanded rosette of fine fern-like leaves both odd and beautiful. This can be repeated many times, the plant curling tightly together when dry, expanding when soaked. 10c. each; 3 for 25c., postpaid.

Oxalis

Summer Flowering

Highly valuable for hanging baskets, also borders of walks and flower beds. Blooms quickly. Showy in mass beds.

Mammoth Oxalis Bulbs at these low prices: Each 5c.; 3 for 10c.; 12 for 25c., postpaid.

Fine Bulbs, doz. 10c.; 25 for 35c.; 100 for 40c., postpaid, in the following varieties.

Mrs. B. R. Cant. A very fine rose of full form and solid, even color; clear, bright rosy pink; large size; perfectly double; very fragrant; free grower and bloomer; fine in the Fall; excellent bedding rose. 15c. each; 2 for 25c.

Papa Gontier. Dark crimson-red, with long pointed buds. Most beautiful variety for cut flowers. 10c. each; 3 for 25c.

Perle des Jardins. Rich golden-yellow; beautiful buds and open flowers of large size; deliciously sweet; early; constant. 10c. each; 3 for 25c.

Richmond. A real red Rose; shading to a velvety scarlet, or crimson, as the flowers mature. Finely formed; very fragrant. 10c. each; 3 for 25c.

Souv. de Pierre Notting. Seedling of Marechal Niel and Maman Cochet. Beautiful long buds, elegant form, orange-yellow, bordered carmine-rose. It has received six gold medals. 10c. each; 3 for 25c.

Souv. Pres. Carnot. Large, full, double flowers, with heavy, thick, shell-like petals; buds long and pointed; delicate rose-blush, shaded deeper at center; strong bloomer. 15c. each; 2 for 25c.

Viscountess Folkestone. Strong growing, free-blooming; attractive and hardy. Flowers are very large and double; color beautiful shade of pale pink, with satiny lustre. 15c. each; 2 for 25c.

White Maman Cochet. Creamy white. Exact counterpart of beautiful Maman Cochet. 15c. each; 2 for 25c.

The Best Hardy Hybrid Perpetual Roses

Roger Lambelin Rose

The Hybrid Perpetuals are considered the most valuable of all Roses, because they bear the largest, sweetest, and most brilliantly colored flowers, and are so hardy and vigorous they live out-doors over Winter with slight protection, and continue to bloom regularly from year to year.

Large Two-year-old plants of the following Nine Grand Hardy Roses, 35c. each; 3 for \$1.00; \$3.50 per doz.

Roger Lambelin. The Finest Variegated Hardy Rose in Existence. The petals are irregular on the edges, like a double Petunia; the color is glowing crimson throughout except the edges of the petals, which are all distinctly marked with a white band, forming a sharp contrast. 20c. each.

American Beauty. The grandest Rose grown. Perfectly hardy, everblooming Rose, producing in great profusion, flowers immense in size, rich in color, exquisite in form, and wonderful in fragrance. Buds magnificent, large, and deep; the flowers very double and of an exquisite rich rose-crimson color. 15c. each.

Anna de Diesbach. Brilliant Rose-color, with long, pointed buds, and large, perfectly formed blossoms, fragrant; persistent bloomer. 15c. ea.

Clio. The finest flesh-colored hybrid perpetual Rose grown. Strong, vigorous grower, profuse bloomer; color delicate satin blush, shaded pink at the center. 15c. each.

Coquette des Alps. Large, full, finely formed flowers; color, pure white tinged with pale blush; beautiful. A profuse bloomer and hardy. 15c. each.

Frau Karl Druschki. The finest of all hardy White Roses. Absolutely snow-white. Is known as both the Winter American Beauty and Snow Queen. Fine bud and flower and perfectly hardy. 15c. each.

General Jacqueminot. The standard bright crimson-scarlet. 15c. each.

Paul Neyron. Deep shining pink; extra large; of fine form. 15c. each.

Prince Camille de Rohan. Deep, velvety crimson, almost black. 15c. each.

Climbing Varieties of Hardy Roses

Profuse Bloomers Perfectly Hardy

Price, 10c. each; \$1.00 per doz., postpaid. Large Two-year-old plants 30c. each; \$3.00 per dozen

Empress of China. (The Apple Blossom Rose) Attaining a height of 15 to 25 feet in a single season. Produces hundreds of handsomely-formed buds and flowers; color soft dark red, changing to lighter red or pink.

Baltimore Belle. One of the best hardy climbers. Flowers pale blush variegated carmine. Hardy everywhere.

Tennessee Belle. Strong, vigorous, graceful grower. Flowers of bright, beautiful pink. Perfectly hardy everywhere.

Greville, or Seven Sisters. Flowers varying in color from light pink to crimson. Hardy everywhere.

Mary Washington. Flowers large, pure white and very double. Its fragrance is tinged with that old-fashioned musky flavor.

Queen of the Prairie. Strong and rapid grower. Flowers large and globular, of a bright red color.

The Famous Climbing Rambler Roses

Splendid for Covering Porches, Trellises, Screens, Fences, etc.

Fine plants 10c. each; \$1.00 per doz., postpaid.

Large Two-year-old plants 30c. each; \$3.00 per dozen.

Crimson Rambler. The finest and most famous climbing Rose in cultivation. It is perfectly hardy and an exceedingly vigorous, hardy grower, making shoots from 10 to 20 feet high in a single season. The flowers are a rich, vivid crimson, borne in magnificent pyramidal clusters; a perfect bouquet.

Philadelphia Rambler. A fine new Rambler. Flowers produced in grand clusters, each flower 2 to 2 1/4 inches across; double to center; pure deep crimson; handsome foliage; blooms early and bountifully. Perfectly hardy.

Dorothy Perkins; Pink Rambler. Of great hardiness, vigor, beauty, and freedom of bloom. Stands severest Winter unprotected; grows often ten to twelve feet in one season; blooms in clusters; fine shell pink in color.

Yellow Rambler. Quite hardy, but should have some Winter protection. The beautiful clear yellow flowers are borne in immense trusses, sometimes one hundred in a cluster. Very fragrant.

Climbing Monthly Tea Roses

Hardy in the South, but require Winter production in the North

Price 10c. each; \$1.00 per doz. postpaid.

Large Two-year-old plants 30c. each; \$3.00 per dozen.

Marechal Niel. Grandest of all Golden-yellow Roses. Flowers superb, of extra large size, double and deliciously fragrant.

Climbing Meteor. Free persistent bloomer, producing in great profusion magnificently formed buds and flowers, color dark velvety crimson.

Climbing Clotilde Soupert. A rapid growing, splendid Climbing Ever-bloomer. Pearl white.

Marechal Neil Rose

Five Famous Soupert Roses

Bloom Continuously

Large 2 yr. old Plants of the Five Famous Soupert Roses, 30c each; 5 for \$1.25.

New Pink Soupert. In color a deep Hermosa pink. Continuous bloomer, each branch terminating with a cluster of flowers. 10c. each, 3 for 25c.

Chlotilde Soupert. Polyantha type, but larger and very double, and the flowers appear in such enormous clusters and they are really large panicles of bloom. Color, fine pearly white, shaded with lovely soft pink in the center. 15c. each, 2 for 25c.

Miniature. This is the smallest of all Roses, fully double and very fragrant. Color, cream rose, flushed red. 10c. each, 3 for 25c.

Mad. Cecil Brunner. Flowers larger than most of the others, perfectly double and of the most exquisite fragrance. Color, a beautiful rosy pink on a rich creamy white back ground. 10c. each, 3 for 25c.

Mignonette. A splendid variety, one of the very best. Full, finely formed flowers, perfectly double and highly perfumed. Color, clear pink, passing to white, tinged with pale rose. 10c. each, 3 for 25c.

Chlotilde Soupert Rose

Baby Rambler Roses

This type of Roses has created a furore among Rose planters in America and we list below three varieties in collection that our customers may have the contrast of color necessary for best effects.

Crimson Baby Rambler. The very best bedding Rose in existence. It originated in Orleans, France, from a cross of the Crimson Rambler and a Polyanthus variety, and it may be called a perpetual blooming dwarf Crimson Rambler. The bush is vigorous, absolutely hardy, about 27 inches in height, and on our place every plant was in bloom every day of the summer and fall. Sometimes as high as 120 flowers have been counted on a single panicle. 15c. each, 2 for 25c.

White Baby Rambler. (Catherine Zeimet). The true Baby Rambler type, with pure white flowers. Deliciously fragrant and perfectly hardy. 15c. each, 2 for 25c.

Pink Baby Rambler. (Anny Muller). A counterpart of the Crimson Baby Rambler except that color is a bright, shining pink. A splendid color in combination with the above. 10c. each, 3 for 25c.

Large 2 yr. old Plants of the 3 New Baby Ramblers, 30c. each.

New Crimson Baby Rambler

MEMORIAL ROSES

Unexcelled for
Cemetery
Uses
Hardy as an
Oak
Live for Ever

These hardy and lasting Roses creep over the ground like ivy. The leaves are glossy dark green. The flowers are borne, in clusters profusely during July and August. Used extensively for covering graves, rock work, embankments, etc.

Evergreen Gem. A single plant four years old covered a space of 240 square feet, with long shoots and completely covered the ground with its bright, glossy foliage, which is not only evergreen, but grows during mild weather in winter. Color, creamy white; double and of a delightful sweet-briar fragrance. 10c. each, 3 for 25c.

Jersey Beauty. Very vigorous. Flowers produced singly and in clusters, 3 inches in diameter, pale yellow with clusters of bright yellow stamens; very fragrant. 15c. each, 2 for 25c.

Universal Favorite. Double flowers over 2 inches in diameter; beautiful rose color. 10c. each, 3 for 25c.

South Orange Perfection. Double flowers, soft blush, pink at tips. 10c. each, 3 for 25c.

Wichuralana. Flowers pure white, single. Grows 12 ft. in a season. 10c. each, 3 for 25c.

Large 2 yr. old Plants of the 5 Hardy Memorial Rose 30c. each; 5 for \$1.25.

Jersey Beauty

Henri Martin Moss Rose

Perpetual Moss Roses

The Moss Rose is as hardy as any Hardy Rose can be, and an extra vigorous grower. They are much admired on account of their bright, healthy foliage and moss-like covering of the buds. While they bloom but once a year, their season is lengthy and the flowers are large, beautiful and plentiful. Fine Plants, postpaid, 15c. each; 3 for 40c. Large 2 year old Roses, 35c. each; 3 for \$1.00.

Blanche Moreau. Pure white, large, full and perfect form.

Henri Martin. Large, globular flowers, full and sweet; rich, glossy pink, tinged with crimson.

Luxemburg. Bright crimson; large and beautifully mossed.

Hardy Rugosa Roses

Sturdy bushes three to five feet in height, with handsome glossy green foliage and clusters of beautiful single flowers, which are exquisitely fragrant. They bloom all summer from June, and in the Autumn and Winter are very attractive, being covered with large,

BEST
LOWEST PRICES
SEEDS

brilliant red seed pods. Healthy, vigorous grower; entirely free from insects; splendid as single specimens or as hedges.

Sir Thomas Lipton. Glossy-Crimson. Price, 15c. each, postpaid. Large 2 yr. old plants, each, 35c.; doz., \$3.50.

Agnes Emily Carman. Pure White. Price, 15c. each, postpaid. Large 2 yr. old plants, each, 35c.; doz., \$3.50.

True English Sweet Briar Rose

This is the True Eglantine, and highly valued for the delightful fragrance of its young foliage as well as flowers. It is entirely hardy, and when once planted will take care of itself. Make a fine hedge planted two feet apart, or is equally good for a group or single specimens. Flowers pink. Price, 15c. each. Large 2 yr. old plants, 35c. each, doz. \$3.50, postpaid.

Salvias (Scarlet Sage)

The Salvia is becoming more popular each season as a bedding plant, easily ranking with Geraniums, Cannas, etc. Strikingly effective.

New Salvia Zurich

OUR
PLANTS
Are Noted for
their Superior
QUALITY

Each
and
Every Plant
a
Beauty

New Audubon. Dark green foliage, blotched and spotted with creamy yellow. Bloom intensely red. The best of the variegated-leaved varieties. Each, 10c.

New Zurich. A new dwarf, early flowering variety, beginning to bloom when but three inches high. Each, 15c.

Snow Queen. Large spikes of delightful white flowers produced well above the foliage all season. Earliest and finest for bedding. Each, 10c.

St. Louis. A great addition; forms large bushes of immense scarlet spikes of bloom. Early and continuous bloomer. Each, 10c.

The set of 4 above Salvias for 40c.

Royal Purple Plant

This plant will undoubtedly become universally popular on account of its brilliant and exquisite coloring, its extraordinary easy growth and usefulness as a decorative plant. It surpasses the finest Coleus or Begonias in the exquisite coloring of the leaves, besides which the long racemes of lovely violet blossoms, with which the plant is covered in mid-winter, greatly enhance its value, beauty and usefulness. The undulation on the surface of the foliage is furnished with a bluish metallic hue, shading into light rose, with a light green margin, a combination unapproached by any other plant. The flowers are violet blue, borne in immense racemes. 15c. each, 2 for 25c.

Royal Purple Plant

Japanese Snowball

The New Hardy Japanese Snowball

This Japanese variety of the old-fashioned Snowball is one of the most valuable of all hardy shrubs. It forms an erect, compact plant 6 to 8 feet in height, blooms in June and for a long time the plants are filled with hundreds of big snowy balls that glisten with ethereal whiteness like gems in the sunlight. One of the grandest and most striking of all hardy and decorative plants. Well worth 50c.; our price is 15c. each, 2 for 25c., postpaid. Large plants 25c.; to 50c. to 75c. each, shipped by express not prepaid.

Sweet Scented Shrub

(Calycanthus.) Of spreading growth bearing throughout the summer great numbers of double, dull brownish purple flowers of exquisite aromatic strawberry-like fragrant. The wood and leaves are also sweetly scented, which causes it to be known also as Sweet Scented Shrub and Strawberry Shrub. Each 15c.; 2 for 25c., postpaid.

Swainsonias--Swan Flower

Alba. This is a very beautiful plant and a real gem; both for flower bed and house culture; flowers are pure snowy white and borne in pretty sprays all over the plant; will thrive and bloom with the greatest profusion, Summer and Winter, in garden or house. Price, 15c. each; 2 for 25c., postpaid.

Rosea. Same as Alba except in color, which is bright rich rosy red. Very handsome. Price, 15c. each; 2 for 25c., postpaid.

Red Spiraea

Perpetual Bloomer

(Anthony Waterer.) A fine, hardy, perpetual blooming shrub, particularly desirable for the door-yard and lawn; makes nice shapely bushes 2 to 3 feet high; begins to bear its large flat clusters of rich rosy red flowers almost as soon as planted and continues blooming at short intervals all through the Summer and Fall. Makes nice single specimens, or may be used for ornamental hedges, etc. Fine plants 15c. each; 2 for 25c.

Bridal Wreath Spiraea

Hardy and Beautiful

(Prunifolia.) Flowers white and double like little Roses, and produced in wonderful profusion, in long sprays, the entire length of branches. A beautiful floral wreath is made at once by bending and tying the ends of the branch together. One of the most beautiful hardy shrubs in existence. Fine plants, 15c. each; 2 for 25c.; postpaid.

The Strawberry Geranium

(A Lovely Plant for Baskets and Vases.) One of the handsomest plants imaginable, a gem of many colors, exceedingly rare and beautiful. Leaves nearly round, and striped freely with silver bands—blooms white, of great beauty and borne in spikes nearly 12 inches high; of easiest growth. Adapted for hanging baskets, vases, etc. Will stand neglect and mistreatment and grow very rapidly in sunny place or shade. 10c. each; 3 for 25c., postpaid.

Strawberry Guava

A
Marvel
of
Beauty

Strawberry Guava

A magnificent pot plant, blooms and fruits continuously. It has thick, shining evergreen, camelia-like foliage, and pure white flowers of an agreeable odor. The fruit is large, of beautiful claret color; the flavor is most delicious and aromatic, resembling that of the Strawberry. Used as a dessert fruit, also for preserving; makes jelly of delicious quality. Strong plants. 20c. each postpaid.

Violets

Princess of Wales. The largest and best of all single sorts. Delightful perfume. Color, a rich violet purple; a vigorous grower with healthy foliage and long, stiff stems. 10c. each; 3 for 25c., postpaid.

Lady Campbell. Deep purple; fine, large double bloom. 10c. each; 3 for 25c., postpaid.

Marle Louise. The favorite Winter-flowering variety; not hardy in the North; flowers double; rich purple; stems long; foliage rich, dark green. 10c. each; 3 for 25c., postpaid.

Swanley White. Pure white; large; double; very fine. 10c. each; 3 for 25c., postpaid.

Violets, Double Hardy Russian. Perfectly hardy; should be planted in open ground, needing no protection during Winter. The flowers are large, very double, deliciously fragrant, and of a deep shade of purple. Blooms in immense masses, the plants being almost covered with flowers for about four weeks. Fine plants. 15c. each; 2 for 25c., postpaid.

Violet; Double Hardy Russian

Monstrous Tuberoses

Tuberoses

Monstrous Flowering. A most delightfully fragrant and beautiful summer-flowering bulb. Our select strain of bulbs has no equal and will produce the best and sweetest scented flowers ever seen. Bulbs of good size, each 5c.; per doz. 40c.; per 100, \$3.00, postpaid. Mammoth Bulbs 10c., 3 for 25c.; per doz. 75c., postpaid.

Tigridia

Peacock, or Shell Flower

One of the most showy of all summer bulbs, and blooms from mid-summer until frost, growing two feet high, with large wide-open triangular blooms, four to six inches across. The colors and markings are very brilliant and peculiarly odd and attractive, and clumps of them in the border make a gorgeous effect. Each 5c.; doz. 50c., postpaid.

Lemon Verbena

A universal favorite and invaluable for the fragrant leaves. They will retain their fragrance for years when dried. As a plant for the garden or for pots it is equally valuable. They flower profusely, and each plant in good, rich soil will cover a space of 3 to 4 feet in diameter, producing, if the blossoms are removed as soon as they begin to fade, a mass of bloom continually. Strong and healthy plants only 10c. each; 3 for 25c. postpaid.

Zephyranthes

Known as "Fairy Flowers." They are among our beautiful bulbous plants; very effective for planting out in masses in Spring, flowering with great profusion during the Summer. Try a few of them this year and you will be pleased. Each 5c.; doz. 50c., postpaid.

Tigridia (Peacock Flower)

Philadelphus (Mock Orange) The Fragrant Syringa

BEST

SEEDS

Coronarilus. A well-know hardy shrub of strong vigorous habit, that will grow almost anywhere. Very desirable for individual planting and for all shrubby effects. This old-time favorite, its wealth of creamy white flowers and rich orange blossom fragrance is one of the first to bloom and should be included even in the smallest collection. Price, each, 15c., postpaid, 2 for 25c.

New Fragrant Syringa

Weigelia Eva Rathke A Grand New Everblooming Variety

The finest Weigelia in cultivation. A variety that is at once a remarkably free bloomer, flowering continuously throughout the summer and autumn; of an entirely distinct color, being rich ruby-carmine, quite different from anything heretofore offered. An excellent showy variety, is almost as fine as an Azalea. Price, each, 15c.; 2 for 25c.; postpaid.

California Privet A quick growing shrub, yet easy to control by use of shears or knife, to any desired shape. Fine for hedges between city lots, on large rural lots, parks, cemeteries, in single clumps or with other shrubs; also as screens to outbuildings, fences, etc. Very hardy, easy to grow on all soils, even partial shade; almost evergreen, its rich, leathery-green foliage changing to purple in winter. Price, good strong plants, postpaid, each, 10c.; doz. \$1.00. Price by express at buyer's expense, select plants 15 to 18 in. high \$3.50 per 100, 18 to 24 in. high \$5.00 per 100.

Amoor River Privet (*Ligustrum Amurense*). A remarkably vigorous grower, compact and regular in form, with glossy wax-like foliage; a beautiful shade of green. It is by many recognized as the "Ideal Hedge Plant." Price, good strong plants, postpaid, each, 15c.; doz. \$1.50. Prices by express at buyer's expense, select plants 15 to 18 in. high \$7.50 per 100, 18 to 24 in. high \$10.00 per 100.

Japanese Barberry (*Berberis Thunbergii*). This is the most valuable for making a low dwarf hedge. It is of low, regular and compact growth and requires very little pruning. It has fine thorns and small round rich leaves that change color in the Autumn to a fiery crimson. The hedge is made still more beautiful by great numbers of pretty drooping yellow flowers which are followed by bright red berries. Strong plants, postpaid, each, 10c.; doz. \$1.00. Price by express at buyer's expense, select plants 12 to 14 in. high \$6.00 per 100, 14 to 16 in. high \$8.00 per 100.

Buckthorn (*Rhamnus Catharticus*). We consider Buckthorn the best and hardiest hedge plant for the Northwest and extreme colder sections of the country. It stands in the coldest winters without a particle of injury, commences growth very early in the spring. Prices by express only at buyer's expense, select strong plants, 18 to 20 in. high \$7.50 per 100, 20 to 24 in. high \$10.00 per 100.

The Great Cemetery Plant

Shasta Daisy

The Best Perennial Plants

For Permanent Planting in Borders or Beds. They are Perfectly Hardy, and do not have to be taken up every fall, or replaced every Spring. Last for Years and are Especially Useful as Cut Flowers.

NOTE. At Prices quoted we send by Mail, Postpaid.

The Great Cemetery Plant. One of the very best white flowered plants for the border. The flowers are borne in the greatest profusion the entire summer on strong, erect stems, pure white in color. Each 10c.; dozen \$1.00.

Baby's Breath. (*Gypsophila Paniculata*). A beautiful old fashioned plant possessing a grace not found in any other perennial. Beautiful pure white flowers. Each 10c.; dozen \$1.00.

Bleeding Heart. (*Dicentra*, or *Dicentra*). An old fashioned favorite; its long and graceful heart-shaped pink flowers are always attractive. Each 15c.; dozen \$1.15.

Corn Flower Aster. (*Stokesia*). Handsome lavender-blue Cornflower-like blossoms, which measure from 4 to 6 inches across. Each 10c.; dozen \$1.00.

Shasta Daisy. Flowers range fully double to single; and in color from pure white to pale lemon yellow—some solid color, some prettily variegated with yellow discs. The plants are extremely productive of bloom, which continues throughout a long season. Each 10c.; dozen \$1.00.

Canterbury Bells. (*Campanula Medium*). An old time favorite. Our stock has been grown from the very finest strains. Each 10c.; dozen \$1.00.

Coreopsis. (*Lanceolata Grandiflora*). One of the most popular hardy plants. The flowers are rich golden yellow and are invaluable for cutting; continues in bloom the entire summer and fall. Each 10c.; dozen \$1.00.

Bleeding Heart

Fox Glove

Delphinium, or Larkspur. (*Formosum*). They are about the only hardy blue flower of any note, and have a long season of bloom. Each 10c.; dozen \$1.00.

Fox Glove. (*Digitalis*). Another good old fashioned but dignified and stately perennial. The strong flower stalks, often four to six feet high, always give an appearance of strength wherever planted. Each 10c.; dozen \$1.00.

Gaillardia Grandiflora. One of the showiest and most effective hardy plants, about two feet high, and continuous bloomers from June till cut down by the frost. The flowers are of gorgeous coloring; the center is of dark red-brown with petals marked with rings of brilliant crimson, orange and vermillion, and often a combination of all in one flower. Excellent for cutting. Each 10c.; dozen \$1.00.

Golden Glow. (*Rudbeckia*). It is a question whether any other hardy perennial has ever met with greater popularity than this. It is a strong, robust grower, of five to six feet, and produces masses of double golden yellow cactus dahlia-like flowers from July to September. Each 10c.; dozen \$1.00.

Hollyhock. Few hardy plants combine as many good qualities as the Hollyhock. The flowers form perfect rosettes of the most lovely shades of color. It requires a rich, deep soil, well drained, and will repay in quantity and elegance of bloom any extra care. A slight protection during the Winter will be beneficial. Bright Double Red, Double Yellow, Double Pink, Double White, Double Mixed. Prices, Mixed or Separate Colors, 10c. each; \$1.00 per dozen.

The Best Hardy Perennial Plants—Continued

Paeony—Zada

Hardy Garden Pinks

Perennial Phlox

Paeonias

The "Pineys" that grew in Grandmother's garden, while still popular because of their early flowering, have been eclipsed by the wonderful sorts introduced in recent years, and we find that the following varieties are admirably suited for all purposes.

Venus. An elegant double-white of the purest color. Of immense size and queenly in its splendor. Select plants, price, postpaid, 25c. each.

Zada. A delicate soft pink of exquisite shade and great beauty. Select plants, price, postpaid, 25c. each.

Chieftain. The finest red variety—being a deep rich red of rare beauty. Select plants, price, postpaid, 25c. each.

Special Offer The above set of Three Hardy Paeonias, prepaid by mail, 50c.

Japanese Iris

(Iris Kaempferi)

The most gorgeously colored plants in existence; beautiful. Our stock is especially fine—all imported direct from Japan. Price, choice mixed all colors, each 20c.; doz. \$1.75, postpaid.

German Iris

Splendid for the flower bed; entirely hardy, blooms early in the Spring. Large crane-like flowers, sky-blue, yellow, orange and white in beautiful combination. Price, mixed colors, 10c. ea. 75c. doz., postpaid.

Hardy Garden Pinks

Old favorite bearing their sweet clove-scented flowers in the greatest profusion during the Summer months. Each 10c.; doz. \$1.00, postpaid.

Sweet William

Japanese Iris

Our Fancy Hardy Perennial Plants are easily grown and very satisfactory bloomers. Try some and be convinced

Sweet William

(Dianthus Barbatus).

Beautiful old-fashioned favorite border plant. The stock we offer has grown from a select strain; various colors. Select plants, 10c. each; \$1.00 doz.

Tritoma

(Red Hot Poker Plant; Flame Flower, or Torch Lily).

Surpasses the finest Cannas for attractiveness and brilliancy; blooms incessantly from August until November. Plants show from 6 to 10 grand flower stalks all the time, each holding at a height of 3 feet a greater cluster of flame-colored flowers. Prices postpaid, 10c. each; \$1.00 per doz.

Tritoma

SEEDS

Hardy Phlox

Although there are quite a number of different varieties and colors, we have confined ourselves to six of the newest and rarest sorts, which are without doubt the choicest and most distinct assortment that has ever been offered. Price of the Following Choicest Varieties, 15c. each; \$1.50 doz.

Selma. Medium tall variety. Dark stemmed, light salmon color with violet eye.

Coquelicot. Beautiful orange red and scarlet variety with distinct violet eye.

Pantheon. The peerless pink. Extra large, flat flowers of salmon pink.

Chateaubriand. Pure white with crimson, carmine eye, shading to violet purple.

F. G. Von Lassburg. The purest white in cultivation.

Inspector Pelker. Purplish mauve washed in white.

Perennial Poppy

Nothing can equal these Poppies during their period of flowering for a gorgeous display of a rich brilliant coloring, and the freedom with which they bloom render them conspicuous in any position. Select plants, 15c. each; \$1.20 doz.

Clematis Paniculata

Hardy Climbers

Ampelopsis Veitchii

Boston Ivy or Japanese Ivy.

The finest climber for training over brick walls, as it clings firmly to the smoothest surface covering it smoothly and densely with fresh, green, heart-shaped leaves in Summer, which change in the fall to the bright Autumn colors. It likes a rich soil. Quite hardy, but requires a slight protection in Winter in our climate.

Strong plants, each 15c.; 2 for 25c.; postpaid.

Jackmani

Please send in your order today.
If you wish us to hold Plants for later shipment, we will do so.

Clematis

Paniculata. (Sweet-scented Japan Clematis.) One of the finest hardy climbers. Of rapid growth, quickly covering trellises and arbors with handsome, clean, glossy green foliage. Flowers of medium size, pure white, borne in immense sheets; of a most delicious and penetrating fragrance. The flowers appear in late Summer at a time when few other vines are in bloom. Strong, 2-year-old roots, 35c. each.

Jackmani. Flowers dark, rich, royal purple; very free bloomer; best known and most popular. Strong, 2-year-old roots, 50c. each.

Henryii. Best single-flowering white. Robust habit, fine bloomer; large, finely formed flowers; very hardy. Strong, 3-year-old roots, 50c. each.

New Red Clematis. (Mad. Edouard Andre). Strong, vigorous grower, being a hybrid of the popular Jackmani. Thousands of flowers produced on a single specimen plant; blooms of large size; color a most distinct, striking carmine red. Strong, 3-year-old roots, 50c.

Standishe. Most exquisite lavender-blue of large size, often measuring 6 inches across. Thousands of flowers may be produced on a single plant. Strong, 3-year-old roots, 50c. each.

The Wonderful Japanese Kudzu Vine

If you wish a vine that will grow anywhere, in the best and poorest soil, try the Japanese Kudzu. It will flourish where nothing else will grow, and will last for twenty-five years or more. This vine has been given much notice of late on account of its enormous annual growth.

Shoots of 50 feet in a season are not at all uncommon. It is such a rapid grower that it must have lots of room. What it wants is a pergola, or something on which it can entwine itself to reach the top of a tall building or tree; it wants no enticement to make more growth than any other vine in cultivation. The foliage is not unlike that of the Lima Bean, but it belongs to the family of Wistarias, and, like those vines, has racemes of flowers 6 to 8 inches in length; the blossoms are purplish rose colored and fragrant. But instead of the racemes drooping, as they do in Wistaria, they are erect. The plant when in bloom, continues to flower for about six weeks, when grown to something overhead, such as a pergola, the flowers are free to the vision, but when growing to a tree, or similar object, the growth is so rapid as to overlap the blooms, and one sometimes does not know the vine is flowering till admonished to look for the flowers by the odor when passing, or those that have fallen. It is a most useful vine because of its rapid growth, and one which may be considered quite hardy, as, no matter if its shoots are hurt by cold, it springs up and grows like magic as the season opens. Strong, we'll started plants, each 15c.; or 2 for 25c.; doz. \$1.30.

Chinese Wistaria

Perfectly Hardy; Strikingly Beautiful

One of the most elegant and rapid growing of all climbing plants; attains an immense size, growing at the rate of 15 to 20 feet in a single season. Bears an abundance of long, pendulous clusters of purple-lilac flowers in May and June and again in Autumn. Large, 2-year-old plants, 35c. each.

Matrimony Vine

A most vigorous, hardy, climbing plant, with purple flowers, which are succeeded by beautiful scarlet berries nearly an inch long. Each, 25c. postpaid.

Wonderful Japanese Kudzu Vine

The Best Strawberry Plants

Our plants are all strong, vigorous stock, and cultivated entirely for the production of plants. Carefully graded, handled and packed and certain to give satisfaction.

Notice. All varieties marked (S) are Staminate, Perfect Flowering and Bi-Sexual Varieties.

All varieties marked (P) are Pistillate and destitute of Stamens.

Therefore, when planting varieties marked (P) it will be necessary to have every third row a Perfect Flowering or (S) variety to properly fertilize the bed. Much finer fruit will be obtained by so doing.

When We Ship Strawberry Plants. In this locality Strawberry Plants are ready for shipment the latter part of March and in April. We can also make Fall shipments the latter part of September and in October. **Be sure to state the exact date you want your plants shipped when ordering.** Otherwise we will use our best judgment.

New Strawberries

Any of the following excellent varieties, postpaid by mail, doz. 27c.; 100—83c.; not prepaid, 100—95c.; 1000—\$4.97.

Chesapeake. (P) One of the best late varieties in cultivation. Uniform, medium sized berries.

French Everbearing. (S) Medium early, fruit good size; color rich, glossy red; hardy; abundant and continuous bearer.

Fendall (F) Medium early. Unexcelled for productiveness, beauty, symmetry of form and quality; fruit large, bright red; sweet and delicious.

Great Northern. (S) Extra early; healthy grower; great yield; color beautiful glowing red; berries large size.

Great Ruby. (P) Very early; fine shape, size and color; rich flavor and prolific.

Heritage. (S) Largest berry on earth; very productive; fruit dark, lustrous shade of crimson; fine sweet flavor; excellent for market or canning.

Highland. (P) Great money-maker; second early, large fruited variety; bright scarlet color; enormous cropper; vigorous grower.

Longfellow. (S) Medium early; a new large sweet and most delicious berry.

Miller. (S) Medium to late; one of the most popular berries for the family garden; large conical form; dark red.

President. (P) Mid-season to late; a famous variety; large size; uniform shape; rich crimson color; firm and solid.

Pride of Michigan. (S) Best late; large fruited, very thick meaty, rich red variety; uniformly smooth; delicious flavor; fine canner; ideal shipper.

Rough Rider. (S) Main crop; berries very large; color rich, dark red; enormously productive and hardy.

Great Northern

Standard Strawberries

Any of the following varieties postpaid by mail, 25c. a doz., 75c. per 100. Not prepaid, 100—55c.; 1000—\$3.35.

Early Varieties

Bederwood. (S) Bright scarlet. Climax. (S) Large, uniform, good color; fine flavor.

Crescent. (P) Berry large; color good; very productive.

Michel's Early. (S) Very productive.

Mid-Season Varieties.

Auto (P) A new variety of strictly high dessert quality. A strong grower on sandy and light soils.

Bubach. (P) Well known, popular sort; famous berry for table and market; heavy cropper.

Challenge. (S) Splendid large new berry; dark red; extra fine.

Clyde. (S) Very productive; fine large, dark red; extra fine.

Glen Mary. (S) Large, bright red berries; very firm. A fine market sort.

Joe. (P) Very large, medium red, good quality.

Nick Ohmer. (S) Dark, glossy red; excellent flavor.

Senator Dunlap. (S) Large attractive fruit. Medium early. Plants of vigorous growth.

Sample. (P) Large size, conical in shape, regular form. Gives the best of satisfaction in all sections.

Sharpless. (P) Very large; shape irregular.

Wm. Belt. (S) Brilliant glossy red; large. Fine quality.

Late Varieties.

Brandywine. (S) Conical, glossy red; very firm. **Commonwealth. (P)** A superb berry rivaling the Chesapeake for quality. Most productive of the very late sorts.

Gandy. (S) Large, bright red berries. Very late. Extensively planted for market purposes.

Longfellow

President

Senator Dunlap

POT GROWN STRAWBERRY PLANTS

A Pot Grown Plant
Notice the roots

SET OUT IN SUMMER, WILL BEAR A FULL CROP NEXT SPRING
A saving in time of two years is made by using Pot Grown Plants.

Send in your orders for Potted Strawberry Plants at once, so that we can reserve our Best Plants for you and ship as soon as ready.

Our Fancy Potted Plants will be ready on and after July 25, and if set out before Sept. 15, will grow into fine plants and bear a full crop of luscious fruit the next season, gaining two years over the usual way of planting "ground layer" plants, which is certainly worth much more than the slight difference in first cost. We guarantee safe arrival of all plants shipped by express.

NOTICE

Potted Plants are above comparison to the varieties usually sold. These Special Plants are carefully selected and of fine size and color and, best of all, have fine strong roots.

Great Northern—(S)—Extremely early. It is a strong, robust, healthy grower with everlasting foliage and perfect blossoms. Very early to ripen; a great yielder. The berries are of uniform large size, of delicious sweet flavor. Its extreme earliness helps to give it its extra sweetness. Color a most beautiful glowing red. Price by Express, not prepaid, Dozen 56c.; 100—\$3.75; 1000—\$32.50.

Great Ruby—(P)—Very early. Fine shape, size and color; wonderfully prolific; continuous bearer, rich flavor. Price by Express not prepaid, Dozen 56c.; 100—\$3.75; 1000—\$32.50.

French Everbearing St. Joseph—(S)—Medium early. Fruit of good size, color rich, glossy red; berries are firm, very juicy and of a sweet sparkling flavor. The plant is hardy, an abundant and continuous bearer. Price by Express, not prepaid, Dozen 45c.; 100—\$3.00; 1000—\$25.00.

Rough Rider—(S)—Main crop. Enormously productive and hardy. Berries very large, roundish but elongated—somewhat flattened and pointed. Color, rich dark red. The firmest and latest Strawberry. Price by express, not prepaid, Dozen 45c.; 100—\$3.00; 1000—\$25.00.

A Pot Grown Strawberry in Full Fruit

Raspberries

Columbian. New, dark red color, rich flavor, very large size. An excellent shipper, and the best for canning and drying. Late. 10c. each; 90c. doz., postpaid.

Cuthbert. The most extensively planted Red Raspberry. Fruit bright red, good and very large, bush very vigorous, hardy and prolific. Medium to late. 10c. each; 85c. per doz., postpaid.

Cumberland. New. The largest Black Raspberry known, averaging $\frac{3}{4}$ inches in diameter. Good and firm as the Gregg, but the bush is harder. A strong, vigorous grower and wonderfully productive. Midseason. 10c. each; 90c. per doz., postpaid.

Golden Queen. Similar to the Cuthbert (of which it is a seedling), except in color, which is what its name implies. Very large, hardy, vigorous and productive. No garden should be without it. 10c. each; 90c. per doz., postpaid.

Haymaker. Purple cap of large size and superior firmness. Not excelled for home use, marketing or canning. 10c. each; 85c. per doz., postpaid.

Miller. Bright red; large, rich flavor. Early to ripen, fine for market. 10c. each; 75c. per doz., postpaid.

Golden Queen Raspberry

Strawberry Raspberry

Strawberry Raspberry

Tree Strawberry

A very beautiful fruit from Japan. Bush from 18 inches to 2 feet in height, entirely hardy. The berries are larger than the largest strawberries, bright, shining scarlet. It makes delicious jelly, jams and tarts, having a delicious flavor entirely different from any other fruit. Price, 15c. each, or \$1.00 per dozen, postpaid.

Improved Russian Mulberry

Fruit larger than blackberries and of delicious flavor.

Fruit has a fine, aromatic flavor and sub-acid, sweet taste, and is used for dessert as we use blackberries or raspberries. A beautiful, quick growing tree for the lawn, while the fruit is valuable for table use. Price 10c. each, or 3 for 25c. postpaid.

Hybrid Berry Phenomenal

Originated by Luther Burbank

"The greatest wonder of all." It tastes and looks like both the Raspberry and Blackberry. It is one of the most remarkable of all new fruits seen during this generation. A berry of sterling worth in every particular. It has a bright crimson Raspberry color, is as productive as could be desired, and the most delicious of all berries for canning and drying. The berries growing in clusters of 5 or 10 or more each, and the individual berries measure 3 inches around one way, by 4 inches the other way, and weigh one-quarter ounce each. Price, 15c. each, or \$1.00 per dozen, postpaid.

New Logan Berry

(Blackberry Raspberry)

The fruit is as large as the largest sized Blackberry, of the same form and shape, and the color, when fully ripe, is a dark bright red. It partakes of the flavors of both the Blackberry and Raspberry, having a very mild, pleasant flavor. It is excellent for the table and the seeds are very small and not abundant. The fruit is extremely firm and the vines are enormous bearers. The fruit ripens and is gone before Raspberries and Blackberries become plentiful. Always sells at highest prices. Vines are rust proof and without objectional thorns, and are never attacked by insects. Price 15c. each, or \$1.00 per doz., postpaid.

Improved Russian Mulberry

Hybrid Berry Phenomenal

New Logan Berry

Blackberry, Eldorado

Blackberries

Eldorado. Fruit large and of exceptional quality and productiveness. Late. 10c. each or 60c. doz., postpaid.
Erie. One of the largest; thrifty, hardy and productive. Fruit jet black. 10c. each, or 75c. doz. postpaid.
Ward. The best fruit; is very large; jet black and of excellent quality. Plant productive and entirely free from rust. 10c. each, or 60c. doz., postpaid.

Dewberry, Lucretia.

Dewberry

New Lucretia. Sometimes called creeping blackberry. Very hardy. Ripens ahead of any of the blackberries. Fruit 1½ inches long; sweet and melting. 10c. each, 75c. doz. postpaid.

Perfection Currant

Currants

Perfection. Color a beautiful bright red; a great bearer, with rich sub-acid flavor; plenty of pulp and few seeds. Best Currant lately introduced. 20c. each, or \$1.75 doz., postpaid.

New Cherry. A prolific and profitable market currant, with large red berry; the handsomest of all currants. Very desirable for jelly-making purposes. 15c. each, or \$1.25 doz., postpaid.

White Grape. Bears large clusters of yellowish white currants. Excellent quality and prolific. 15c. each, or \$1.25 doz., postpaid.

Black Champion. The leading tested black Currant. The berry and bunch are very large and of most excellent quality. 15c. each, or \$1.25 doz., postpaid.

Rocky Mountain Cherry

Grapes

Campbell's Early. The berries are large, often an inch or more in diameter, glossy black with a purple bloom, sweet and juicy with few seeds. Price, strong plants, 20c. each; or \$1.75 doz. postpaid.

Moore's Early. The bunch is large, round and with a black-blue bloom. In quality surpassing the Concord. Price, strong plants, 15c. each, \$1.25 doz. postpaid.

Concord. The well-known standard black-blue variety. It succeeds wherever Grapes are grown. Price, strong plants, 15c. each, or \$1.25 doz., postpaid.

Campbell's Early Grape

Rocky Mountain Cherry

One of the greatest novelties in the fruit line ever introduced. It bears every year and is as prolific as a currant bush. The fruit is a rich red and changes to almost black when ripe, of good size, fine flavor and unsurpassed for preserves or eatings from the hand; season of ripening being after all others are gone. In flavor, is akin to sweetest cherries. 15c. each, 3 for 35c., postpaid.

McPike. The perfection of grapes. Superior sort. Black. Price, strong plants, 20c. each, or \$1.75 doz., postpaid.

Niagara. The profitable standard white market grape. Price, strong plants, 20c. each, or \$1.75 doz., postpaid.

Worden. A large grape of the Concord type, but 5 to 10 days earlier. Price, strong plants, 15c. each, or \$1.25 doz., postpaid.

Gooseberries

Price plants, 25c. each; or \$2.50 doz., postpaid.

Downing. One of the best. Fruits large, pale green and of excellent quality. A reliable cropper and profitable market berry.

Industry. The best English Gooseberry yet introduced. Large, dark red, fine flavor.

Red Jacket. Splendid sort. Sure cropper and immense yielder. An American sort, adapted to this climate. Color bright red.

Downing Gooseberry

Poultry Foods

Shipped by Express or Freight, not pre-paid.

Chick Feed. A perfect food, for young growing chicks, composed of various kinds of grains, grits and other nutritive foods, making it the most complete and cleanest chick feed on the market. Price per 25 lb. bag, 75c.; 50 lbs. \$1.10; 100 lbs. \$2.10.

Poultry or Scratch Feed. Carefully selected and graded, properly proportioned and the best all around poultry food and scratching feed. 25 lb. 65c.; 50 lb. \$1.05; 100 lbs. \$1.94.

Alfalfa, Clover Meal. This is the latest and best food for all kinds of poultry. It is alfalfa pure as can be had, finely ground, and should be mixed with other kinds of feeds, and being light, it makes very nutritious food and is also an egg producer. 25 lb. 65c.; 50 lb. \$1.05; 100 lb. \$1.95.

Cracked Kaffir Corn. This is probably one of the best, as well as the cheapest, food for hens, chickens, or pigeons, and is fast taking the place of other grains

for poultry food. Try it. 25 lb. 60c.; 50 lb. \$1.00; 100 lb. \$1.85.
Granulated Bone. Fresh cracked bone, without any meat will keep for any length of time. Should always be kept in a box where the hens can get it. 25 lb. 75c.; 50 lb. \$1.30; 100 lb. \$2.45.
Cracked Charcoal. To keep fowls in a healthy state a regulator of some kind must be fed. Nothing takes the place of Charcoal in this respect, as it purifies the blood, aids digestion and tones up the whole system. No matter whether your fowls are young or old, give them an occasional feed of Charcoal. 25 lb. 90c.; 50 lb. \$1.40; 100 lbs. \$2.65.
Special Poultry Grit. Acts as a tonic and contributes largely to the health and productive power of the fowl. 25 lb. 30c.; 50 lb. 50c.; 100 lb. 90c.
Crushed Oyster Shell. The most frequent cause of hens not laying is the absence in the food of carbonate of lime. As crushed oyster shell is practically pure carbonate of lime, it supplies, when fed to poultry, the most essential element, and greatly aids in the formation of the egg. 25 lb. 25c.; 50 lb. 40c.; 100 lb. 72c.

Rockford
Unexcelled Fertilizer
for the Lawn

A perfect dressing for all lawns, producing a rich green color, thrifty and vigorous growth throughout the entire season. It does the work of twenty times its weight of barnyard manure. Does it better, quicker and cheaper and lasts longer. Does not disfigure your lawn with an unsightly ill-smelling mass. Contains no weed seeds. Is easily applied.

Directions for use. The first application should be made early in the Spring, as soon as the frost is out of the ground, at the rate of 25 pounds of fertilizer to every 1,000 square feet of lawn, evenly distributed. For seeding down a lawn scatter double the amount, say 50 pounds of fertilizer, broadcast on every 1,000 square feet, and rake it in thoroughly before sowing the seed. Price, postpaid, 1b. 20c.; by express or freight, not prepaid, 5 lbs. 30c.; 10 lb. 50c.; 25 lb. \$1.00; 50 lb. \$1.50; 100 lb. \$2.75.

Bone Flour

One of the best fertilizers known. As a lawn dresser it is unsurpassed. Should be applied at the rate of one pound to fifty square feet of lawn. An excellent fertilizer of all house plants and garden truck. Postpaid, 1b. 20c.; by express or freight, not prepaid, 5 lb. 30c.; 50 lbs. \$1.75; 100 lbs. \$3.00.

LANG'S
HAND
WEEDER

The special advantage of this over all other weeders of this class is that it has a band which passes over the fingers, which, when the tool is not in use, gives full use to the hand for pulling weeds and thinning out plants with out laying down the tool. It is neatly and strong-ly made.

Hammond's Slug Shot

Sure to destroy Potato Bugs and those on Tomatoes and Egg Plants, Currant Worms, Cabbage Lice and Worms, Fleas, Beetles and Striped Bugs on Melons, Turnips, Beets, Onions, etc. Also a preventative of the rose bug and cut worm. Use in the morning while the dew is on. post-paid, lb. 15c. by express or freight, not prepaid, 5 lb. 30c.; 10 lb. 50c.; 100 lb. \$4.25; 1000 lbs. \$40.00.

XX Insect Soap

For House and Garden Plants. A wonderful insect pest exterminator and unsurpassed for use on all plants and flowers in and out of doors. It is harmless and non-injurious to the tenderest growth and can be used with perfect safety on all plants. It also acts as a valuable fertilizer in reviving and giving new life to partly de-seased plants, prevents leaves from dropping and foliage turning yellow. It is odorless, clean and easy to handle—a small piece dissolved in luke warm water, and stirred well until it suds then applied to plants, either with a spray, or washed well with a soft sponge, is all that is necessary. It is a wonderful invigorator, producing luxuriant, healthy growth and more brilliant flowers. Price, 4 oz. package, sufficient for two gallons prepared solution, mailed postpaid for 25c.

Tobacco Dust

One of the best remedies for green and black aphids, fleas, beetles, etc. Lb. 25c.; postpaid.

Plant Sprinkler

For sprinkling cut flowers, seedlings, plants, clothes, etc. They are made of very best grade of rubber and are very desirable. Straight Neck, 90c.; Crook Neck, \$1.00, postpaid.

FREE Complete Illustrated Catalogue of all Farm and Garden Tools at bargain prices. If you need tools of any description, send for copy of this Book and save money.
